Introducing two great new economy cars:

the 1969 Renault-16 Sedan-Wagon.

$2495

You can own the Renault-16 for $2495. A sedan you could buy for its looks alone. That becomes a rugged station wagon with a flick of the seats. It's already a three year old success in Europe and Canada.

Maybe because of its front wheel drive system, for safety in turning, traction, plus extra interior space. Maybe because of its eight way seating arrangement, for convenience in hauling everything from Cub Scouts to furniture. Of maybe because a lot of people couldn't decide between a sedan and a station wagon and decided on both. For the price of one.
