Win a Chest of Silver!
ENNA JETTICK WORD CONTEST!

- FIRST PRIZE:**
50 piece chest Oneida Community Par Plate, guaranteed for 35 years.
- SECOND PRIZE:**
Beautiful Oneida Community Par Plate Steak Platter.
- THIRD PRIZE:**
Your choice of a pair of Enna Jettick Shoes.

Come in, get your free entry blank and explanations! The Enna Jettick Word Contest is a fascinating game! How many words can you make from the letters contained in this slogan:

WEAR ENNA JETTICK SHOES

TRY your skill. Get out your paper and pencil. It's simple! Here are a few: are, eat, ear, jet, ten, etc. Entries must be left at our store before closing, June 25th, or postmarked not later than midnight, June 25th, 1932. The prizes will be awarded as soon as it is possible to check carefully all entries.

Enna Jettick Shoes are smart for all occasions and are made in sizes to fit any foot. They are created for energetic women who want to go and do without fatigue. The prices are \$5 and \$6—none higher. "You need no longer be told that you have an expensive foot."

New Officers Woman's Club Take Places

Julia B. Neelands Installed as President for the Ensuing Year

Mrs. W. W. Wilkinson, past president of the Hermosa Beach Woman's Club and chairman of community service for the Los Angeles district, installed the officers for the ensuing year at the Torrance Woman's Club Wednesday, with a very brief but impressive ceremony.

The new officers are Mrs. Julia B. Neelands, president; Mrs. Helen Dailey, first vice president; Mrs. Mary E. Price, third vice president; Mrs. Marie Worcester, secretary; Mrs. Caroline Collins, federation secretary; Mrs. Velma Schultz, director of child welfare; Mrs. Elsa Meinzer, luncheon director.

Chairmen appointed by Mrs. Neelands were Mrs. Mildred Lancaster, hospitality; Mrs. Jennie Roelofs, international relations; Mrs. Alta Hudson, ways and means; Mrs. Gertrude Ralston, co-operation with war veterans; Mrs. Louise Jensen, motion pictures; Mrs. Emma Merriam, sunshine; Mrs. Ina Gilbert, luncheon reservations; Mrs. Phoebe J. Milburn, publicity and historian.

At the close of the installation Mrs. Collins, the retiring president, turned the gavel over to Mrs. Neelands, the newly installed president.

Mrs. Mary Lewis presented Mrs. Neelands with a basket of flowers from the club and Mrs. Mary Vonderahe presented Mrs. Collins with a past president's pin on behalf of the club.

The annual luncheon of the club was held preceding the installation being served by the ladies of the Methodist church.

The luncheon program was composed of a group of songs by Gerald Compton, accompanied by Miss Ruth Pratt, both of the Phineas T. Fanning high school at Wilmington.

Reports of the various chairmen of the club were given. Mrs. Isabel T. Henderson, auditor, congratulated the club of the perfect set of books kept by the treasurer, Mrs. Ruth Rippy. Mrs. Eloda Barkdull, motion picture chairman, announced that for the past two years the club had had a 100% attendance at the motion picture conferences. Mrs. Maude Lock, chairman of child welfare, stated that 367 children had been examined by the doctors of the Mothers' Educational Center and that 65 of these were new children.

The treasurer's report showed that despite the depression, the club had been able to meet its expenses as well as pay something on the mortgage.

Mrs. Sam Levy, membership chairman, announced that 25 new members had been gained by the club since November 1.

Mrs. Wilkinson announced that Mrs. Collins would serve as registrar of the community service conferences which are held once a month during the club year at the district headquarters in Los Angeles.

Drivers In Race Meet On Holiday Use Firestones

A personal telegram from H. S. Firestone, Jr. to his dealers all over the country, which was sent out on Decoration day at the conclusion of the Indianapolis auto classic, sets out the superiority of Firestone tires under all circumstances, particularly those of a grueling race. The telegram reads: "Another world's record for Firestone tires, Fred Frame, driving a Miller Hartz special, won the Indianapolis International 500-mile race at an average speed of over 104 miles an hour without a single tire failure. This was three miles per hour faster than Peter DePaolo's former record in 1925, also made on Firestone tires. All ten of today's money winners were on Firestone tires. No other tire built today could stand these terrific strains but the added strength and heat resistance of gum-dipping and the two extra cord plies under the tread give greater adhesion of the tread to the cord body. These extra values given in Firestone tires make them the safest tires in the world. I wish you could have been here as I am sure you would have been as proud as I was of the wonderful performance of our tires."

