FRANCES INGRAM
 Is Coming
 Ellison-White announce a special California Chautauqua tour of Frances Ingram, famous contralto of the Metropolitan Opera Company and formerly of the Chicago Grand Opera organization. Companion said: "The best American contralto voice I have ever heard." The Chicago Evening Journal says, "The greatest contralto of her generation." She appears in concert here on the third evening of Chautauqua with two assisting artists; Lowell Patton, pianist, and Lucile Collette, violinist. This is the first appearance of Frances Ingram on Chautauqua and her first appearance outside of the big cities on the Coast. It will be a musical event to be remembered.
SIX DAYS PACKED WITH BIG ATTRACTIONS
 Make Chautauqua week your vacation week. You will never regret it. It will be six days filled with interesting and inspiring lectures, splendid music and wholesome entertainment. Lectures by Dr. Robert Parker Miles, Dean Ellwood C. Perisho, E. B. Fish, Chief Strongheart, Dr. E. L. House and Virgil I. Shepherd. Ten concerts during the week by The Liberty Belles of Boston, Stone-Platt-Bragers Trio, Lowell Patton Company, Alexander Trio and Mary Adel Hays' Grand Opera Singers. On the fourth night a big New York play production.

REDUCTION IN RATES
 Details were received today by District Manager C. E. Houston of the rates established by the State Railroad Commission for the consumers of Southern California Edison Company, effective April 20. Largely as a result of the marked improvement in water condition and the completion of additional water power plants, economies in operation are to be made by the Southern California Edison Company which cover a reduction in rates to the consumers of from six to twenty per cent.
 Application was made by the Edison Company to the Railroad Commission for the fixing of regular rates and hearings, bearing upon all pertinent questions, were started on the 16th of September last and continued through the remainder of the year, at which municipalities, farm bureaus and consumers were represented by attorneys.
 In the establishment of reasonable rates the Commission has granted the company a return on the capital invested sufficient to permit of financing the water power developments contemplated, all of which are necessary to Southern and Central California's industrial and agricultural growth. The return granted by the Railroad Commission, in addition to being sufficient to attract the necessary new capital for development work, allow sufficient earning to safeguard the company's dividend policy of eight per cent, and a financial reserve is also provided to insure the continuity of this dividend policy.
 Many holders of the company's common stock are residents of Torrance and the surrounding territory.
 "The new schedule," Mr. Houston says, "affect all lighting, heating and power service based on meter readings, to take effect on and after April 20."
 "The lighting, cooking and industrial power indicate a reduction of approximately ten per cent over the rates that have been effective during the past year. A general reduction of approximately twenty per cent is noticeable in the agricultural schedules.
 "Notifications of the new schedules will be sent to each of our consumers in this section giving information as to which schedule service will be billed under. Where optional schedules obtain, consumers will be given a copy of each schedule, with a request that a selection be made as to which is desired, for Edison service rendered after April 20."

WANT ADV SELLS SIX HOUSES
 One want ad in the Torrance "Enterprise" and Lomita "News Letter," was responsible for the sale of six houses and lots by J. Isenstein of the Torrance Grocery. This was done after \$20 had been expended in the want ad columns of Los Angeles daily newspapers with no results. The insertion of the same advertisement in the local home papers turned the trick and now Mr. Isenstein is happy because he has made six families happy besides himself.
