"IN THE GREASE"

Notes Gleaned While the Oil Editor Bumps Around Proven Territory

Bush and Voorhis are drilling Washburn No. 1 ahead. Located at Acacia and Eshelman streets, this well was originally cemented off at 3200 feet in a test of the upper formations, which showed signs of oil. The job was unsuccessful, however, and the company drilled down to 3560 feet, where casing was landed and the water shut off successfully.

Chancellor-Canfield is about ready to make a production test on Torrance No. 30 on Hickory street in the 4076 tract. The well offsets the Southland Petroleum corporation.

The Petroleum Securities company (Doheny) has received an O. K. on the cement jobs in Torrance 10 and 11, located close to the center of the Marble lease.

The Chicksan Oil company, which recently brought in Shriever No. 1 on East Acacia street for 1000-barrel production, has located Shriever No. 2 on the same lease.

Every week shows East Acacia street and the whole east side of Lomita looking better from the standpoint of large and steady production. While there has been mechanical trouble with some wells in the district, production on the other new ones is holding up splendidly.

E. J. Miley is cementing Torrance No. 2 on his 40-acre Joughlin lease on the old Redondo road (east). He will spud in No. 4 this week.

Chancellor-Canfield is swabbing Ketter No. 5 for production. The well is on Narbonne avenue, south of the old Redondo road.

The Sentinel Oil company is bailing out Joughlin No. 2. Gas pressure is high.

The Checat Oil company is drilling Phenix No. 2 ahead into the oil formation. This well is on the West Acacia street property purchased from the Fortuna Oil company, on which Phenix No. 1 was the pioneer of the territory.

Superior has two wells "sitting in the oil." Torrance No. 15 was successfully cemented off and is being drilled ahead at 3728 feet. No. 16 is being bailed for a test. Both are on the Joughlin lease.

The Shell company is running 10-inch casing into Kettler No. 2, where it will be landed at 3551 feet. No. 3 is being drilled at 3252 feet.

Standard has recemented Interstate No. 1.

Water shutoffs were O. K. ed on two wells in east Lomita north of Acacia street and between Eshelman and Narbonne. As a result the Native Oil company and the Westland Oil company are drilling ahead into the oil sand.

Standard is bailing Interstate No. 2 for a shutoff test.

The Ring Petroleum company received an O. K. on the cement job on their No. 2 well on West Acacia street Saturday.

The Shell company is building rigs for Bleumle Nos. 1 and 2 on the old Redondo road (east), offsetting the Miley lease.

START EARLY

Teach the children to save systematically and the habit will have firm hold of them by the time they reach their majority.

If the lesson of saving money—in a savings bank—had been impressed upon the boys and girls of yesterday, there would be less want in the world today.

Open an account for the children now. One dollar will do, and all savings will draw 4% interest.

WOMAN'S CLUB HEARS SPEECH BY MRS. FRICK

Mrs. Margaret J. Frick addressed the Woman's club of Torrance at the last meeting, February 28, on institutions and books. Besides being district chairman of literature, Mrs. Frick is state chairman of institutional relations.

Mrs. J. A. Young, president, called the meeting to order at 2:30. Minutes for the two previous meetings were read and approved. Minutes for two executive board meetings were also read. Mrs. Gilbert, treasurer, gave her report.

Support Building

The building committee reported that the support given by the club members would enable the committee to proceed with their plans, and that it was quite possible that the Woman's club would be meeting in their own club house before the summer is over. Those who pledged themselves to purchase stock are urged to have the money ready for the first share when the collectors call, some time before March 15.

Mrs. Frick commended the business method of procedure used by the women of Torrance, saying it was much more desirable than asking for gifts of money to finance a club house.

Mrs. Curtiss Reports

Mrs. Clara Curtiss, chairman of the biennial committee, reported that the program given by the Occidental college girls February 26 netted \$40.75. Mrs. McVey donated \$10, and \$22 in birthday offerings were received at the party given for Mrs. Young. Biennial dues amounted to \$57.50, leaving a balance of \$15.25 for the general fund. The club wish to thank Mrs. Curtiss and her committee; also Mrs. McVey.

Mrs. Alta King, chairman of the flower committee, reported that her committee had been active.

Two piano selections rendered by a teacher of music, Karl Watts Gilbert of Lomita, were thoroughly enjoyed by the club members.

