This will be a pleasant service; a friendly service; a service good for young people, and a place where your smile and good will goes miles and miles. Worshipping at present at the Legion Hall.

KEYSTONE NOTES

Mr. and Mrs. Paul C. Morse of Ocean avenue and Normandie, with Mr. and Mrs. A. W. Hemsath of Torrance, attended the opening of the Blue Bird Laundry at 36th and Western. Mr. E. J. Campbell, the proprietor, is a nephew of Mrs. Nettie Nieschang of Keystone. Mr. Campbell has just completed a new building, covering 14,400 square feet of floor space, and is installing the very best of up-to-date machinery.

Mr. and Mrs. Nahmens of Carson street entertained a party of friends last Saturday night to a big dinner, preceded by the American Legion dance at Torrance. When a Keystone party is on they stop the clock and forget the time, hence the jolly good time always enjoyed. The guests on this occasion were Mrs. and Mr. H. C. Roque, Miss Viola Roque of Los Angeles, and Mr. Strong and Clarence Sleepy.

Robert Hull had an acute attack of pleurisy last Monday. He is feeling some better now, and will be out in a short time.

Harry Roque is still whiling away the hours at home. He is supposed to be on a vacation. If he is we don't want a job in a printing office, 'cause we say he is working now.

If any one has a good motor boat he would like to trade for a Scripps-Booth automobile, why, just meet Z. Jennings any morning at 198th and Moneta. He will swap. There will be a Xmas program at the Carson street sch. of this afternoon. Try and come over. Give the children some encouragement to get up these programs. It will be good, and worth more than your time.

The C. of C. directors meet at La Boeuf's home Tuesday evening, and it looks as if somebody will have electric lights now right away.

CATHOLIC SERVICES

Catholic services will be held every Sunday morning at 9:30 o'clock at the Torrance Catholic hall, on North Cota.

Christ Episcopal Mission.

Torrance Auditorium, 9 a. m. Morning Prayer and sermon. Rev. Thos. P. Swift, Rector.

Your Photos Back In Eight Hours

Lafayette Coker, proprietor of the Bonnie Box confectionery store and two other establishments, is as busy these days as the proverbial one-armed cranberry-picker, for, in addition to assisting in the management of the candy store, that at this season of the year is the rendezvous for the younger set in Torrance, has recently taken over the ownership of the Flood photograph gallery in the rear of the Parr jewelry store, while films for developing are left at the Coker Specialty Eshop in the Brighton building.

Here, where every modern appliance is used in the finishing of photographs, he is snowed under with work, that has heretofore been going to finishers in other nearby cities. Eight-hour service on snapshot work is soon to be inaugurated, so that one may leave her undeveloped negatives early in the morning and receive the finished pictures the same evening.

PAINTERS LOCATE HERE

J. G. Kennedy, who comes from Chicago well recommended as a business man of that city, has opened a high-class sign writing shop at 1510 Border avenue, where with the assistance of R. W. Naylor, an expert painter and inside decorator, his shop will fill a long-felt want among the business men of this community. Mr. Naylor has had many years' experience as an interior decorator, and was originally attracted to Torrance owing to the large number of dwellings being erected here. The new firm has already found a greater demand for its work than it anticipated, and is pleased with the reception given it by merchants, and others in need of either signs or decorative work.

Mrs. Joseph Stone and Mrs. W. F. Thomas were Los Angeles visitors Tuesday. Purchasing for the Community Christmas tree.

Mr. and Mrs. J. Mahon of the Castle Apartments will leave tomorrow for their old home in the East, to be gone until after the holidays.

Mrs. Frank Sammons and Mrs. W. F. Thomas attended a meeting of the Federation of Clubs in Los Angeles last Thursday.

Mrs. Kidder of the Castle Apartments, and daughter, Mrs. Holtman, of St. Louis, Mo., are visiting this week with friends in Los Angeles.

MACABEE NOTES

At the regular meeting of Torrance Review No. 37, held December 12, the following officers were elected for the coming year: Commander, Martha McCaffery; lieutenant, Mae Tomkins; sword keeper, Sara Campbell; chaplain, Janet Woodington; lady-at-arms, Anna Stadig; sergeant, Muriel Sherwin. The next meeting will be held December 26 at Legion Hall. The Court of the Rose will also meet on that date.

