Sugar Is Cheaper

Last year we were compelled to get 11 1/4 cents for sugar during May. Now the sugar market has declined, due to a large supply in the Cuban fields, and we are glad to announce that the price today is:

10 lbs. Pure Cane Sugar for 84c
100 lbs. Pure Cane Sugar for . . \$8.10

Don't buy sugar in paper bags. Get the pure cane sugar in original cotton sacks as we sell it at our store. This is important if you want clear jellies and tasty preserves.
