## New Furniture Bldg. Milestone in City Growth

Marking another great stride forward in the development of Torrance as the shopping center of this district, the Huddleston Furniture Company today announced the opening of its new building at 1273 Sartori avenue.

The new store provides this enterprising firm with much more floor space than was available in the old location. The store has been stocked with an unusually attractive line of furniture.

Mr. and Mrs. Huddleston are going to "forget" business Saturday, the day of the formal opening and just show friends over the new store. Representatives of manufacturers will be present to assist them in explaining the various nationally known lines which the Huddleston store features.

Among the featured lines at the new store are Simmons beds, springs and beauty rest mattresses, Karpen dining room and living room furniture and Kroehler bed davenport.

Souvenirs will be presented to all who visit the store on Saturday.

The history of the Huddleston firm in Torrance has been one of steady progress and growth. The concern's business, aided by the personalities of Mr. and Mrs. Huddleston, grew to such an extent that the new building was required. Selling his old lease, Mr. Huddleston purchased the site on which the new store is located and put up the building in record time. He and Mrs. Huddleston are naturally proud of their new location and their many friends are congratulating them on this latest indication of the growth of a well-known Torrance institution.

## Superior Cleaners Open Cra-Post Plant

Geo. D. Piper announces the opening of a Torrance plant of the Superior Cleaners at 1344 Post avenue in the new Cra-Post building. Mr. Piper has been doing business in Torrance from his Lomita plant for the past year and a half, and the new plant in Torrance is being installed in order to better service his growing clientele. The new telephone number of the Superior Cra-Post Cleaners is 370-J.

## Huddleston, DeBra and Quality Market Offer Many Gifts

New Stores in Cra-Post Building Join With Huddleston Furniture Company in Gala Openings Saturday

### SUPERIOR CLEANERS OPENS CRA-POST PLANT

Beautiful New Stores Bespeak Confidence of Leading Torrance Business Men in Future Growth of City

With a list of opening day gifts and special bargain prices heretofore unheard of, three enterprising Torrance merchants who are opening new stores Saturday should attract a larger crowd than a three ring circus with free popcorn and peanuts.

In the new Cra-Post building at the corner of Post and Cravens avenues, the Quality Market are inviting the public to the opening of their second market in Torrance; and the DeBra Radio Company, pioneer radio dealers in this district, will open their new studio, occupying two stores on the Post avenue side of the Cra-Post building. The Superior Cleaners have also opened Torrance offices at 1344 Post avenue in the Cra-Post building.

The Huddleston Furniture Company have chosen Saturday as the date of the formal opening of their beautiful

New Home of Huddleston Furniture Company at 1273 Sartori Avenue is Model Showroom.

new building at 1273 Sartori avenue, just a block north of the Cra-Post building.

Any one of these well known merchants would attract a large number of visitors at an opening, but the offerings and gifts of the three, all in the same neighborhood, will no doubt bring out practically every resident in this Torrance-Lomita district.

Complete lists of opening day gifts and special bargain prices are given in the advertisements of these stores

## Quality Market Offers Many Gifts Saturday

With each department trying to outdo the other in gifts and bargain prices, the opening of the new Cra-Post Quality Market promises to set a new mark in food store openings in this district.

Coincident with the opening of its beautiful new Cra-Post market, the Quality Market is also celebrating the third anniversary of its recently enlarged market at 2171 Redondo boulevard.

"Everything we have learned in the three successful years we have conducted the Redondo boulevard market has been incorporated in our new Cra-Post market," said L. G. Barkdull, speaking for himself and C. M. Howard, who has the grocery department of the Quality Markets. "We have spared no expense to put in a strictly first class, modern market in the Cra-Post building. We have found that Torrance people appreciate the best of foodstuffs and respond readily to courteous, fair, and efficient service, and while prices must always be kept as low as possible, the predominant factor of our success, we believe is 'good quality'."

**Special Demonstrations**  
A large number of manufacturers are planning special demonstrations. In the grocery department, there will be special demonstrations of Iris canned goods, Bishop's fancy cookies, Ing Cake company in specially designed cakes, and the Kern Dairy will serve its special churned buttermilk.

In the meat department, Swift and Company have arranged a special showing of their Premium hams and bacon and Knudsen's will serve samples of their Velv Brand cottage cheese.

**Many Gifts**  
An elaborate list of gifts has been arranged by Messrs. Howard and Barkdull for opening day visitors. Red roses for the ladies, cigars for the men, weekies for the children, and shopping bags for everyone, are a few of the gifts to be distributed.

A regular twenty-five cent jar of Cheney's mayonnaise will also be given with every purchase of one dollar or more in the grocery department; and a choice of either spread or a one-half pound of home made pork sausage will be given with all meat purchases of one dollar or over.

printed on this page and the page opposite, and they will be well worth reading.

As was pointed out by a new resident to Torrance, these beautiful new stores erected by merchants, already in business here, and for that reason the best acquainted with trade conditions, speak convincingly of their confidence in the future growth of this modern industrial city.

## DeBra Radio Company Moves to New Cra-Post Studio for Opening Saturday—Gifts for Visitors

Culminating four years of business in Torrance, the DeBra Radio company will open its richly appointed new studio Saturday in the new Cra-Post building.

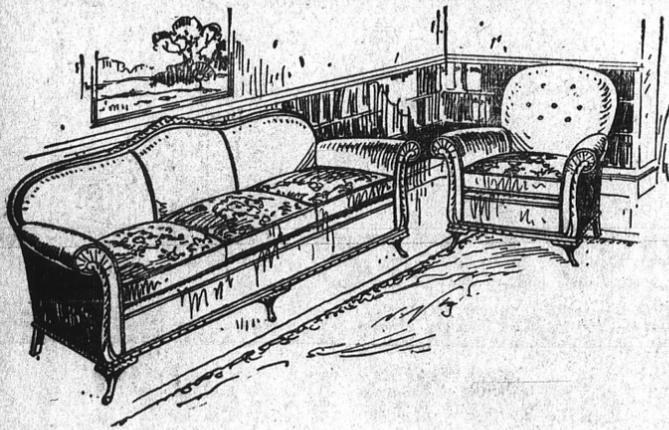

"The removal from our location at Cravens and Carson streets to larger quarters on Post avenue at Cravens, will enable us to exhibit a more complete line of models by the celebrated manufacturers of Atwater Kent, Kolster, Crosley and Zenith radios," said Gene DeBra, proprietor of the business. "Our service department has also been enlarged and we will be much better equipped in every respect to take care of our growing business."

The DeBra Radio Company have leased two full store rooms in the

new Cra-Post building and are for the opening in conjunction with other business houses in the moving this week in preparation building at Cravens and Post avenues, Saturday.

Free copies of Radio Doings will be given visitors Saturday and a special bargain price has been put for the opening day. These sets were made to sell for \$106.10, complete installed, but the special opening day price will be \$69.50, according to Mr. DeBra.

The new studio will be open Saturday until 11 p. m. and the public is cordially invited to come and inspect the new home and the latest developments in radio.
