

BOY RANGERS OF AMERICA

An effort will be made in the near future to organize in Torrance lodges of Boy Rangers for boys between the ages of 9 and 12. The need of an organization for boys younger than the Scout age of 12 (no boy can be a Scout who has not passed his twelfth birthday anniversary) has been evident.

The Boy Scouts of America make no provision for Junior Scouts, and the use of the name, or that of Cub Scouts, is unauthorized and without authority. There is no organization functioning under either name, of a national character.

The Boy Rangers of America, a national organization with a national office at 10 West 23rd street, New York City, has no official connection with the Boy Scouts, but is working in sympathetic cooperation. The organization is founded on Indian lore, and offers to boys of from 9 to 12 many of the opportunities that are offered to boys of Scout age. Three lodges are already organized in San Pedro, and a monthly Ranger hike for members is conducted.

Organization of Ranger lodges in the Harbor District, of which Torrance is a part, is under the direction of Mr. Moore of the Boy Scouts as district chief ranger, with office at 543 1/2 Seventh street, San Pedro, postoffice box 635, phone San Pedro 778-J. Information as to the Boy Rangers will be furnished by the district chief on request.

One Million Will Read About Harbor City

(From Harbor City Sun)

A million readers all over the United States will learn of Harbor City through the Southern California edition of the Atascadero Illustrated Review, E. G. Lewis' monthly magazine for October. Harbor City is one of the few towns that was given space in the edition, and all credit is due to George E. Preston, secretary of the local chamber of commerce, through whose efforts the write-up was given space.

The October issue consisted of one million copies, and these go to every part of the country, and out little city will receive publicity that money could not buy. The article is well illustrated, showing the Harbor City school, postoffice, a group of business buildings, and Preston & Dorland's fleet of automobiles.

Mrs. Harry Wright of Austin, Minn., arrived last week end to spend the winter with her sister Mrs. Farley Johnson.

Mr. and Mrs. Harry Clark of Los Angeles are moving into their new home on Marcelina avenue, opposite the Central parsonage.

W. A. Sharp and W. W. Johnson, realtors, have now office space in M. W. Smith's Electric Shop, moving from the Pruitt offices on Border avenue.

"VAMPS" WHO MADE HISTORY
By JAMES C. YOUNG.

(© by McClure Newspaper Syndicate)
THE CINDERELLA OF VAMPIRES.

IN 1653 Cardinal Mazarin was the most powerful man of France, its principal minister, the lover and perhaps husband of the Queen Dowager, and recognized guardian of the young king, Louis XIV. In his success he remembered a poor sister, struggling to raise five daughters on a little estate in Italy. One day the post brought to this sister a command from her great brother that she should come to Paris and bring the five girls. Happiness reigned in the family circle, only marred by the thought that one of the daughters was as homely as the others were handsome. The four beauties wanted to leave her at home, but she resisted and they finally took this ugly duckling with them. When Mazarin saw his ungraciously niece he consigned her to a convent. The other four became celebrated over night for their beauty and took a prominent place at court. But the poor Cinderella of the family remained in her convent. Mazarin happened to remember the girl and sent for her. He found that in two years she had become wonderfully beautiful, more bewitching than her sisters. And it was not long until Marie Mancini was one of the most sought after of the court beauties. The young king saw her, became infatuated, and Marie barely missed being queen of France by the intervention of the cardinal and the king's mother. But Louis finally proved fickle, as kings have had a way of doing, and Marie found her castles tumbled to pieces. The cardinal determined that she should marry and a match was arranged with Prince Colonna, grand constable of Naples. Marie consented, caring little whom she married, and went to the altar with a last despairing look at Louis. Unhappiness soon forced her to leave the prince and she returned to France. Then began a series of wanderings in which the beautiful Marie did as her fancy bid with half the princelings of Europe. Her own heart broken by Louis' desertion, she cared little for the afflictions she caused others. In France, Spain and Italy, Marie left behind her a trail of aching hearts, and there were many stories of her cruelty.

Policies of state were shaped according to her wish and a toss of her handsome head settled many matters of international consequence. But Marie never really was happy. Death came to her in Pisa, where she wrote this hurried and tragic epitaph, "Marie Mancini Colonna—Dust and Ashes."

Mrs. Marguerite Silva and friend of Oxnard were week-end guests of her sister and family, Mr. and Mrs. Mose Tolson.

Don't buy your Christmas Gifts before seeing what the Ladies' Guild has. Nothing like it ever before.

In the Herald of last week reference was made to the hikes and camps, conducted by the district organization of the Boy Scouts of America, activities available to every Torrance Scout and organized for his benefit, as well as the other Scouts of the district.

