

MILK MUST BE COOLED

Cooling of milk, from cow to consumer, is a chore in which electricity plays an important part. On both small and large dairy farms electric power for refrigeration has many advantages, principal of which are these three:

1. No contaminating odors in or around milk house.
2. Automatic control and dependability.
3. Low operating costs.

In addition to delivering dependable, uninterrupted electric service to the dairy farmer, the Edison Company is interested in rendering any further cooperation within its means to obtain for you increased efficiency as well as reduced costs.

The services of our refrigeration men are offered to dairy farmers without charge. Just get in touch with your nearest Edison district office.

Southern California EDISON COMPANY LTD.

CHURCHES

"GO TO CHURCH SUNDAY!"

Church notices, to be assured of publication, should be in the Herald-News office before 10 a. m., Tuesday. Every effort is made to publish them all, but occasionally when they are late it is impossible.

CHURCH OF THE FOUR-SQUARE GOSPEL

Corner of Cota and Torrance boulevard, Rev. James Chalupnik, pastor.

Sunday—
Sunday school, 9:30 a. m. Classes for all ages.

10:45 o'clock, morning worship. Evangelist Ruth Davis will bring the message.

8:30 p. m., Crusaders. Vera Gray of Angelus Temple will speak.

7:30 p. m., very special service. The group that went to Holy Land in 1930 will have charge of the evening service. They will be dressed in the costumes that were purchased inside the Jerusalem wall. Sister Gray will have slides of the trip and also speak. Everyone welcome.

Tuesday, 7:30 p. m., prayer and praise service.

Thursday, 7:30 p. m., study the book of Genesis.

Saturday, 2:30 p. m., children's church.

Saturday, 6:30 p. m., orchestra practice.

FIRST LUTHERAN

Acacia avenue and Sonoma street. Phone 591. Frank D. Mechling, pastor.

Sunday school, 9:30 a. m.
Morning service, 10:45 o'clock. Subject of sermon, "Making Excuses."

Choir rehearsal on Wednesday at 8:00 p. m. Daily vacation Bible school begins on Monday, June 26, at 9:00 a. m.

Luther League on Friday, June 30, at 7:30 p. m.

The Women's Missionary Society is sponsoring an address and demonstration by a representative of The Kitchen Kraft Co. in the parish hall, June 29, at 8:00 p. m.

CENTRAL EVANGELICAL

Marcella and Arlington avenues. O. D. Wonder, minister.

Sunday school at 9:45 a. m. W. E. Bowen, superintendent.

Morning worship service, 11:00 o'clock. Sermon by the pastor.

No evening services.
Prayer meeting, Wednesday at 7:30 p. m.

Free Lecture At Lutheran Church

A lecture on "Food and Its Relation to Health," at the parish hall, sponsored by the Missionary Society of the First Lutheran church, Acacia avenue and Sonoma street, on Thursday evening, June 29, 1933, at 8 o'clock.

Mr. James S. Colaw of the educational department of the Kitchen Kraft Company has been secured to give this lecture. Mr. Colaw says that most common ailments such as rheumatism, decayed teeth, stomach trouble, etc., are caused by wrong eating. He will explain how these and other diseases may be prevented or cured by eating proper food.

After the lecture a light lunch will be served and if 25 married couples are present the church kitchen will receive \$20 worth of large, heavy aluminum kettles absolutely free.

Please come, bring your married friends and help secure this gift.

Vacation Bible School Opens Mon.

The daily vacation Bible school at the First Lutheran church begins on Monday morning at 9 o'clock. The school this year will be similar to that of last summer when Bible stories, Bible poster making, memorizing of hymns and Bible passages were enjoyed by the children. Bible story jigsaw puzzles will be added. Children from 4 to 14 are welcome.

ST. ANDREWS CHURCH

1488 Engracia avenue. Rev. F. Murray Clayton, vicar.

Morning service, 9:00 o'clock. Morning prayer and sermon.

Evening service, 7:30 o'clock. Evening prayer and sermon.

Woman's Auxiliary meets the first and third Thursday of the month at 2:00 p. m. in the Guild hall.

Choir practice every Thursday at 7:30 p. m. in the Guild hall, followed by the Young People's Association at 8:30.

BAPTIST CHURCH

Sunday school, 9:45 a. m. Evangelist Harry O. Anderson will speak to the assembled Sunday school.

Sunday morning service, 11:00 o'clock. Harry Anderson will preach.

B. Y. P. U., 6:30 p. m. An impressive candlelight ceremony will be held.

Evening service at 7:30 o'clock. Harry Anderson will preach the closing sermon of his revival meetings.

Teachers' meeting, 7:30 p. m. Tuesday, at the church.

Prayer meeting, 7:30 p. m. Wednesday, at the church.

CHURCHES OF CHRIST, SCIENTIST

"Christian Science" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

One of the Bible selections includes these verses from Matthew relating to Christ Jesus: "Then was brought unto him one possessed with a devil, blind, and dumb; and he healed him, insomuch that the blind and dumb both spake and saw. . . . But when the Pharisees heard it, they said, This fellow doth not cast out devils, but by Beelzebub the prince of devils. And Jesus knew their thoughts, and said unto them, Every kingdom divided against itself is brought to desolation; . . . And if I by Beelzebub cast out devils, by whom do your children cast them out? . . . But if I cast out devils by the Spirit of God, then the kingdom of God is come unto you."

