"MEN'S U. S. ARMY MUNSON LAST SHOES AT \$2.95, SIZES 5 1/2 TO 12.
Never again will you be able to buy these shoes at such a low price. We are lucky in finding a manufacturer who was overstocked with them, and needed ready cash, so we bought them at almost one-half of the regular price. This shoe is made over the U. S. Army Munson-last, with extra heavy stitching; special grained chrome brown leather used throughout. An ideal shoe for workmen, farmers, ice-men, postmen, carpenters and motor-men, who are obliged to be on their feet all day.

Send correct size. Pay Postman \$2.95 on delivery, or send us a money order.
If you are not satisfied with these shoes after you examine them, we will promptly refund your money."

15,000,000 VISIT THEATRES
Fifteen million persons visited motion picture theatres and other places of amusement in Southern California during January. Admission tax collections for February reported by Collector of Internal Revenue Rex B. Goodcell amounted to \$232,021.53, which represents the tax paid on \$2,320,215.30 spent by the pleasure-seeking public in January. Of the attendance of 15,000,000, approximately 6,000,000 was tax free, the 10-cent ticket tax having been eliminated by the new revenue act. Striking evidence of the remarkable growth in motion picture attendance in Southern California is presented by Collector Goodcell's statement that admission tax receipts for the entire year of 1913 were \$582,506, as compared with \$232,021 for January of this year, indicating an increase of 700 per cent, approximately, in the last five years, in the ten of picture fans. In 1918 ten-cent tickets were taxed, but under the present law an army of 6,000,000 fans visit moving picture and other places of amusement each month, free of tax.

WOMEN TO BE PROMINENT IN PAGEANT

Historical Revue in July to Show Women's Part in History

Women are to take a conspicuous part in the American Historical Revue and Motion Picture Exposition. They are to have recognition never previously accorded to them in any great fair. Beautiful buildings will be assigned to them for their clubs and welfare organizations, and they are to conduct one of the most important sections of the daily programs, the morning congresses at which men and women of international fame are to discuss world problems.

While the program for the congresses has not yet been worked out, the fact that the State Federation of Women's Clubs has given its hearty approval to the morning meetings and has consented to take charge of certain days assures the success of this part of the Monroe Doctrine Centennial. When Mrs. W. A. Fitzgerald, president of the state federation, visited Los Angeles recently, she and Mrs. John C. Urquhart, president of the Los Angeles district federation, conferred on plans that will be of national interest. They decided that under the comprehensive subject of "Education" they would take up topics that have been of paramount interest in club work during the last year.

It is announced that the management of the Revue and Exposition intends to invite all women's organizations of national and international scope to present programs or to contribute to them. Thus the morning congresses will have a scope not hitherto attained by any assemblage of women. They will offer unparalleled opportunity for mutual understanding and co-operation. It is the plan to have the most distinguished authorities speak on subjects on which they are experts. The National Education Association will meet in Oakland and San Francisco just previous to the opening of the Revue and Exposition and will bring to the coast many noted educators, most of whom will come south to the exposition. There will be also a meeting of foreign educators in San Francisco, and they will visit Los Angeles. Literary men and women, theatrical stars and producers, composers and interpreters of music, publicists and reformers, statesmen and philanthropists, all will

WOMAN'S CLUB CARD PARTY

The card party given Monday evening by the Woman's Club of Torrance at the home of Mr. and Mrs. Frank Sammons, Guadalupe avenue, was a very enjoyable affair. A goodly number were in attendance considering that it was given in the Lenten season. Quite a little addition was made to the building fund.

Delicious refreshments were served and altogether it was a social and financial success.

An exceptionally fine program is being prepared for the next session of the club, to be held at Catholic hall, Monday afternoon. Mrs. Helen Chalmers Kingston of Los Angeles will give several readings and there will be some fine music. Several notable out-of-town guests will be present. All members are urged to attend as they will surely miss something fine if they do not.

BAPTIST SOCIETY MEETS

The Woman's Foreign Missionary Society of the Baptist church held a very interesting meeting last week in which Mrs. Cloyd Garner gave a vivid review of the life of Adoniram Judson, the first Baptist missionary to plant the seed of the gospel on India's soil. She gave an outline of Dr. Judson's life from the cradle to the grave, touching the most important events of his life. Her talk was so thrilling that her audience seemed spell-bound and not a thought was lost in following this wonderful man of God through his college life and through perils, persecutions, trials, successes and finally, death, while on a voyage for his health. He was buried in the sea on the same day of his death, with only one attendant, a Christian Burman. So ended the life of one of the greatest ministers of the gospel.

Mrs. Garner received the enthusiastic applause of the ladies with a bow and her usual pleasant smile and "I thank you."

have hearings, if the programs now under consideration are carried out. Director General Davison, who has had a long experience in exposition work, sees in this Monroe Doctrine Centennial an advance over all previous fairs in the quality of exhibits and the manner of their presentation. It is the purpose to choose only the most distinctive and most original exhibits, because of the necessary limitations of the exposition. Applications for concessions have been pouring in rapidly and it is assured that the novel exhibition-bungalows will house remarkable collections. The fact that the motion picture industry will demonstrate the processes of making movies gives promise of attractions never previously within reach of

First National Bank annex—Grading completed.

Members of Torrance Chapter, No. 330, O. E. S., motored to San Pedro to attend the district meeting held in honor of the official visit of the Grand Worthy Matron of the State of California and other Grand Officers. The chapter comprising the district were Harbor Chapter, San Pedro; York Chapter, Watts; Pearl Chapter, Compton, and Torrance Chapter, Torrance. After the work of the chapter had been completed a good program was given, each chapter supplying one number. Singing by a male quartette, Messrs. Lessing, Jenkins, and Jones, of Long Beach and Williams, was the Torrance number. Refreshments were served in the banquet room and a social time enjoyed by those present.

When a young girl tells a boy she likes his clothes, there's nothing left for him to do but shave, give up, or go home.

If some people only scratched their heads while thinking, their heads would be seldom scratched.

The man who has to figure out how to make one salary buy shoes for seven pairs of feet, often wishes he'd paid more attention to arithmetic when he went to school.

Of course it isn't done to dodge taxes, but it's funny that stock dividends became so popular all at once.

The reason a little man hates to start an argument with a big man is because he knows he's going to be called a liar.
