Mr. and Mrs. Edward Hermance of Anaheim were Sunday guests at the home of Mr. and Mrs. C. E. Harshman on Figueroa street.

CHAIRMEN OF COMMITTEES ARE CHOSEN

Keystone Woman's Club in First Meeting of Season

KEYSTONE.—The chairman of the Woman's club of Keystone for the following year were appointed at the first meeting of the year held last week at Booster's hall on Main street with Mrs. Charles LeBouf, president, in charge. The committees are: Flowers and civic and community welfare, Mrs. Z. W. Jennings; child welfare, Mrs. John R. Hilpert; Bible, Mrs. T. G. Cunningham; legislation, Mrs. G. H. Sany; hospitality, Mrs. H. H. Barnard; press, Mrs. E. P. Howe; literature, Mrs. E. K. Stevens; education, Dr. White; refreshment, Mrs. Thomas A. Cowan; ways and means, Mrs. Robert Hull; philanthropic, Mrs. Charles A. Brazee.

Mrs. T. G. Cunningham, chairman of the Bible department, was in charge of the devotionals which opened the meeting. The pledge of allegiance was followed by singing "America, the Beautiful," with Mrs. H. H. Barnard at the piano. Mrs. S. S. Tannehill, membership chairman, announced that Mrs. Charles A. Brazee and Mrs. George Koehler had been appointed to head two contesting membership teams. The final date of the drive was set for November 12, at which time plans will be made for the winning team to be guests at a luncheon to be served to them by the losers.

The first president's council of the Los Angeles district federation was announced by the president, Mrs. LeBouf and the members urged to attend. The meeting was held in Gardena, Tuesday, September 16. Many of the members expressed the desire to attend.

It was decided to hold the regular monthly executive board meetings at the home of the president on Carson street unless otherwise stated each month on the Friday prior to the first regular meeting of the club.

A speaker will be present at one of the meetings in the near future to explain the daylight savings plan as it will be an issue on the November ballot. Mrs. George Nahmens, program chairman, was in charge of the program in which each member told interesting accounts of their vacations. Tea was served with Mrs. Thomas A. Cowan in charge.

RED SCHOOL HOUSE WINS

CANTON, Ohio, (UP)—The efficient modern grade schools and junior high schools will not replace the little red school house of Pike township, near here. When put to a vote centralization received a crushing defeat.

Keystone Chamber to Have Part in Show

KEYSTONE.—At the regular meeting of the directors of the Keystone Chamber of Commerce last week Roy Berry, chairman of the committee in charge of the exhibition for the Torrance Flower show announced that extensive preparations for an excellent exhibition are being carried out by his committee. Some discussion arose in regard to the paying of Amella street from Main street to Avalon boulevard. It was brought out that some of the property owners along that strip of Amella street were opposed to paving it and others were in favor of this improvement.

However, Supervisor John R. Quinn says that there will be nothing done in regard to paving until the property owners decide what they want. It was decided that the membership drive would be ended at the next meeting of the chamber which will be September 27. George H. Koehler and Thomas A. Cowan are the two captains of the contesting membership drive.

PEACEFUL PLACE

FLORENCE, Colo., (UP)—This city does not know what a crime wave is. Nearly two months passed without a single arrest. Not even a traffic law violation was reported.

Mayfair Milk Now Served To School Pupils

Principal H. S. Wood Praises Quality of Products Made By Local Creamery

Torrance milk products for Torrance school children is the new ruling effective this week, according to Herbert S. Wood, principal of the high school, who announced that arrangements have been made with the Mayfair Creamery of Torrance to supply the school cafeteria with milk and other dairy products from the local creamery.

"This change is in keeping with the policy of the Board of Education to buy as many articles locally as possible providing quality and price are equal. Upon investigation, we find that the products of the Mayfair Creamery are high grade in every respect and we are indeed happy to be able to patronize our own Torrance creamery," Mr. Wood added.

Water bonds are not like other improvements bonds, because they pay their own way, without tax assessments. Vote "YES."

THE MILK RUSH

THE Torrance High school has gone MAYFAIR! . . . and that is as it should be. QUALITY . . . was the first and deciding factor in selecting MAYFAIR as the product to serve the high school student at lunch time.

CLEANLINESS . . . in the production plant . . . discovered by the high school authorities . . . upon their inspection . . . revealing modern machinery and efficient methods of handling MAYFAIR products . . . was another factor.

SERVICE . . . was still another . . . and too, the very fact that Mayfair Creamery is a home institution had lots and lots to do with it.

COURTESY . . . clinched the decision . . . so you see after all your child's welfare is carefully guarded and when the bell rings for lunch time and . . .

THE MILK RUSH . . . is on, Helen . . . George . . . Norma . . . and Harry . . . They'll all say, "Please let me have a bottle of MAYFAIR!"

PERHAPS you thought of the General Electric Refrigerator as an expense. It isn't. It is an actual economy.

It keeps food from spoiling. That's an economy. It keeps milk from souring. That's an economy. Because spoilage is prevented and waste eliminated, you can buy meat, fruit and vegetables in larger quantities when market prices are favorable. That's an economy. You can make your own delicious frozen desserts, salads and refreshments very quickly and easily. That's an economy. And while the General Electric Refrigerator is doing all these things for you, it is freezing all the ice cubes you can use. That's an economy.

Operation cost is but a few cents a day. That's an economy.

With our easy time payment plan, you can have a General Electric Refrigerator working for you tomorrow—and, you pay as you save. That's an economy.
