

# Blood Visits Slated

A reminder to local residents to support the Red Cross blood program throughout the summer was issued this week by Keith Watson, Red Cross board chairman for the Harbor area.

"Summer means vacations for most of us, but we shouldn't forget the sick and injured who need blood just as much as ever," Watson said.

To help meet community blood needs, Red Cross is scheduling seven bloodmobile visits in the area during July. One of the visits will be open to the public.

A blood collection facility will be stationed at the Elks Lodge, 1755 W. 162nd St., Gardena, Wednesday, July 2, from 2 to 6:30 p.m.

The remaining six bloodmobiles will visit the following local industrial sites: AIR-search Corp., July 11; Sears-Del Amo, July 14; Todd Ship-yards, July 18; Cannery Work-ers, CIO Local 142, July 25; Turco-Purex Corp., July 28; and Johns Manville Corp., July 30.

# Seminar Set for Educators

High school, junior college, college, and university administrators are being invited to a seminar on laws applicable to campus disruptions Sept. 3 and 5, sponsored by the Los Angeles County District Attorney's Office, District Attorney Evelle J. Younger has announced.

The seminar will take place in the Los Angeles County Hall of Administration, with high school officials meeting on Sept. 3 and administrators of junior colleges, colleges, and universities gathering Sept. 5.

Younger noted that "in recent months, administrators have been subjected to great pressures as a result of various types of demonstrations and have been called upon to make decisions that directly affect law enforcement and the administration of justice.

"We believe that by conducting the seminar our office can render a community service, and we will have experts from law enforcement agencies, the courts and the educational systems participating in panels," said Younger. Various members of the district attorney's office will also participate, he concluded.

# Numbers Changes Explained

"SSAN" is the way the new rubber stamp reads when it goes down on a Red Cross form.

It stands for "Social Security Account Number" and it means the men and women in the Army and Air Force are getting a different kind of identification. Army and Air Force serial numbers used for individual identification will be abolished as of July 1. The Navy will continue to use service numbers until Dec. 31, and the Marines will not change until 1971.

The change from service serial numbers to social security numbers is important to Red Cross because service to members of the armed forces and their families is the most far reaching activity of the voluntary organization.

Families seeking assistance from Red Cross will now need to know the social security account number of their Army or Air Force member for all emergency communications, records and requests, according to Walter Gagola, director of Service to Military Families for Los Angeles Chapter.

"To make sure no communications go astray, Red Cross will use both numbers for Army and Air Force personnel until Dec. 31," Gagola said.
