Soft Tile Layers	1.10
Window Shades and Venetian Blinds:	
Window Shade Workers	1.10
Painting and Decorating:	
Painters	1.10
Window Cleaners	.625
Glazing:	
Glaziers	1.10
Laborers	.625

Hours of work—(a) Except in case of emergency:

(1) The maximum hours of work for manual labor shall be 8 hours per day and 130 hours per month. On projects located at points so remote and inaccessible that camps or floating plants are necessary, the maximum hours of work for manual labor shall be 8 hours per day and 40 hours per week.

(2) The maximum hours of work for cooks, camp assistants, and clerical and other non-manual employees such as watchmen, policemen, and messengers, shall be 8 hours per day and 40 hours per week.

Notice is also hereby given bidders that it shall be mandatory upon the Contractor to whom the contract is awarded, and upon all subcontractors under him to pay not less than said general prevailing rates of hourly wages set forth in said specifications and as above listed, to all laborers, workmen and mechanics employed in the execution of the contract and further that in no event and regardless of the determination of the general prevailing rate of hourly wages as hereinabove set out, not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project.

Notice is also hereby given that all bidders must submit with their bids a tentative schedule showing the classes of labor and the number of each class he will require in the performance of the contract.

Notice is also hereby given that all bidders must submit with their bids, a sworn statement of their financial responsibility, technical ability and experience.

Each bid shall be made out on a form to be obtained at the Office of the City Engineer of Torrance or in offices of Walker and Eisen, Architects, 437 South Hill Street, Los Angeles, California, and must be accompanied by a certified or cashier's check or bid bond for five (5%) per cent of the amount of the bid made payable to the order of the City of Torrance. Each bid shall be sealed and filed with the City Clerk of the City of Torrance on or before 8:00 o'clock P. M., on November 21, 1935, and will be opened in public immediately thereafter in the Council Chambers in the City Hall in Torrance, California.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested so to do by the City Council of the City of Torrance.

The successful bidder will be required to furnish a labor and material bond in amount equal to fifty (50) per cent of the contract price and a faithful performance bond in an amount equal to the contract price, said bonds to be procured from a Surety Company satisfactory to the Federal Emergency Administration of Public Works and to the City Council of Torrance. A list of such Surety Companies is on file in the office of the City Engineer of Torrance.

The City Council of Torrance reserves the right to reject any and/or all bids and/or to waive any irregularity in a bid.

Oct. 24-31—Nov. 7-14-21.

NOTICE OF PUBLIC WORKS

PUBLIC NOTICE IS HEREBY GIVEN that the City Council of the City of Torrance did, at a regular meeting of said Council, held on the 22nd day of October, 1935, pass a Resolution of Intention No. 753 to order the following work to be done and improvements to be made, within said City, to-wit: The closing up, vacating and abandoning of that portion of Necce Avenue, described as follows:

All that portion of the northeasterly ¼ of Lot 15 of the Meadow Park Tract, as shown on map recorded in Book 15, page 60 of Miscellaneous Records of Los Angeles County, California, within a strip of land 15.16 feet wide, measured at right angles to the easterly line of said lot, lying easterly of and adjacent to the westerly line of Neece Avenue as described in deeds to the said County recorded in Book 4763, page 197, and in Book 4645, page 380, both of Official Records of said County excepting therefrom any portion thereof lying within the prolonged lines of the right of way of that highway intersecting said Neece Avenue and known as State Highway Route No. 60.

That the proceedings of the aforesaid work, shall be taken under and in accordance with an Act of the Legislature of the State of California designated and known as "An Act to provide for the laying out, opening, extending, widening, straightening, or closing up in whole or in part of any street, square, lane, alley, court or place within municipalities and to condemn and acquire any and all land and properties necessary or convenient for that purpose," approved March 6th, 1889, and under all acts amendatory thereof.

For a more particular description of said improvement reference is hereby made to said Resolution of Intention No. 753 on file in the office of the City Clerk of the City of Torrance.

Dated: October 22, 1935.

WM. GASCOIGNE,
Street Superintendent.

Oct. 24-31—Nov. 7-14.

Chevrolet Sales In Southern Cal. Exceed 800 Units

Deliveries of 1936 Chevrolets of the Master De Luxe and Standard lines, that were introduced on November 2, exceeded 800 units in Southern California the first week after announcement, it has been announced by F. Norman Phelps, Los Angeles zone manager for the Crevrolet Motor Company.

This week the local executive made a trip to various points in his territory, including Long Beach, San Diego, El Centro and San Bernardino, and upon his return declared that the public reception given the new cars in those cities paralleled that registered in the Los Angeles area, where all dealers reported record-breaking numbers of orders and deliveries.

"With dealers making immediate deliveries on all models—many deliveries being made within the first hour after the salesrooms opened for business on the morning of November 2, it is indicated that the manufacturing and assembly plants of the Chevrolet Motor Company will continue at capacity to meet the overwhelming demand for the 1936 Masters and Standards," Phelps said.

Showroom visitors and buyers, he continued, are particularly impressed by the beautiful body lines designed for the 1936 cars; with approval also expressed for the many safety features found in both the Master and Standard lines: perfected hydraulic brakes, solid-steel turret-top Bodies by Fisher, and shock-proof steering. The knee-action feature on the Master line continues to impress buyers because of the riding comfort it makes possible, according to Ed Thompson, 1600 Cabrillo, Torrance, Chevrolet dealer.