M.W.A. NEWS

At the regular meeting of the Modern Woodmen of America, Wednesday night, the meeting nights were changed to the 2nd and 4th Thursdays of each month. This change was necessary to co-operate with the new schedule of the American Legion.

Election of officers resulted in the following Neighbors being elected: Neighbor Graves, counsel; Sharp, banker; Fess, adviser; Von Hagen, clerk; Mayfield, watchman; Elman, sentry; Shriner, escort; Murray, trustee, and Dr. Leake as camp physician. The new officers will be installed the first Thursday in January. This will be a joint installation with the Royal Neighbors on their meeting night. January 24 is the \$1000 night of Torrance.

Mr. and Mrs. Hawley and family of Brawley are moving to Torrance. Mr. Hawley is employed at the window glass factory. Mrs. Hawley is a sister of Mrs. Bisbee. Mr. Bisbee is the president of the plant.

CHRISTMAS FRUITS AT PAIGE'S

Paige's grocery has installed a novelty that has just made its appearance in Los Angeles and larger cities, and that is already receiving the attention and commendation of those in Torrance who enjoy crisp Saratoga chips.

To keep these delicious potato chips in good condition heat is constantly needed, and the Stanton Saratoga Chip company has secured the patent on an ingenious contrivance whereby an intermittent light is flashed on and off in the lower part of the potato receptacle, that both advertises the goods and gives just the necessary heat to keep the product fresh and crisp, no matter what the weather may be.

Mr. Paige has also just received a large shipment of "Christmas Packed" oranges that may be, if desired, packed in gift boxes for shipment to Eastern friends.

'Washer' Wilson Comes To Torrance

The womenfolk of Torrance will be delighted to learn that Washer Wilson, the Southern California representative of the noted A B C Oscillator washing machine, with head offices in Los Angeles, has established a branch agency in Torrance.

The temporary location will be at the Nell grocery, at 218th and Cabrillo, where J. Cohn, the local agent, may be found. Mr. Cohn, as well as G. A. Carnahan, the Washer Wilson agent at San Pedro, will make a thorough canvass of the town with no obligation on

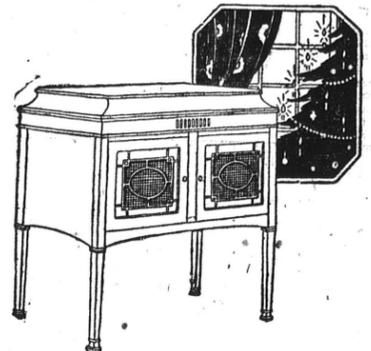

FOOD SALE

The Ladies' Aid of the Torrance Methodist Church will hold a food sale Saturday, December 16 in the Rock Bottom grocery, Steffen building. You are invited to visit the booth and make your selection for your Sunday pantry.

DOBLE STEAM MOTORS CORPORATION

Is offering you today an opportunity to invest in the stock of the Doble Steam Motors Corporation at a price of

\$12.50 per Share

Looking backward into the history of the motor car industry of America, and looking forward into the future of the Doble Steam Motors Corporation, with its car of amazing simplicity and performance—

This Opportunity is the Outstanding Investment of Years

That is a big claim, and unless you can find the facts to support it, you are not asked to accept it.

Consider that such men as the Dodge Brothers, Hup, Olds, John M. Willys and Henry Ford made their millions in well-managed motor car companies.

And yet the Doble Steam Motors Corporation, with its able management, ranks with the biggest and best for possibilities of profit.

Doble Steam Motor

This car is so amazing in its simplicity and performance that every man should instantly understand why the stock of this corporation is the outstanding investment of years.

Think of the huge profit possibilities in manufacturing and selling a car that attracted 11,000 orders in 90 days, when it was originally offered to the public five years ago. Think of the Doble Steam Car with its element of tremendous profits. Simplicity in construction makes this possible.

IN THE DOBLE MOTOR THERE ARE ONLY 36 MOVING PARTS.

A Doble Steam Car of the same wheel base and power is able to out-perform and out-demonstrate any motor car of corresponding power and class. Yet, the fact of vital importance is that it can be manufactured at a cost that is materially LESS.

A superior product—a huge demand for cars—a small manufacturing cost—is the combination that makes the stock of the Doble Steam Motors Corporation, AT \$12.50 per share, the outstanding investment of years.
