

Railroad Epic and 'Main Street' Scheduled for Torrance Theatre

The thrilling spectacle of a forest fire sweeping forward at lightning-like speed while two express trains are rapidly tearing toward each other, with a youth pinioned under a fallen horse, is only one of the many thrills to be seen in Emory Johnson's terrific railroad drama, "Westbound Limited," coming to the Torrance theatre Sunday, Monday and Tuesday.

Ralph Lewis, the famous actor, star of "In the Name of the Law" and "The Third Alarm," plays the starring role. The railroad drama shows Ralph Lewis to enact the role of a railroad engineer.

It is an F. B. O. attraction and is replete with thrills, love, laughter, romance and suspense. Ella Hall plays the leading feminine role.

Main Street

The screen adaptation of Sinclair Lewis' novel, "Main Street," will be shown at the Torrance theatre next Wednesday, Thursday and Friday, according to an announcement of

this theatre's management. The picturization of the novel is declared to have made an unusual picture, wherein the characters of the story live vividly. It is said that the producers spared no time or expense in giving the picture the last perfect touches, even going to the extent of studying Main Street conditions and peculiarities. Harry Beaumont, who directed the picture, is himself a Main Street product, having been born in a small town.

Florence Vidor and Monte Blue play the feature roles, with a strong supporting cast made up of Harry Myers, Noah Berry, Louise Fazenda, Robert Gordon, Josephine Crowell, Gordon Griffiths, Otis Harlan and Alan Hale.

"Main Street" is the story of Carol Kennicott, who comes to Gopher Prairie, a small mid-western town, and instantly sets to changing it to her heart's desire—at least she tries to. She starts with her husband, Doctor Kennicott, whom she considers boorish and crude because he is practical.

General Pipe Line Asks Franchise, to Serve Industries

In order to pipe fuel into Torrance for the consumption of Torrance industries, the General Pipe Line Company of California Tuesday night requested from the board of trustees a franchise for a pipe line along Western avenue and 108th street. The board passed a motion expressing their intention of granting the franchise, and instructed the clerk to advertise for bids.

Trustees Table Bid From Dam Boosters

A request that the Torrance board of trustees take out a membership in the Boulder Dam association, organized to boost the great southwest project, was tabled by the board Tuesday night, pending investigation. No financial obligation is attached to membership, but the trustees wished to be sure of their ground before supporting the organization.

IRONTON HOTEL
