

EVERYONE SHOULD OWN A HOME; every one can own a home in California. Why not start?

OWN YOUR HOME

CALIFORNIA MAY NOT BE THE BEST PLACE TO LIVE, But an awful lot of people who can afford to live anywhere think so.

THE Advertisers on this page, each of whom represents the best example of good citizenship, and all of whom are experts in the valuation of land in their respective communities can easily convince you, if you will give them the opportunity, of the REAL ECONOMY of owning your home — of being your own landlord — of being able to look about your house and lot, your half acre or acre of growing fruit or produce and saying: THIS IS MINE, COME RAIN OR SHINE, GOOD TIMES OR BAD, NOTHING CAN TAKE THIS, MY HOME, FROM ME AND MINE.

That Fire

WHEN SODOM AND GOMORAH BURNED DOWN

Lot lost his home and practically all of his worldly possessions.

Don't be like Lot and a lot of other folks, and lose all you've got— When all you've got burns up when your house burns down

SNEAK THIEVES IN LOMITA

When Mr. and Mrs. H. V. Adams returned Sunday afternoon from Glendale, they discovered that the house had been broken into. The glass in the bath room window had been broken, and the window unfastened. The house had been thoroughly ransacked but nothing taken away but a valuable bead hand bag.

Mr. and Mrs. Lynden Lowe have moved on Walnut street, south of the Redondo boulevard.

Mrs. P. J. Mabrey of Poppy street, has returned from a week's visit with Los Angeles friends.

S. S. Van Zandt, of San Pedro was a Sunday guest at the Hans Anderson home on Poppy street.

Mrs. Emma O'Quinn and daughters Leila and Beulah spent Saturday in Long Beach.

Mr. and Mrs. Jerome Leeds and daughter Veronica spent Sunday at Redondo Beach.

Mr. and Mrs. Baron Beckham and Mr. and Mrs. Monroe Gamby spent Sunday evening in San Pedro.

Mr. and Mrs. Charles Wentz of Eshelman avenue, spent Sunday with Mr. and Mrs. Charles Beason, and other friends in Pasadena.

Mr. and Mrs. P. H. Costello of west Pine street are having the interior of their home finished and adding other improvements.

Mr. and Mrs. Frank Paxman of Los Angeles were Saturday dinner guests of Mr. and Mrs. Charles Wentz.

Mrs. Louie Doll of Los Angeles spent Sunday here with her husband. Mr. Doll is one of the bus drivers and lives at the Dawson Rooms.

Mr. and Mrs. I. Ivy are entertaining Mrs. Ivy's brother John Tygeson, who arrived here, Saturday. Mr. Tygeson is just out of the navy, and will make his home here, either with, or near his sister.

Calcimine Walls Are Economical

Calcimine is a water paint or water color. It is generally known as "tint." The base is whitening, clay, etc.

The color is mixed with the base and to the whole a glue or binder is added.

When the dry material is mixed with water the binder readily dissolves.

The evaporation of the water after the application leaves the calcimine firmly on the surface of the wall.

Calcimine is the most economical way to finish a wall. It is easy to recoat at a very small expense. It is also much easier to apply than paint.

However, calcimine has a tendency to chip or fall from the surface. Although it may be the cheapest way to color walls it is by no means the best.

The material may be obtained in most any color desired.

Prepared wall size may be purchased for this work. Gelatine glue dissolved in water is often recommended.

A pound of good flake glue dissolved in a gallon of water will answer.

This may be done by heating the water and adding the glue or by letting the water and glue set over night. The size must not be applied heavy.

Ordinarily five pounds of calcimine mixed with one gallon of water will give good results.

However, it must be remembered that there are many kinds of water colors or calcimine. Low priced material may require eight pounds of color to a gallon of water.

Buy the best and use less. The material should be mixed heavy at first. That is, add about half the water and beat up the paste to remove all the lumps.

Now add the balance of the water gradually and continue to stir until all the water is mixed in.

One pound of calcimine will cover about seventy-five square feet. In other words, a mixture of five pounds of color and a gallon of water will cover 375 square feet or a room 8x10 feet 9 feet high, ceiling and walls.

Realtors Ask for Change In Law

A resolution adopted by the San Diego Realty Board for the strengthening of the real estate license law is being passed on by the realty boards throughout the State, according to the News Department of the State Association.

This resolution calls on the State Legislature to enact a law requiring "applicants for real estate licenses to pass a thorough examination in all branches of the real estate business including real estate law and the preparation and use of all instruments."

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.