Each month three outdoor activities are conducted: a day's hike and an overnight camp, both to and in the George F canyon of the Palos Verdes hills, and a mountain hike of one day into the canyons of the Sierra Madre range back of Los Angeles. On both of the George F. canyon trips outdoor tests are given. Full information as to these activities can be secured from the monthly bulletin posted in the store of the Torrance Hardware company.

For the Christmas vacation period a hike and camp in the snow-covered country is planned, details of which will be published later in the Herald, and in the monthly bulletin.

For the Easter vacation period it is hoped to have a Catalina Island camp, although this has not been worked out.

For the summer vacation period two forms of camp are available, the permanent and the moving camp. The permanent camp available for Harbor District Scouts is the summer vacation camp of the Los Angeles District Council. This year the camp was conducted for two weeks at Camp Radford, the summer camp of the Los Angeles Playground Commission. Here permanent buildings and a swimming pool are available. Using the camp as a base, side trips were conducted to Big Bear lake and to Old Grayback, one of the all-the-year-round snow-covered mountains of the San Bernardino range. With plenty of adult leaders present and a good program of activities no camp of this type could have been more "safe and sane" or more enjoyable.

The district as a district plans to conduct for its own members three camps of the moving type, operating with a burro train to carry the camp and individual equipment. Three trips will be for one, two, and three weeks, respectively, and all of them will be through the so-called "back country" of the Sierra Madre range, the country where there are no public camps and cabins and where hikers are few. Information about these three trips will be published in the Herald next Friday.

Torrance Troops No. 1 and No. 2
The local troops will hold a joint meeting this evening in the American Legion hall. The deputy Scout commissioner will be present for his monthly visit to the troops. A second-class badge will be presented to Scout Turner McLean of Troop No. 2, and tests will be passed.

Patrol Leaders' School
The school conducted by the deputy Scout commissioner each Thursday afternoon in the American Legion hall, for patrol leaders and assistants, is growing in interest and attendance. Any boy interested in becoming a Scout, or anyone wanting definite information about the Scout movement, can consult the deputy commissioner at that time.

The people who advise the poor to save money by buying larger quantities of stuff, sometimes neglect to offer to lend them the money.

Society seems to be rather tolerant to those who break the moral law, but try trumping your partner's trick and see what a ruction it causes.

The girls who want to be invited to dance should carefully avoid making remarks that show any brains, as it tends to scade away male partners.

Some of the hooch makers are so anxious to comply with the law that they conscientiously mark their product as fertilizer.

Coming! Coming!! Coming!!!
"The Butterfly Carnival. When? Nov. 24th and 25th. Where? At Legion Hall. By whom? The Ladies' Guild of the Evangelical Church.—Advertisement.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles' Mentho-Sulphur from any good druggist and use it like cold cream.

MERCHANTS WIN OVER L. A. GAS THREE-ONE

Bell Holds Public Service Men Down to Five Hits

The locals defeated the Los Angeles Gas & Electric team Sunday on the Union Tool grounds. Lefty Bell didn't have to exert himself as he was master of the situation at all times. The nearest he came to being in hot water was in the sixth inning, when the usually reliable Swampy Thompson booted one. An out and a terrific double by Blomgren, the Los Angeles catcher, scored their only run. The rest of the time they were breaking their backs at Bell's curve balls.

The locals knocked four of their six hits in the fourth inning for two runs. Billy Deal led off with a single, was sacrificed to second by Billy McLain, and then Pep McLain, the scrappy catcher, came through with a clean single, scoring Deal and scored himself a moment later on Bell's double to right, which looked like it was going to Redondo, where he lives. Atkins singled, but Grant fouled out to the catcher.

In the seventh Hatzler was safe on a bad throw by the catcher from directly in front of the plate. He took second on the wild heave, took third on Thompson's single, and scored on Deal's infield out. Bell and Evans each allowed six hits but the locals bunched theirs and hit in the pinches.

Torrance is now tied for the league leadership and the locals are playing fast ball, but strange to say, are getting no support from the fans. The scores of 3 to 1 yesterday and 3 to 1 last Sunday show the class of ball being played. The merchants are cooperating by taking advertising space on the free score cards, but the fans must help to keep Torrance out in the lead. A week ago Sunday over half the crowd was from Lomita, turning out to support their team. Yesterday the collection was \$10.05, and of this \$3.40 was paid to the visiting team for expenses. So everybody help and we'll have a winning team. Graves umpired a very good game, and is hereby thanked by the ball club for his services.

Charlie Newby, star Union Tool outfielder, will play with the locals next Sunday.
