We are striving to carry the newest and latest styles and dependable quality of fresh goods, so that we can maintain a group of satisfied customers.

"A simple story told in a simple manner"

We boast of as fine a line of \$3.95 - \$5.95 and \$10.75 Dresses as any store can carry.

For fine quality original style and excellent materials they cannot be surpassed.

Narbonne In Tie for Third at San Berdoo

LOMITA—Entering the competition at the National Orange Show at San Bernardino this year for the first time, Narbonne high school's A team, composed of Franklin Smalley, Lester Curry and Robert Stock, tied for third place with a score of 1972. The only Marine League high school, Torrance, Banning and Narbonne, which took part in the contest, lead the field of 14 contestants. Narbonne took third place in three out of four events but failed to roll up enough points to place higher than third in the contest. Individual winners were Robert Stock, who took fourth in individual judging, Lester Curry, first in judging pecked boxes. The B team scored 2059 points to take fourth place, with Jack Rathbun receiving a silver award for second place in grape fruit judging. The B team was composed of Jack Rathbun, Robert Mayer and Alva Hawks.

Flyin' Buzzard

The boys are havin' some swell time these days here on the "Flyin' Buzzard" range. "We've got to do somethin'," said Boss, "so Tenderfoot havin' nothin' to do, will be the very one to send out to kill 'em." So off he went to get them boys. He wuz gone all day 'n all sundown he come a-ridin' in. "Here is a brother for Mabrjar, the cat. I found it way out there in those lonely mountains," he says, as it scratched at his legs, he had it by the tail. "I sure had a time getting it, guess its got wild since it got lost, 'n I want to make you boys a present of it," he tossed that skunk right in the middle of 'em. "Phe!" he said, as it hit the ground. "When did forty take his shoes off?" "Dog-gone it, to thunder 'n lightning!" said Doggie Cy. "Why couldn't that 'a been a big growl in the first place, when he tried to catch it by the tail?"

Business Women Meet at Nurses' Home On Monday

The March business meeting of the National Business and Professional Women of Torrance will be held at the Nurses' home, 1416 Cota avenue, Monday evening, March 7. The place of meeting has been changed from the Chamber of Commerce rooms to the above address. At the dinner meeting to be held March 15 at Earl's Cafe, former Los Angeles city councilman, Charles J. Golden, of San Pedro, will be the speaker. His topic will be, "Women and Children of the World." Members are privileged to bring guests, and are requested, if they do so, to notify Laila P. Bowen, who has charge of arrangements.

Mrs. Leroy Lloyd Passed Away Sunday

Mrs. Leroy Lloyd, 1608 220th street, passed away at her home Sunday night following a long illness due to a chronic ailment. She was 42 years of age. Funeral services were held today at 2:30 p. m. from Stone & Myers chapel, Rev. O. D. Wonders of the Central Evangelical church, conducting the services. The remains were taken to Fairview, Montana, Mrs. Lloyd's former home for interment. She is survived by her husband, Leroy Lloyd, and two brothers and two sisters, residing in western states.

STORY 2

Continued from Page 1

Public Improvements," the "Cash Basis Fund," the "Advertising and Promotion Fund," and the "Gasoline Tax Fund." The savings that will be effected through the operation of the special Assessment Fund for Public Improvements and the Gasoline Tax Fund cannot be calculated annually in dollars and cents, but due to the fact that a large part of the city of Torrance is undeveloped from a public improvement standpoint, such as streets, sidewalks, curbs, drains, etc., these provisions will, when in operation, save the city of Torrance a great many thousands of dollars and many months of time and inconvenience.

The operation of the "Cash Basis Fund" can be calculated with some certainty. The object of the fund is to place the city of Torrance upon a cash basis, that is, the charter provides, that the city must include in the annual tax levy, at least three cents each year until sufficient funds are on hand to keep the city of Torrance in cash pending collection of taxes for the following year. It is estimated that approximately \$1,000.00 will be paid in interest on money borrowed by the city this year because the city is not operating on a cash basis. If the city of Torrance was operating upon a cash basis, and had some \$50,000.00 cash on hand to operate upon, say from June to December, the city would save \$1,000.00 in interest and receive at least one and one-half per cent interest on its minimum monthly balances. The total would be a saving of approximately \$1,500.00 per annum.

The operation of the provision regarding the taxes for the pro rata of the city will reduce the tax from ten cents to five cents, a saving of approximately \$12,000.00 per annum. This provision is essential even though this rate should be reduced at the election on other propositions submitted, because, if the charter is adopted, the provisions of the general law regarding cities of the Sixth Class, such as Torrance, would not apply, and the city would be without a promotion tax fund.

Through the operation of the schools by a local board of education, NOT BY THE CITY OF TORRANCE, a saving of at least 25 cents on each \$100.00 of assessed valuation can be effected. This will be shown in a subsequent article dealing solely with the schools. In this connection, however, it might be pointed out that the tax rate at the present time for the operation of the schools in the Los Angeles school district is \$1.62. The city of Montebello, which has approximately 2500 pupils and 120 teachers, or twice the number of pupils and teachers which Torrance has, is operating under a tax rate of \$1.25 or 25 cents under the rate of the Los Angeles school district. These tax rates can be verified from the 1931 Tax Papers' Guide, and ARE NOT ESTIMATES OR HEARSAY, BUT FACTS. It has further been estimated that owing to the annexation of the city of Huntington Park to the Los Angeles school district that the tax rate for the operation of the schools in the Los Angeles school district will be increased to \$1.65,

an increase of at least three cents making Torrance pay an additional tax on the present assessed valuation of at least \$6,000.00 per annum for the operation of the schools in Huntington Park. This will be 2 1/2% of what is being saved by the reduction of the promotion tax by five cents which has been engaging the attention of at least ONE THOUSAND ELECTORS of Torrance as shown indicated. Details concerning the other matters referred to above will be discussed in the article appearing next week.

365 DAYS of KITCHEN TASKS MADE LIGHTER

Give Mother What She Really Wants! Gladden her heart with this modern gift that will bring her greater freedom from the kitchen every day of her life.

Mother's most important, yet grueling task is cooking three meals a day over a hot stove in a stuffy kitchen. Why let her waste and fret all these precious hours when they can so easily be spent in leisure, pleasure and usefulness? Modern Mothers let electricity do the cooking—automatically, while they spend their time out of the kitchen.

With a General Electric Hotpoint Electric Range every elusive flavor is captured and sealed in; foods keep moist and tasty and are sent to the table with an ease that adds years to Mother's life.

What gift is more practical, appropriate and appreciated than one which lightens the tedious labor of cooking and turns wasted hours into useful ones.

Decide this year to Give Mother What She Really Wants.
