Traffic Officer Stanley Resigns From Force

Traffic Officer E. E. Stanley has resigned his position on the Hawthorne police force to accept a similar position in Torrance. His resignation was effective February 1.

There are several applicants for the vacant position. H. M. Stevenson has been appointed by Marshall Ratliff to fill the place temporarily until the board of trustees meet.

Los Angeles. As these conferences deal mainly in telling how best to "vamp the editor," and "get by" with club news, there is never as much to report as from the other conferences.

Mrs. Garner, Federation secretary, reported on the conference of Federation Secretaries, held January 18. The subject was "International Relations."

Mrs. Street, who, despite all the rain, attended the Federation meeting on February 1, reported that the subjects discussed by them were the following bills now before the legislature: "Child Labor," "Industrial Farm for Women," and the "Community Property Law."

Mrs. Parks, chairman of ways and means, announced that the third card party of the series would be given in Catholic hall Monday evening, February 12. As there has been some misunderstanding about these parties she also announced that friends of the club were welcome, as well as members. The proceeds go toward the building fund.

It was voted to endorse Mrs. John Urquhart of the Santa Monica Bay Woman's club, as candidate for president of California Federation of Woman's Clubs.

Mrs. Charles Toll of the Tuesday Afternoon club of Glendale for president of the Los Angeles District Federation, and Mrs. J. M. Matthews of the West Ebell as vice-president of the Los Angeles Federation.

Bernice Elman sang a couple of numbers, her sister, Lillian, accompanying her.

After the adjournment the executive board held a meeting at which time eleven new members were admitted.

Light refreshments were served.

MISSION PLAY AT FULL SWING SHOWS BETTER

The Mission Play is again at full swing at old San Gabriel. The attendance is proving exceptionally large for the beginning of the season. The Play is better than ever.

Monroe Salisbury, the noted California romantic actor, has created a sensation in his interpretation of the immortal role of Fray Junipero Serra in the Play. It is unanimously agreed by all the old patrons of the Mission Play that Salisbury is the best man who has yet appeared in the part, which is saying a great deal when one considers the six eminent American actors who have preceded him.

In addition to the already famous singers in the Play three noted vocalists have been added this year. They are Wilbur Herwig from the Metropolitan Opera company, New York; Madam Lillian Buchter-Bowles, also of the Metropolitan Opera company, and Roulalia Ena, a famous Hawaiian singer. Among the dancers, Julita Ruiz, imported from Barcelona, Spain, is making a great hit with the audiences. Another noted addition to the cast is Tyrone Power III. This is his first appearance on the stage. He is now 12 years old and represents the third generation of great actors of his name. His grandfather, Tyrone Power, was one of the greatest actors of all time; and his father, Tyrone Power, who once played the leading role in the Mission Play, is among the most famous of living actors.

HOMESEEKERS ARRIVE HERE IN THOUSANDS

More than 2000 persons a day are arriving in Los Angeles by rail. From six to eight trainloads a day come in over the Santa Fe line alone. It is asserted at the Los Angeles offices of that company, bringing from 900 to 1000 passengers.

Over the Union Pacific and Southern Pacific lines exceedingly heavy loaded trains are also arriving daily, but no actual record of the number of passengers they bring is available.

Local railroad officials agree that a large percentage of the new arrivals are evidently homeseekers. "Our incoming traffic is heavier than a year ago," said Tom Peck,

Gardner Car May Be Built In Torrance Says Gadeky

According to Secretary Gadeky Torrance may be placed on the commercial map as the home of a well known make of automobiles.

This startling and welcome news was given the directors of the chamber of commerce at a meeting held Tuesday afternoon when Mr. Gadeky announced that President Gardner of the Gardner Automobile company was negotiating through the local secretary for the purchase of a tract of land for the purpose of establishing a manufacturing plant in Torrance.

While details as to the nature of the deal were suppressed, owing to the fact that tracts of land were still being sought, Mr. Gadeky informed the directors that Mr. Gardner, who was a schoolmate of the former, had placed at Gadeky's disposal a not insignificant sum of money with which to secure options on sites, and several were about to be submitted to the auto manufacturer.

The sites chosen are said by Mr. Gadeky to be not within the city limits of Torrance, but contiguous thereto, and that the selection by Mr. Gardner of any one of them would mean that Torrance would reap the direct benefit, both in payroll and added population of the establishment of the industry.

It is thought the matter will be settled, and the site chosen within the next few weeks.
