City Will Get Road Fund Cash From the County

In response to an inquiry from City Attorney Briney the county treasurer has written a letter to the Board of Trustees informing them that the sum of \$1456 is due the city of Torrance from the county road tax collected from property owners in territory recently annexed to the city of Torrance. According to figures compiled by the Torrance Chamber of Commerce this amount is not all that is due, and the city attorney is checking the Chamber of Commerce figures against those of the county in order to be sure that the city receives all that is due.

Local Lads Win Places at Track Meeting in Bell

The Marine League track meet at Bell Saturday, April 17, was a huge success as far as Torrance was concerned. Although only two Torrance men, Ray Sleppy and Russell Roberts, participated, they managed to win fifth place in the class C meet in the morning and sixth place in the class A meet in the afternoon. Ray Sleppy took first place in the pole vault event, jumping 10 feet. He received a medal for this. In the evening a large number of T. H. S. students journeyed to Bell to see the stunts put on by the different high schools of the Marine League. The one-act play, "Who's a Coward," given by Geneva Holland, Harry Phillips and Dick Von Haggen, proved supreme, and won a beautiful cup for the best stunt presented. Mr. Wood, T. H. S. principal and president of the Marine League, presided over the meeting.

Escorted by the President

MRS. WILLIAM M. JARDINE

Mrs. William M. Jardine, wife of the secretary of agriculture, is the only "cabinet lady"—or any other lady, excepting only the present mistress of the White House—who's had the honor of going out to dinner with President Coolidge as her escort. President and Mrs. Coolidge were invited to dinner with Attorney General and Mrs. John Graham Sargent in the presidential suite at the New Willard.

They accepted. It was one of the regular cabinet dinners, which the members of his official family are privileged (an expensive privilege) to give to the president. President Coolidge had had a cold, but was better. In the meantime, however, Mrs. Coolidge had caught it. At the last minute she couldn't go. The president needed someone to take with him. He consulted the shades on presidential etiquette who abound around the White House. They cited precedents from the time of President McKinley. Mrs. McKinley was an invalid. Her husband frequently asked the wives of members of his cabinet to accompany him to social functions—so the etiquette sharks said.

President Coolidge glanced around him for an available cabinet member's wife. Mrs. Jardine had an open date that evening. Would she go with him to dine with the Sargents? Sure she would. But the president never goes to get anyone—not merely President Coolidge—THE president.

Sends a Carriage
President Cleveland didn't even go to the railroad station to meet Miss Frances Folsom when she arrived in town to be married to him. He sent a carriage but he didn't go in person. The etiquette sharks explained all this.

Accordingly President Coolidge sent one of the White House automobiles to the Jardines' home for Mrs. Jardine. It picked her up there and took her to the White House. There the president was accumulated, and away they went to the Sargents'. After the dinner, back went the auto to the White House. Out got the president, with many expressions of the obligations he was under to Mrs. Jardine, and away chased the gas wagon to the Jardines' again to return his spouse safe to the secretary of agriculture.

Torrance Named Headquarters of Mining Company

A \$300,000 Corporation Is Owner of the Windy Gold Mine

Directors of the Randsburg Development Company, owners of the Windy gold mine at Randsburg, in which many local residents are interested, announced yesterday that Torrance has been made the official headquarters of the \$300,000 corporation.

The company has financed the purchase and installation of milling equipment at the mine and expects to be milling ore as soon as the machinery can be set up. Scores of Torrance residents have inspected the Randsburg property.

The Windy mine is located in a district noted for its successful mines, in being about a mile away from the famous Yellow Aster property. Recent developments at Randsburg have indicated that the richest ore in the area exists in low levels. The Windy shaft is only 200 feet. The property was recently purchased from its owners by William Quackenbush for a substantial sum. Its former owner, according to the directors of the company, retired from active mining with a fortune at the age of 30 years.

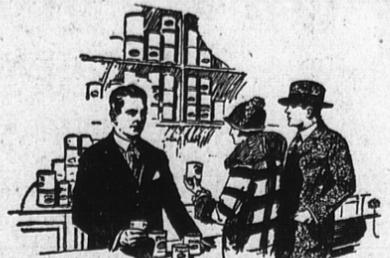

The mill which the company will install will have a capacity of 50 tons. It is estimated that the cost of mining and milling the ore will be about \$4 a ton. Ore in large quantities in the mine is said to average about \$12 a ton. In an advertisement published in this issue the company invites local residents who are interested to accompany officials to Randsburg and inspect the property.

E. Neutebaum of 257th street has returned to work, after a month's enforced vacation due to a badly injured back.

It is reported that Mrs. L. D. Sellard has exchanged her property on 266th street for San Pedro property.

Renaldo Tomassi, formerly of Lomita, is engaged in the tailoring business in Santa Barbara.

Mrs. Bartoe of Pomelo street entertained a number of friends at dinner Thursday in honor of Mr. Bartoe's fifty-seventh birthday.

Silverdale Tomatoes No. 2½ can 10c

Arthur Brisbane recently wrote: "Science proves that canned vegetables retain their full quota of vitamins. This has been known for a long time to doctors who gave canned tomatoes to infants in public institutions unable to afford orange juice. The juice of the tomato is rich in vitamins, which makes it important to include a well-made tomato soup or canned tomatoes, stewed, in the regular family diet."
