S. C. D. Lowen Asks the  
Chamber of Commerce to  
Reconsider Action  
Mrs. C. D. Lowen, 904 Beech  
et, addressed a plea to direc-  
of the Torrance Chamber of  
merce this week urging cham-  
officials to reconsider their  
on in withdrawing support of  
Mothers' Educational Center.  
en the chamber went on the  
-cent tax basis recently, the  
thly appropriation of \$15 to  
the expenses of the baby  
ic was eliminated from the  
get. Mrs. Lowen's letter, in  
t, follows:  
Speaking from my own experi-  
e, I know that Dr. Wilde's work  
educating your mothers in the  
per care of their children has  
a Godsend to numerous Tor-  
people. I cannot believe that  
taxpayer of Torrance, how-  
frugal, being acquainted with  
wonderful work which Dr.  
de has been doing, could be-  
ge the trifling outlay of five  
dollars per month necessary  
the maintenance of the baby  
ic.  
It is my hope that the chamber  
reconsider its action in order  
Torrance babies will not be  
rived of the advantages which  
available to the children of  
etically all other important  
munities in Los Angeles  
nty."  
chamber directors laid the mat-  
over until their next meeting.
