Majestic will build 1,200,000 all electric Receivers in 1929 THE HIGHBOY Beautiful cabinet with 100% vacuum tube. Price \$127.50. C. Alexander & Co. FOR RADIO 1314 Sartori Ave., Torrance Phone 543-W 530 Camino Real, Hermosa Beach—Phone 9052 THE unprecedented public demand for Majestic Electric Radio has made it necessary to greatly increase the manufacturing facilities in the six great Majestic factories so that radio enthusiasts who insist on having Majestic may not be disappointed. Majestic radio, now being produced at the rate of 1000 complete receivers each day, is being so eagerly purchased that the manufacturers have announced a production schedule of more than a million Majestic Electric Radio sets for 1929. This announcement, coming at a time when dealers are experiencing difficulties in securing sufficient Majestic radio receivers to fill the orders that are literally pouring in upon them from radio enthusiasts who are determined to have Majestic, and nothing else, after assurance that within a few short weeks everyone can enjoy the pleasures of Majestic reception, and at Majestic's exceptionally low price. And here's consolation, nothing is more worthwhile waiting for.