Baby Day March 7

A report for the Mothers' Educational Center given by Mrs. Milburn stated that the next baby day is March 7. Children are to be registered at the Reeve hardware store.

Mrs. Collins, chairman of the motion picture department, gave an interesting report on the last conference she attended.

In speaking of institutional relations, Mrs. Frick urged the women to visit the hospitals, asylums, prisons and reform schools. People confined in these places are soon forgotten by their friends, and they welcome visitors from the outside. If there are conditions prevailing that are not right, one should learn both the patients' and the management's side, then quietly inform the state chairman of institutional relations, who will try to bring about corrections. What those outside say counts more than the word of those who are confined.

A Good Work

The General Federation of Women's Clubs is fostering the movement to have every convict given employment with remuneration, part of the money earned to go for himself. Idleness does harm in most cases making confirmed criminals out of the convicts. It is not just to punish a man's family because of his misdeeds, as they surely are when deprived of his support. Everything made in the prisons is sold in the various prisons, so there is no conflict with the labor unions.

Beginning her talk on literature, Mrs. Frick read the song, "America the Beautiful." The first stanza describes our country; the second, the beginning of our nation, and the third stanza is for our soldiers.

List of Books

The speaker gave brief reviews of several books.

She outlined plans for a book section in the club, taking for example

the book section of the Redondo Woman's club. Those interested meet once a month in the dining room of a hotel or cafe at 6:30 p. m. for dinner. When they are eating their dessert the chairman calls the meeting to order and the discussion on books takes place. Before the meeting is adjourned the next month's reading is decided upon. Men are especially welcome at these discussions. Every three months a noted speaker talks on books and literature. Mrs. Frick will help start a book section to the Woman's club of Torrance if it is desired.

T. F. Foley Opens Insurance Office; He Likes Torrance

After looking over all of Southern California for the most promising place in which to establish a general insurance agency, T. F. Foley lost no time in selecting Torrance as soon as this city came to his attention.

Mr. Foley is a thoroughly experienced insurance man, having been in the general insurance business in Bakersfield for the past five years. He announces that he will devote all his time to insurance and that his motto is "insurance exclusively." Old reliable companies will be featured.

Mr. and Mrs. Foley have moved to Torrance and are living on Sartori street. Mr. Foley has opened his office with the Torrance Investment company in the Dominguez Land Corporation building.

TORRANCE PERSONS' AND PASTIMES

Comings, Goings and Doings of Folks Hereabouts

Mr. and Mrs. Frank E. Gibson entertained over Sunday their friends, Mr. and Mrs. Charles C. McLane and son Adrian, of Long Beach.

Mr. and Mrs. John A. Young of Susana street entertained Mr. and Mrs. Forrest J. Young of Cota avenue at dinner Friday evening.

Mr. and Mrs. Frank Myers are driving a new Rickenbacker sedan.

Mr. and Mrs. W. E. Bowen of Kern court, Lawrence Haas and Miss Doris Beatty of Sun street were Long Beach visitors Sunday evening.

Miss Jewell Peyton of Andree avenue attended a birthday party given Saturday in Seal Beach in honor of her cousin, Miss Norma Reid.

Mr. and Mrs. H. L. Tucker and son of Cota avenue were dinner guests Sunday of Mr. and Mrs. W. E. Heater of Long Beach.

Mr. and Mrs. F. L. Parks, Mrs. Zada Hastie, Miss Truitt and Mrs. A. Gaudier visited Alfred Gaudier at the hospital in Sawtelle Sunday.

H. D. Pottenger of Long Beach was a business visitor here Monday.

Mr. and Mrs. Frank Jordan of Spurlin court are spending a week with friends in San Joaquin valley.

Mr. and Mrs. George Rosegrant of San Pedro were in town Friday looking after property interests.

Mr. and Mrs. Emil Hespe were dinner guests Friday of Mr. and Mrs. Harry Hespe.

Mr. Dingle of Velasco, Tex., was a recent guest of Judson G. R. Smith.

Mr. and Mrs. D. Hoffman of Sartori street are driving a new Dort sedan.

Mr. and Mrs. Ed Kelly were Sunday dinner guests of Mrs. J. B. Ferguson of Redondo Beach.

G. Edwards of Sacramento spent two days of last week with Judson G. R. Smith.

Mrs. J. Butterfield has returned to her home on Sun street, Lomita, after
