Black Knights Are Jinxed By Tall Guy Off The California

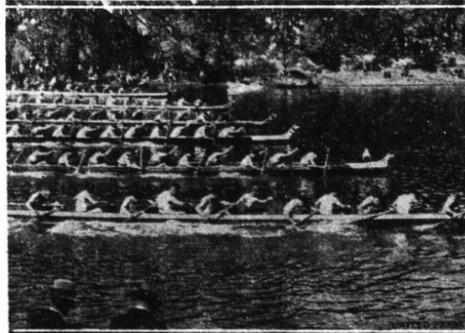

A tall, skinny guy off the U. S. S. California turned out to be a big disadvantage to Mike McLean's Black Knights last Friday night when the local champs took on the Navy squad in a casaba bout at the Torrance gym. This tall guy, who was anchored under the Torrance basket and only had to reach up about six inches to roll the ball into the hoop, made plenty of trouble. That and the Navy lads' fast passing attack, which keep the Knights very busy indeed, accounted for the Torrance defeat, 29-24.

At that, it was a close game, and the Navy realized it had been somewhere and traveling at a very fast pace when the final whistle blew.

Two new men, Jimmy Dunn, guard, of San Pedro, and Johnny McFadden, forward, have joined the Black Knight squad and both are doing good work.

Winter Carnival Delayed To March

The winter sports carnival which was scheduled at Big Pines for February 3rd and 4th, has been postponed to March 4th and 5th, according to a report received by the touring department of the National Automobile Club. Extremely heavy snowfall made the change necessary. From six to eight feet of snow covers this lovely mountain resort at the present time. Skiing, sleighing and tobogganing are being enjoyed by winter sports enthusiasts.

Both roads to Big Pines are open, but motorists are advised to equip their cars with chains.

Y. M. C. A. at the Ocean Park municipal auditorium was scheduled last night.

Tomorrow, night the Knights play in the local gym. All local basketball fans are invited to attend. Games are free to the public. The Knights are of championship caliber and put on some thrilling exhibitions which deserve the support of the home town enthusiasts.

Night School Hoopsters Are District Champs

Coch Fufts Squad Defeats University to Win Title

Coch Bud Fufts, mentor of the Torrance night school basketball squad, had just had the satisfaction of seeing his charges bring home the coveted championship of the Los Angeles district and is now seeking new opponents to conquer.

The night school squad finished their season as members of the L. A. district with a victory on Wednesday last week over the University night school outfit. The game was played at Sawtelle, and turned out to be a royal battle with the Torrance lads having a slight edge. Teams from Hollywood, Jefferson, Los Angeles high school, University and Torrance made up the circuit.

Next week the Torrance champs will play the winners of the northern district, which district includes schools from the territory joining Los Angeles on the north.

The Torrance casaba shooters were given a considerable advantage during this season's campaign through having Fufts as their coach. Fufts is a U. C. L. A. graduate, who was a star on the Uclan 145-pound casaba team, and consequently well posted on what it takes to make a successful team.

Cross Country Run Opens Track Season

LOMITA.—Track season at Narbonne high will open as usual with the annual cross country run, in which a big squad of ambitious runners will take part. The event will be held Tuesday, February 14. Floyd Carpenter, winner for the past three years, whose name has been engraved three times on the silver cup trophy offered by the principal, Miss Clementina de Forest Griffin, is the favorite to finish first again this year. However, there are two or three promising individuals who are pretty good, any one of whom may upset the advance dope by beating Carpenter.

The course will cover several miles of varied country. The inter-class track meet, which is depended upon to give a line on the season's track stars, will be held Friday, February 17.

"TEN O'CLOCK SCHOLAR" He had to wait for Hot Water. A New Automatic Gas Water Heater \$5 Down. 10% Allowance for your old water heater. Time spent waiting for an old-fashioned water heater to get into action is time wasted, because it is so unnecessary. A modern automatic gas water heater keeps hot water on tap all hours of the twenty four, and daily cost of operation for the average family is only about the price of a newspaper. Natural gas is, of course, the most economical fuel for water heating.
