

### Bank Receives Official FDIC Window Signs

Deposits In Torrance National Bank Guaranteed to \$5000 By U. S. Government

Torrance National Bank today received from the Federal Deposit Insurance Corporation at Washington the official signs which will hang at all receiving windows as visible evidence that the depositors of this institution are insured.

Torrance National Bank is one of more than 14,000 licensed banks in the country which are receiving these signs. Insured banks are able to offer protection to their depositors up to \$5,000. Statistical studies have shown that this maximum fully protects more than 97 per cent of all the depositors in insured banks.

### Race of Meters Proves Economy Of Refrigerator

Novel Contest Being Held In Edison Company Window On Sartori Ave.

An interesting race between electric meters is being held in the display window of the Southern California Edison Company on Sartori avenue. One meter is connected with a Westinghouse refrigerator of average family size and the other meter is hooked up to an ordinary 60-watt lamp.

Despite the fact that the Westinghouse refrigerator is laboring under the handicap of sitting in the hot afternoon sun, so far the meter reading on the refrigerator is less than half that shown on the meter connected with the light.

Anyone interested in purchasing a refrigerator is invited to watch the race of the meters in the Edison company window.

### Reaves Nominated For State Assembly

Fred Reaves, E-P-I-C endorsed candidate on the Democratic ticket for the state assembly in the 68th district, was assured of winning the nomination as almost complete returns were being compiled today.

### Many Absent Voters Apply For Ballots In Primary Election

A total of 4824 absentee ballots were taken out for the primary election, 1324 of which were voted at the office of the registrar of voters by 5 p. m. last Thursday afternoon, the deadline to apply for the ballots. The absentee ballot permits persons who will be out of town on election day to cast their ballots.

### Case Postponed Until Sept. 5

Proceedings against Valentine Brown, of Lomita, who was brought into the municipal court yesterday on charges of violating the plumbing ordinance of the city, were continued until next Wednesday, September 5, at 10 o'clock. Brown was accused of having installed plumbing fixtures in a house in South Torrance without first having taken out a city license and without having had the work inspected by city officials.

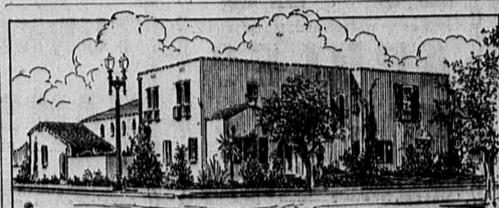

### FUNERAL SERVICES

Funeral services for the late Rollie Roy Morris, who was accidentally shot last Sunday, were held at Stodie & Myers chapel Wednesday afternoon, August 29, at 2 o'clock. Rev. John B. Speed officiating. Interment was made at Roosevelt Memorial Park.

## GOLD RUSH ON AT JEWEL PALACE

Pioneer Firm of Long Beach Welcomes Old Friends to Convenient New Location

Although their doors in a new location have been opened but a few days, The Jewel Palace at 14 Pine Avenue has experienced a veritable "Gold Rush." This pioneer jewelry firm established here in 1907 has entered the business of buying old gold exclusively. They have nothing to sell or swap in exchange for old gold.

"This is the most fascinating business I have ever engaged in," stated Arthur Looft, one of the owners of the firm. "Every transaction is a genuine pleasure. We find that almost every person that brings in old jewelry is surprised to find one firm in this city that does nothing but buy for cash. Of course the big surprise to everyone is the actual cash that they can realize on discarded jewelry."

BUYING BY MAIL  
The most unique feature of the Jewel Palace is a convenient system which enables any person in this city or elsewhere to mail in old gold in any form and a check for the full value is mailed out the same day. The jewelry sent in is held as a matter of policy for three days to please the persons involved in each mail transaction.

EXPERT BUYERS  
A corps of expert gold buyers equipped with the most modern type of precious metal scales, a row of bottles filled with mysterious chemicals that scientifically reveal the gold content of any piece of jewelry are busily engaged all day long in appraising, testing and weighing. Their decision is as dependable as a mint appraisal and on their decision real cash is outlaid daily.

GOLD MINES HIDDEN IN HOMES  
The password on the street these days is "Have you a little gold mine in your home?" Almost every home has discarded gold lying about in bureau drawers, old trunks, jewel boxes and hide-aways that undoubtedly have real value in cash at The Jewel Palace at 14 Pine Ave., Long Beach.—Adv.
