DEVONSHIRE CLOTH is guaranteed to stand Wear and Tear. It is YARN-DYED in VAT COLORS, therefore garments made of it will never "wear light" in spots. Moreover, the bright charm of its lovely colors is not affected by glaring sun, perspiration, uric acid, or constant rubbing with ANY soap.

Truly, DEVONSHIRE CLOTH is the ideal fabric for your children's clothes, your own smocks and house dresses. It makes up easily, launders easily, and retains its fresh colorful appearance despite frequent tubbing and pressing. DEVONSHIRE CLOTH is neither a Gingham, nor a Linen, but a distinctly different kind of fabric.

Women's Misses' Children's

A short time ago we startled our customers with a lot of Attractively Trimmed Hats which were sold at "way below current prices." The lot sold out in almost no time, and we are happy to announce that after much difficulty we have secured ANOTHER SHIPMENT—All different patterns, from the first lot, but just as pretty, if not more so. If you missed the first lot, here's your chance. THEY ARE REALLY REMARKABLE VALUES. Don't delay.

Light - Cool - Comfortable

**MUNSING**  
Wear

as stylish as your outer garments!

Refreshingly light and cool are these Munsingwear suits. The fabrics are the sheer, airy kind which you delight stepping into on a sizzly day.

Whether you prefer the woven or the knitted garments, you are certain to find just the style you are looking for in Munsingwear.

Note the low cut necks and the trim appearance.

Each of these suits is designed to be worn with the very latest style dresses. And if you examine the details of construction—the seams, the finishing, the cut—you find them just as the name Munsingwear always implies—the very best.

We advise an early selection while our stock is complete. Garments also for men and children.

**Will Seek Again To Put Over Big Power Bill Grab**

Water Initiative, Beaten Twice, Up to Voters in November

Another attempt will be made to put over the \$500,000,000 water and power act so overwhelmingly defeated by the voters of California on two previous occasions.

The water and power act initiative which its sponsors plan to place on the November ballot is now in the hands of the attorney general's office for filing.

Although the wording of the act has not yet been compared with texts of the measures submitted before, it is understood that the present initiative is to be identical with that disapproved by the voters twice before.

In 1922 the voters turned down the act which contemplated the issuance of \$500,000,000 of bonds in the water and power scheme by a majority of more than 353,000. Two years later the vote against

the proposal mounted to a figure approximating 432,000.

Mr. Spreckels Again

It is understood that Rudolph Spreckels will again finance the campaign for the passage of the act. Franklin Hichborn, representing Spreckels, is one of the leading lights behind the act.

Whether or not Hichborn will "lie in" the water and power act with the gubernatorial nomination campaign of Lieut.-Gov. C. C. Young and the senatorial endeavor of Judge Hob Clarke is a matter which is causing much speculation.

Hichborn and his water and power act sponsors are also backers of Young and Clarke, and it is hinted that an effort will be made to hitch the measure to the campaigns of the two mentioned above.

Robert W. Harrison, chief deputy attorney general, who handles the questions relative to election matters for the state, will pass upon the water and power act title.—San Francisco Chronicle.