KEYSTONE WOMAN'S CLUB

The beautiful, spacious gardens at the home of Mrs. George H. Koehler on 223rd street were the setting for the final meeting of the Woman's Club of Keystone on Friday. Luncheon tables, artistically decorated with bowls of carnations, baby breath, delphinium and greenery were used for the basket lunch which the members and guests enjoyed at noon.

Mrs. George Nahmens, retiring president, was presented with a past president's pin during the luncheon hour and Mrs. George H. Koehler, efficient ways and means chairman for the past year, was presented with an appropriate gift in appreciation of her faithful work. Both responded with brief remarks.

Guests of the day included Mrs. Caroline Collins, president of the Torrance Women's club; Mrs. E. Banks, Mrs. R. V. Roelofs and Mrs. Ernest Landreth of Torrance, and Mrs. Ada Cross of Harbor City.

During the business meeting, presided over by the president, Mrs. George Nahmens, it was voted to send a letter to the Los Angeles board of education protesting their proposed action in discontinuing bus service for the school children. After a lengthy discussion it was agreed to hold only monthly meetings next year, the place for meetings to be definitely decided in the fall.

This club, together with the Pathfinders' Club and Woman's City Club, both of Compton, and the Dominguez Woman's Club will be in charge of arrangements for the annual picnic at Bixby Park in Long Beach of the Garden Section of the Federation of Women's Clubs, Los Angeles District, June 13. It was announced. Bouquets of seasonal flowers will be entered by many clubs in the district and prizes will be awarded for quality and arrangement.

Plans have been definitely made for the picnic dinner to be given for the veterans at the Compton hospital on June 7, at which time the local club, with Mrs. Lucy Sault as their chairman, will assist.

Yearly reports of the officers and chairmen were given by Mrs. Nahmens, president; Mrs. J. H. Crumrine, first vice president and program chairman; Mrs. Pauline Tourtellot, secretary; Mrs. Clara Kraft, treasurer; Mrs. C. E. Harshman, corresponding secretary; Mrs. Thomas A. Cowan, historian; Mrs. George H. Koehler, ways and means; Mrs. Lucy Sault, co-operation with war veterans; Mrs. Charles M. Forrest, California history and landmarks; Mrs. H. H. Barnard, hospitality; Mrs. J. E. Leevers, music; Mrs. R. V. Roelofs of Torrance was the installing officer inducting into office the following board: Mrs. J. H. Crumrine, president; Mrs. Thomas A. Cowan, first vice president; Mrs. George H. Koehler, second vice president; Mrs. Maud Barnard, recording secretary; Mrs. Clara Kraft, treasurer; Mrs. John Hilpert, corresponding secretary; Mrs. C. E. Harshman, auditor. Mrs. Roelofs asked the old officers and the new board to join hands forming a circle and in giving the command to the new board likened the circle to a large chain, each person becoming a link. Mrs. Nahmens presented Mrs. Crumrine with the gavel, wishing her success for the coming year and thanking the members and outgoing board for their splendid co-operation.

Mrs. Crumrine announced a meeting of the new board for Monday afternoon at 3 o'clock at her home on Moneta street.

Highway Finished to City Limits of El Segundo

Completion of Roosevelt highway to the city limits of El Segundo, with which State street will ultimately be connected, was announced today by the state highway commission in Los Angeles. Pouring of the cement concrete pavement, 40 feet wide, was completed last week by Jahn and Bressi Construction Company, Inc., and this week the contractors finished picking up the loose ends of the job.

The newly-completed link is 5.2 miles long and extends from El Segundo to Washington boulevard, connecting up with Lincoln boulevard at that point. Just above the city of Santa Monica, Roosevelt highway starts in again at the water's edge and leads northerly to Santa Barbara.

DROWNED IN JAR EMPORIA, Kan.—(U.P.)—

Ted Langenegger, one and one-half years old, fell into a 10-gallon jar while playing, and drowned. The jar contained only two inches of water.

Court to Rule On Transfer of Funds for School

The California supreme court will hear the petition of the Los Angeles city school district asking county funds to erect an elementary school at Fermin Palisades, Normandie Terrace and other localities on June 7, according to advices received from the court clerk today. The tribunal will be sitting in the new state building in Los Angeles on that date.

School improvements totaling several hundred thousand dollars depend upon the outcome of the petition. County Auditor H. A. Payne refuses to allow warrants covering contracts on construction of buildings and repairs, purchasing of equipment and insurance, on the grounds that the items are not properly chargeable to the building tax fund.

Need for the elementary school buildings is urgent, the school district's petition recites.

Seniority Rule Governs Offices

Seniority rule has been followed in designating the number of the superior court offices to be filled at the forthcoming elections. It was announced this week following agreement among the judges.

