### NIGHT SCHOOL OFFER COURSES ON MACHINES

This is the machine age. In the office as well as in the factory machines predominate. Torrance Evening high school is especially well equipped with time-saving machines. The use of the office machines is taught in connection with various commercial subjects or a course in office appliances is offered.

The use of the mimeograph, speedograph and typewriter is taught in conjunction with shorthand and typewriting. In the book-keeping course addition is done on both the electrically driven and manually manipulated adding machines. Multiplication, division, addition and subtraction are computed on the Comptometer and Monroe calculators. Invoices, checks, letters, etc., are typewritten.

Employers want workers who can do more than one thing. Learn to do more things by attending the Torrance evening high school. Classes meet every Monday, Wednesday and Thursday evenings from 7:00 to 9:00. Enroll now.

### "SENIOR MOCKINGBIRD"

Chief Ho-To-Pi, Cheyenne baritone, who plays the title role in "Mockingbird," the desert fantasy to be presented at Perris on the two week-ends of April 5 and 6 and April 12 and 13.

By C. N. P. A. Service

With the opening dates only a little more than one week away, preparations for the presentation of the desert fantasy, "Mockingbird," at Perris on the two week-ends of April 5 and 6 and April 12 and 13 are being brought toward the climax. All leading players are being vigorously coached to prepare them for the finished production.

Chief Ho-To-Pi, Cheyenne baritone of wide musical and dramatic experience, is being rehearsed daily by Miss Janet Scott, director of the drama. Chief Ho-To-Pi will play the title role in the fantasy for the second season this year, having acquired many admirers by his interpretation of the part last year.

Playing opposite Chief Ho-To-Pi is Princess Lou-scha-enya, a beautiful Chekawsaw Indian girl who has made an enviable reputation with her characterizations in historical dramas. Miss Lou-scha-enya has a most pleasing mezzo soprano voice, which will add color to the character of "Rosita," beautiful Indian maid wooed by the singing "Mockingbird."

"Mariquita," fiery Mexican vamp who adds a very colorful note to the drama, this year will be played by Miss Louise Logan, experienced danseuse. Miss Logan has met with extensive favor in Southern California in her interpretation of Mexican dances and comes to the Perris fantasy with excellent recommendations. "Olema," villainous Basque mine owner, this year will be played by G. R. Gough. "Chief Ysidro," grandfather of "Rosita" and chief of his tribe, is portrayed this year for the second season by Walter E. Truman. "Carrito," aged Indian nurse, will again be played by Grade B. Talbot, who won much favor in the part last year.

Soldiers, Indian maidens and Indian women are played by students in the Perris high school and other Perris Valley people, while Indian boys from Sherman Institute at Riverside will play the parts of the Indian braves.

Now . . . right in your own J. C. Penney Co. store are new Spring coats, frocks and ensembles, inspired by those that so recently made their debut in Paris. Each one with a dressmaker's touch of flattery that even the prettiest frocks have not had in years. For the French originals like our own adaptations, show the universally becoming lingerie touch on almost every dress. In the important matter of skirt length, too, we've followed the dictates of the great courtiers and made them a trifle shorter than in the Winter mode. . . . These are but two of the many details of new fashion interest reproduced in our collection for Spring. And each dress . . . coat . . . and ensemble that they adorn is made with the care that women expect to find in J. C. Penney clothing.
