

EVEN IF YOU COULD "COAST" EVERYWHERE
IN THE OLD "BUS"

IT WOULD COST YOU MORE THAN
PACIFIC ELECTRIC FARES

The Gas you burn is only a small item in your total cost of operation. Add to that the cost of oil, rubber, repairs and depreciation in the value of the machine, and see "where you are getting off."

The Government says it is costing you from
9c to 14c per mile.

You can ride the Pacific Electric way for 3c per mile for the occasional journey and for about 1 1/2c per mile for the frequent (commutation) trips.

"CAN YOU BEAT IT?"
YOU CAN NOT!

Ask any Pacific Electric Agent for the Commutation Fare on tickets best adapted to your travel. He will show you the true way to travel economy, and you do not carry the accident risk.

WORMS will take the Fry out of Poultry if not controlled. This can be done through the work of our BARNES' WORM EMULSION. It is not a medicine but a very nutritious combination that promotes the destruction of the WORMS by assimilating them. It does not stop the hens from laying, and becomes a source of profit instead of an expense. Ask for Booklet.

A MOTOR STAMPEDE OF FALL
TOURISTS HEADED THIS
WAY

All Records Being Smashed; 142 Autos Daily Enter State Via Santa Fe Trail

With 142 motor cars coming into Southern California every day since May 1 over the Santa Fe trail and hundreds more coming in daily over other trans-continental routes, the Auto Club of Southern California have begun preparations for caring for the greatest fall touring season in history.

Touring conditions are splendid for the anticipated fall touring. Conveniences for securing oil, gas and service along the various Southern California roads have never been better.

A check system maintained on the Topock Bridge over the Colorado and Arizona boundary line shows that an average of 142 autos a day have passed into part of the state via the Santa Fe trail. Recent storms, however, reports the club, have caused a slight falling off in this number.

HOW THINGS HAVE CHANGED

How time changes! Old-fashioned religion: Prayer and fasting; penance, repentance or hell and damnation. Charity, mercy, self-sacrifice, reverence.

Modern religion: Jazz sermons, church socials, noise, no exacting duties, no burdens, no self-sacrifice, organized charity, personal liberty, politics, Easter hats, film shows. Film reviews, religion for the people, not the people for religion. Bill Sunday's slang Bible.

Mrs. Givens of El Centro after spending several weeks here keeping house for her father, Chas. Wentz, while her mother was visiting relatives in the east, has returned to Brawley.

John Wilson, contractor and builder, is constructing a house on South Eshleman street on a two-acre tract for Mrs. Boyer of Los Angeles, a sister of D. Great of Flower street. Mr. and Mrs. Transchell, with Mrs. Boyer, will make Lomita their home and have a large chicken ranch.

Mr. and Mrs. J. C. Hanson, who recently came here from Superior, Wisconsin, and occupied Miss Mill's and Miss Thomas' home on Miller street during the vacation, have moved into their own home on Pennsylvania street. Their friends from Superior all worked together on Sunday and Monday, Labor Day, and rushed the building of their home to near completion so they could vacate for the teachers.

Mrs. Julia Autry reports the sale of thirty acres for the month of August and the sale of eight acres last week.