Office now held by Judge Charles S. Crall shall be No. 1, Judge Albert Lee Stephens, No. 2; Judge H. Parker Wood, No. 3; Judge Charles S. Burnell, No. 4; Judge Walter S. Gates, No. 5; Judge Ruben S. Schmidt, No. 6; Judge Robert H. Scott, No. 7; Judge Lester William Roth, No. 8; Judge Minor Moore, No. 9; Judge Francis J. Henry, No. 10; Judge Charles E. Haas, No. 11; Judge Isaac Pacht, No. 12; Judge Clement L. Shinn, No. 13; Judge Lewis Howell Smith, No. 14; Judge Georgia Bullock, No. 15; Judge Guy F. Bush, No. 16; Judge Henry M. Willis, No. 17; Judge Thomas P. White, No. 18; Judge Carl A. Stutsman, No. 19; Judge Charles D. Ballard, No. 20; Judge W. Turney Fox, No. 21, and Judge Frederick C. Valentine, No. 22.

Suit Filed Asks Damages From the Roosevelt Memorial

Alleging breach of contract on the part of the Roosevelt Memorial Park Association, Clint W. Williams today has on file in Los Angeles superior court an action asking \$10,000 damages.

Williams' complaint sets forth that agreement was entered into April 29, 1927, for purchase of 10 sections at a figure of \$3000. On December 18, 1928, agreement was made to purchase two more sections for \$1500 and \$750 for a third lot. The parcels were to be used for cemetery purposes, the complaint states, but Williams asserts the cemetery company has refused to turn them over to him. This has prevented him from selling them, he further asserts, with consequent loss to him.

The suit was filed by Attorney M. H. Broyles.

POLICE TEST AUTOGIRO PHILADELPHIA.—(U.P.)—Kern Dodge, director of public safety, has tested a Pitcairn autogiro for use in the police department. Lodge said it had many advantages over a regular plane for such work.

Cost of Work Could Be Cut, Says Resident

Harbor City Man Tells Board Expenses of Maintenance Are Too High

Cost of street maintenance work could be cut approximately 60 percent, in the opinion of R. McKenzie, Harbor City resident, who told the county board of supervisors so in a letter this week. McKenzie was referring to the methods employed by the city of Los Angeles.

McKenzie was prompted to write the supervisors, he said, regarding the plea of Los Angeles city councilmen to cut themselves a \$2,300,000 slice of state gas tax and license funds, to take care of street maintenance work in the city for the next fiscal year.

"Los Angeles county is four times as efficient as the city in its street maintenance work," McKenzie stated in "handing the supervisors a bouquet," as he termed it. He added that he believed the \$5,000,000 unemployment benefits voted a year ago had been practically wasted, because the city had little to show for it.

The supervisors are scheduled to give the metropolitan city a definite answer as to how much—if any—gas tax funds can be advanced to the city for street maintenance, in the next few days, possibly this week, when they get down to the budget for capital outlay and maintenance.

Legionnaires Wait Call For Mobilization

The scurrying of Legionnaires through the streets of California communities during anyone of the next few Sundays will not mean a real disaster but a preparedness measure in the event that a disaster should occur. Leslie F. Olson, chairman of the American Legion disaster relief commission, wants to see how fast the boys can "get there" should something actually happen and the great organization of the Legion is needed for relief work.

To accomplish this experiment Olson has notified the commanders of the 455 posts in the state to be prepared for a trial emergency call on a Sunday morning not later than June 12. The post commanders are to broadcast the call through any handy means at their disposal and designate the mobilization point. Radio, telephone, telegraph, press, aeroplane signals and other means will be used in the various cities to reach members. Then it is up to the Legionnaires to drop their daily dozen and report for registration at the nearest center.

Complete reports of the results of the test are to be sent to Van Hogan, state commander of the Legion at department headquarters in San Francisco through district and area commanders within a few hours after the call is sent out. Four beautiful trophies and a number of medals are to be awarded for the best showings made by district and post.

Hearing Date Set For Setback Lines On Governor Ave.

Hearing will be held next June 30 on the proposal to establish setback lines on Governor avenue in Harbor City as a continuation of Western avenue between Lomita boulevard and 260th street, it was decided by the Los Angeles city council this week (Monday). Resolution of intention was passed Monday. This is in the shoeing annex to Los Angeles city and is east and south of Torrance.

The setback lines would establish a building line along this artery, so that no building could be erected within a certain distance of the center line of the street. This provision is being taken in anticipation of additional width for the street, and buildings will not be in the way if it is found necessary to widen the thoroughfare.
