MANY ORDERS COMING IN

Torrance is gaining further notices as a manufacturing center through the business ability of Hurum Reeve, the well known local hardware dealer, in perfecting a handy tool to be used by the large manufacturing plants of the country, known as a special center gauge.

The gauge as perfected by Mr. Reeve is three times in thickness the one now being used and he is not only receiving orders from the home plants but from various places in the United States. One of the outside orders came from Carnegie, Pa., where the Bethlehem Steels works is located.

CONTEST CLOSES JUNE 9

The contest for the free bicycle to be given away by the Paige Cash Grocery for the boys and girls selling Craig's coffee will end on Saturday afternoon, June 9, at 3:00 o'clock, when the votes will be counted and the prize awarded to the winner.

Mr. Paige states that the contestants are running neck and neck and a little extra work by any one of them might win the wheel.

MANY ATTEND FOOD SHOW

The food show demonstration held at the Paige Cash Grocery May 28 and 29 was the most successful of its kind ever given at this store. More people attended and the interest shown by every one in learning new ideas in cooking and preparing salads, etc., was very gratifying to Mr. Paige, who has arranged for another demonstration of Jell-Well, Closer, Glen butter, etc., June 7, 8 and 9.

June 14-15

—Again came the magic melody, the song that had echoed in his heart for three dark years.

Once, when she was blind and he a thief, that song had made him look up and see the face of God—then his great sacrifice that she might see! Could she forgive him now with the pallor of prison on his face?

Edwin Carewe presents
