Eddy—Pulpit and Press.
Eddy—Science and Health.
Riley—Riley Love-Lyrics.
Riley—Riley Songs o' Cheer.
Tennyson—Tennyson's Poems.

THE BOY SCOUTS
Nelson H. Reeve, scout master of Torrance Troop No. 1, Boy Scouts of America, supplies the following very interesting schedule of Boy Scouts activities:
The Scouts meet every Friday night at the American Legion hall at 6:50; respect to Flag and Country, 7; "To the Colors" is blown by Troop Buglers; 15 minutes of drilling; 1 1/2 hours of hiking which time is spent by a campfire, giving instructions in scouting; at 8:45 p. m. the Scouts are back at the hall and for ten minutes they plan their next meeting. At 8:55 the bugler blows Assembly; at 9 o'clock, respects to Flag and Country, followed by dismissal.
The Boy Scouts are a splendid organization and we hope to see Torrance Troop maintained at top notch fitness, and with a maximum enrollment. If you know of a boy who should have the advantages of scout drill and training, who is not a member of the troop, communicate with Mr. Reeve.

Mrs. Jacob Zeller, who has been in the hospital of the Good Samaritan for a couple of weeks where she had undergone an operation, is now back at the parsonage with her son, Rev. Zeller and family.

What, without asking, hither hurried whence? And, without asking, wither hurried hence! And if you would keep your hens at home; go to "Hardware" Reeve for chicken fence.

Arrested For Stealing His Own Automobile

Several weeks ago these columns carried the story of the theft of H. M. Tolson's Dodge in Long Beach. Later the machine was recovered, abandoned by the side of the road and partly stripped of its valuable parts. By an oversight the recovery of the machine was not reported to the automobile club and police of Santa Barbara and they have been watching for the wayward Dodge ever since. Now—Mr. Tolson had occasion to be in Santa Barbara last Saturday and while attending to a load of freight left his car by the roadside, and in it was about the same equipment as when stolen, namely, two guns, rope, tackle, etc. When Mose returned for his car it was gone and thinking a second theft had been perpetrated, made haste to report the loss to the police. He walked a mile and when he reached the station the perspiration was rolling off his troubled brow. To his great surprise he learned that the detectives had his car, and believe us, Mose had the battle of his life matching wits with those sleuths. After every other method had failed to convince them that he was the rightful owner of the missing car, he began to call off the numbers on the plates and gave the numbers on the engine with a rapidity that astounded even the police. He produced receipts that tallied with his wonderful memory, and proved the joke was on the officers. To prove they were repentant for their blunder the officers wined and dined Mr. Tolson at one of the fashionable cafes.

10 DAY SALE OF FORDS

caused by Mrs. Tolson moving to Huntington Beach.
Mr. and Mrs. J. A. Wolfe, of Cota avenue, with relatives from Long Beach, and friends, making a party of ten, were entertained at the Baltic Apartments, Los Angeles, Sunday. A sumptuous dinner was served to the guests at the Bull Inn on Olive street.

The Cost of the Lowest Bid

NOWHERE does false economy exact such heavy penalties from the inexperienced as it does in the employment of electrical contracting service.

The difference in the bid of the qualified, responsible electrical contractor and the irresponsible is usually only about one-half of one per cent (\$50.00 on a \$10,000.00 house).

And the householder who thinks the difference worth saving will eventually spend five times as much in repairing faulty materials and workmanship or installing additional outlets whose omission made the lower bid possible.

Cut rate contracting service is never economical. You can depend on the Qualified Contractor.
