Endorses 'Buffalo Bill'

Torrance Cal., Oct. 5 1922
 M. McVey,
 Torrance Theatre,
 Torrance, Calif.
 Dear Mr. McVey:
 After seeing the first six reels of your serial picture entitled, "In The Days of Buffalo Bill," the teachers present discussed in detail the historical and educational value of it. They were unanimous in saying that it is very much worth while. It is a picture that brings true historical facts before the American people in an interesting and impressive way.
 I am glad to know that the Universal Film company has been induced to try an educational film of this type. The thread of romance, the thrill, and the historical facts are all presented in an effective way. I hope the production will be a financial success in every way. We need more educational truths in place of so much fiction.
 Very sincerely,
 I. W. BARNETT,
 Principal.

Alleged Passer of Bad Checks Free

George W. Robinson, formerly of but recently a visitor in Torrance, who was arrested August 25 on complaint of F. D. Murray who charged the former with passing a worthless check drawn on the First National Bank of Portland, will be given his preliminary hearing Oct. 13.
 The hearing was first set for September 25 but when the date arrived it was discovered that Robinson had been committed to the psychopathic ward of the Los Angeles county hospital for observation as to his sanity.
 He was recently released and will be given the hearing on the check charge. It has been discovered by Police Judge King of Torrance that Robinson has funds in a saving bank in Oregon and has arranged to have the case dropped if the various alleged worthless checks he is said to have passed are made good.

Prevent Fires Oct. 2nd to 9th

October 2 to 9, 1922 has been designated and set aside as "Fire Prevention Week" and everyone in the United States is asked to see that no fire of a destructive nature is allowed to do any damage. The idea is to install into the minds of everyone that what is accomplished along this line during that week could be in a great measure attained all the time.
 Fire Chief Hannebrink is asking the residents of Torrance to study the following "DON'TS" and thus fall in line with the balance of the country in assisting in preventing the greatest menace this country has:

The yearly toll of fire is 15,000 lives and close to \$500,000,000 in property loss so don't look for a gas leak with an open flame light; and don't burn papers and rubbish after 10 a. m.; don't throw away lighted cigarettes; keep matches from children; shut off electric flatirons when not in use; don't use gasoline to clean clothes near an open flame or stove; use proper electric fuses; don't use wire or tin-foil; protect walls and ceilings from overheated stoves; don't let rubbish accumulate.

THE POWER OF SMALL THINGS
 The consuming power of the American public for a low-priced popular article is astonishing. The president of a company making a 5c product expressed it as follows: There were 400,000 dealers who would normally sell his product. Cut this in half and figure that but half of them, or 200,000 did sell it. Each of these dealers had an average of 300 families who bought goods from him. If but one 5c package were sold each year to each of these families by one-half the dealers, the resulting business would be in excess of \$3,000,000 per annum on this 5c article.

Mrs. Ida B. Lincoln and Mrs. W. H. Garretson of Boulmont, Texas mother and sister of F. A. Lincoln, of Cota avenue, are here for a visit of several weeks.

ORDINANCE NO. 33
 AN ORDINANCE OF THE CITY OF TORRANCE PROVIDING FOR PROTECTION OF TREES AND SHRUBBERY ON THE PUBLIC STREETS AND OTHER PUBLIC PLACES IN THE CITY OF TORRANCE AND PROVIDING A PENALTY FOR THE VIOLATION HEREOF.

The Board of Trustees of the City of Torrance do ordain as follows:
 SECTION 1.
 It shall be unlawful for any person, firm, or corporation to transplant, remove, or in any wise injure or cause the transplanting, removal, defacing, or injury of any trees, plants, or shrubbery, located on any public street, alley, parking, or parks within the City of Torrance.

SECTION 2.
 Any violation of this ordinance shall be punishable by a fine of not to exceed two hundred dollars (\$200) or by imprisonment not to exceed thirty (30) days or both.

SECTION 3.
 The City Clerk shall certify to the passage of this ordinance by a vote of a majority of the Board of Trustees, and cause the same to be published once in the Torrance Herald, a weekly newspaper of general circulation, printed and published in the said City of Torrance, and thereafter this ordinance shall be in full force and effect.

Approved, JAMES M. FITZHUGH
 President of the Board of Trustees, City of Torrance.
 Attest:
 ALBERT H. BARTLETT
 City Clerk, City of Torrance.

REGISTRATION OF MINORS

Over 3 years of age and under 18 years of age. The school week beginning Oct. 2, 1922.
 Parents, guardians or other persons in charge of minors over 3 years of age and under 18 years of age must see that such minors are registered at a public Elementary school house in the school district in which they reside.
 The above is taken from the Political Code 1662. The law places the responsibility for the registration of the children upon the parent or guardian and not the teacher.
 The older pupils that are now attending school will make out a card for the family and take the same to the parent for signature. Where children are too young or do not attend school, to give us this information, it will be necessary for you to come to the Torrance school house between 9 a. m. and 3:30 p. m. on Monday, Tuesday, Wednesday, Thursday or Friday of this week. Please tell your neighbors who have children under school age.
 I. W. BARNETT, Principal.
 Edward P. Terry, agriculture teacher of the Torrance school the past year was transferred to Los Angeles last week, and Arthur F. Willebrandt has been assigned to fill the vacancy.
 Robert McMaster reported the loss of his Columbia bicycle, taken from the school grounds Tuesday.

WILL SERVE CHICKEN DINNER

The regular monthly meeting of the Fourth District Chambers of Commerce will be held next Thursday, October 12, at the church on Western avenue, Monnet.
 The ladies of Moneta are preparing to entertain the visitors with an elaborate home-cooked chicken dinner that will be served at seventy-five cents a plate to those only who make advance reservations. It is expected that in addition to a large delegation from Torrance and Lomita many of the city officials of Los Angeles will be guests of the garden city.
 Your friends can buy anything you can give them except your photograph. Come early and avoid the christmas rush. Modern prices. M. M. Photo & Art Studio, 945 W. Palm avenue, Gardena.—adv.

Auntie Chatter Oils Come to Help the City

It has been estimated that over six million Fords are constantly traveling the country roads and city streets of these United States. This is the statement of Mr. H. R. Gibson, the Pacific coast representative for the Lewis "Auntie Chatter" Motor Oil Company, of St. Louis.

The greatest difficulty the Ford owners have had to contend with is the chattering of the transmission bands. This condition is very aggravating in traffic where frequent starting and stopping is necessary; also on hills and in reverse; in fact, at any time the car is called upon to exert a little energy.

Mr. Lewis, the president of this company, the home offices of which are located in St. Louis, has been a constant student of Ford cars for many years. He has specialized in lubricating oils. After many experiments, a formula was discovered which resulted in Lewis "Auntie Chatter" Motor Oil. The huge success this oil has gained, and the rapid spread over the eastern states has been remarkable.

California, with its miles and miles of smooth roads covering the state like a spider web, and its thousands and thousands of cars dotting these highways makes this field the greatest of them all. The family of Lewis "Auntie Chatter" Motor Oil users will grow with leaps and bounds and out distance the tremendous success of other parts of the country.

Mr. Gibson will remain in Torrance for a few days demonstrating this oil.

About nine times out of ten the fellow who says he doesn't believe what he reads in the paper borrows the paper he does read from his neighbor.

Some of our girls once worried about a hole in the toe of their stocking. Now they worry about a hole in the knee.