Among the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are the statements: "Any attempt to heal mortals with erring mortal mind, instead of resting on the omnipotence of the divine Mind, must prove abortive; . . . The tree must be good, which produces good fruit."

URGE PEOPLE TO KEEP GAS TAX FOR ROADS

Artist Billy Cam shows what may happen to California's roads unless the public votes No on Propositions 9 and 10 on the June 27 election.

Gasoline taxes in California must be kept for California highway construction and maintenance. They are assessed and paid for that purpose alone, and they must not be diverted to any other uses. This is the basis on which the Highway Protective Committee was formed, according to John R. Quinn, chairman of the Southern California division. The Committee is conducting a state-wide campaign in opposition to Propositions 9 and 10 on the June 27 ballot, which contemplate the diversion of \$17,230,000 from gas tax funds to the general fund by July, 1935.

Highways are California's greatest asset. They are largely responsible for the tourist trade which brings \$20,000,000 annually into the state, Quinn said. If the proposed diversion is approved, it will mean curtailing the scheduled program of highway construction by from 60 to 75 per cent.

The standards of the remaining projects will be reduced, and 10,000 men thrown out of employment. To permit the highways to deteriorate will mean crippling of commerce and trade, slowing up of development of the state's resources, and an increase of distress in the state, Quinn declared.

Chambers of commerce and other civic and business groups all over the state have pledged support to the Highway Protective Committee in opposing Propositions 9 and 10.

George Lancaster Elected President Alumni Association

Torrance Alumni Association held its annual banquet at the Torrance Woman's clubhouse Wednesday evening. Over 100 attended and every class graduated from the high school was represented. Walter Zuver, the retiring president of the association, acted as toastmaster. Prof. Arthur Waidelich and Mayor Klusman were the principal speakers of the evening.

At the election of officers for the coming year, George Lancaster was chosen president and will be supported by Harry Nebenzahl as first vice president; Mildred Holland, secretary, and Walter Zuver, treasurer.

The program dance following the banquet was one of the prettiest affairs of the year. The hall was decorated in the school colors of red and gray and 200 hundred graduates renewed their school-day friendships.

The committee in charge was Walter Zuver, Ethel Ward, Rita Lister, De De Barnard and Don Barnard. Mothers of the alumni who prepared the banquet spread were Mrs. Dinsmore, Mrs. Hazel Ward, Mrs. George Watson and Mrs. Al Currier.

Junked Cars Reinforce Jetty

BROADUS, Mont. (U.P.)—A new use for junked automobiles has been discovered in Broadus. Engineers are using them to reinforce a jetty being constructed along the Powder river. The jetty is one of several structures being erected to divert the course of the river through a central channel, and to halt river bank erosion.

CHRISTIAN SCIENCE

by

CHARLES V. WINN, C. S. B.
PASADENA, CALIFORNIA

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

To be delivered in

MASONIC TEMPLE, 1321½ SARTORI AVE.

MONDAY EVENING, JUNE 26, 1933 - - - 8 P. M.

The Public is Cordially invited to Attend, Doors open at 7:00

Communities to Share Cost of Beach Upkeep

That taxpayers of Torrance and every other city and community throughout the county will contribute toward the cost of guarding and maintaining the public beaches up and down the coast line from Santa Monica to Long Beach appeared probable today following a conference at the Hall of Records Friday.

The plan, without which it may be impossible to keep beaches open to the public in all instances, for unification of all city, county and state beaches on the coastline. Supervisor John R. Quinn, in whose district practically all of the beaches lie, gave his endorsement to the proposal.

Advanced by a special committee of the Harbor District Chambers of Commerce, the plan is to unify life guard service, maintenance, bathing suit regulations, beach rules, lifeguard colors and other things at all beaches, whether they be in the city of Santa Monica, Los Angeles or on state property. Serious shortage of funds threatens Long Beach and Los Angeles, Quinn was told.

Several beach communities, it was stated, do not feel that residents from every other city in the county should use their beaches, clutter up the sand with refuse and papers and leave the mess for their maintenance departments to clean up. Assessed valuations have dropped. Long Beach has been hard hit by an earthquake, and the burden should be distributed over the entire county, it is contended.

Under the proposed plan as explained by Carl Hyde of Torrance, president of the Harbor District Chambers of Commerce, there would be a small charge for parking automobiles on beaches, and the development of concessions would be encouraged in order to provide additional revenue. James K. Reid, superintendent of the county recreation department, also endorsed the proposal.

Sheriff's Sky Squad Sworn In Sunday at Municipal Airport

Well-known aviators from all over Los Angeles county, to comprise the county sheriff's first aerial detail, are to be sworn in at impressive ceremonies at Los Angeles municipal airport, Inglewood, next Sunday, June 25, it was announced today.

Including well-known civil aviators from Clover Field and other leading airports, the group will serve without compensation in time of major disasters, such as the recent earthquake, state or national emergencies, and will be pressed into service to search for lost aircraft or persons in mountain and deserts.

Sheriff Eugene Biscuitz has designated Capt. C. F. Morgan to head the aerial squad.
