**SERIAL QUEEN
BUYS TORRANCE
REAL ESTATE**

**Ruth Roland Invests
\$10,000 on Sartori
and Border**

The movies are coming to Torrance. At least Ruth Roland, one of the best known and most popular stars, was recently so impressed with the city that she purchased approximately \$10,000 worth of business property here and is to return today or tomorrow with other members of her profession and buy still more.

Miss Roland is perhaps the best known of the so-called "stunt" actresses, and is beloved by the younger generation for the hundreds of "thrillers" in which she has done deeds of daring that many men would hesitate to duplicate.

Absolutely fearless and scornful to allow anyone to "double" for her in leaping into swollen rivers, climbing to dizzy heights or performing the many athletic feats that have made her name so familiar to lovers of stunt pictures and serials, Miss Roland is a shrewd business woman and the hundreds of thousands of dollars she has accumulated in the several years she has been "in pictures" is said to have been invested in Hollywood and Los Angeles real estate.

That with her knowledge of realty values she should choose Torrance as a place in which to invest no inconsiderable amount is a compliment to Miss Roland's astuteness and to the city as well. After being taken for a ride about Torrance by representatives of the Torrance Investment Company, of which J. W. Macdowell and C. W. Smith are the local members, Miss Roland selected a lot on the west side of Sartori street just north of El Prado for which it is said she paid \$6000 and four lots on Border avenue near the entrance to the Union Tool.

It is expected that on her return visit either the latter part of this week or the first of next she will bring with her several motion picture associates and that both she and they will make further purchases both of business and residence property.

FORD ERECTS BIG SIGN

One of the largest and most prominently displayed signs in Torrance was erected yesterday by the Modern Sign Company on the front wall of the Ford Garage on Cabrillo street.

The sign, advertising the Ford, Lincoln and Fordson, ordered by Schultz, Beckham & Schultz, measures 30 feet in length by 12 feet in width, and covers the most of the upper front wall of the big Ford headquarters.

**RED PEPPERS END
RHEUMATIC PAINS**

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

**Hart, Schaffner
& Marx Suits**

Graceful, soft and enduring imported fabrics, unsurpassed domestic materials. A grand grouping of the most wanted, new and nobby patterns, elegant worsteds, gabardines, homespuns, serges, khaki, tweeds and the finer broadcloths in every shade.

Men who know than keen sense of satisfaction which comes from well-made clothes will appreciate the dependable fabrics of which they're made — serges, cassimeres, chevots and tweeds, tailored to spring lines.

**Bebe Daniels in
"Pink Gods"**

Bebe Daniels, beautiful Paramount star, is featured in the new Paramount picture, "Pink Gods" which will be shown at the Torrance theatre Saturday, March 24. She is cast opposite James Kirkwood, who plays the part of John Quelch, an African diamond merchant. Miss Daniels and Mr. Kirkwood have many opportunities to demonstrate their abilities to carry off an emotional scene successfully. The picture, directed by Penrhyn Stanlaws, is not overdone and proves unusually interesting. Anna Q. Nilsson and Raymond Hatton are well cast. The picture is well worth seeing.

**Edison Co. Brings
Many Enterprises**

That the abundant supply of electricity generated from the waters of the mountain streams in Southern and Central California, and sold at low rates, is impelling eastern manufacturers to locate within the territory served by the Southern California Edison Company, and is also bringing such an enormous volume of inquiries from other concerns as to indicate great growth in population and community wealth, is the dominating feature of the annual report of the company, which will be presented at the meeting of stockholders at the general offices in Los Angeles today. Branch plants have been installed by many concerns to serve the increasing population, and there is every reason to expect an enormous increase in the industrial load during 1923. The company has now over 50,000 stockholders, many of whom reside in Torrance and Lomita. District Manager W. E. Oliver, who with others from this section will attend the large meeting, has been provided with an advance copy of the report which contains many features of interest to the community, among which are: The gross earnings of the company for the year were \$16,982,257.75, and after the payment of operating expenses, depreciation and interest on bonds, the balance remaining was \$4,465,577.19. Dividends paid during the year amounted to \$3,706,579.49, distributed to 48,107 individual stockholders owning the company's total capital stock of \$52,487,000.

**Eclipse of Sun
Seen at Catalina**

Monday, September 10, will be a red letter day at Catalina Island, or perhaps we ought to say a black letter day, as upon that date a total eclipse of the sun will be visible for a period of two minutes, starting at 12:54 p. m.

Astronomers, observers, educators and the general public are very keenly interested, because this is probably the only chance in the lifetime of those upon earth to witness this phenomenon.

Recognizing the value of the observations which can be made at that time for the benefit of scientists and laymen alike, Mr. Wm. Wrigley, Jr., owner of Catalina Island, has arranged to finance an expedition from the Yerkes Observatory at Lake Geneva, Wisconsin, (where Mr. Wrigley has a summer home) to Catalina.

It is stated that Catalina will be the best spot on the map from which to view the eclipse. It will be visible only in Southern California and Old Sol will be 100 per cent eclipsed from the viewpoint of Catalina Island only.

Harold Nell of Portland, Oregon, arrived Monday, to visit his father, F. H. Nell.

W. A. Andrus and family have moved from Torrance Park to the house recently vacated by A. W. Hemsath, 2003 Andreo avenue.

No man can know it all; but he can be interviewed a few times and get the notion that he does.
