New Idea In Piano Lessons For Children As Much Fun As Games

Piano lessons for the young child are now as fascinating as games and fairy stories! No longer are young beginners discouraged by dull exercises, or bewildered by having to learn too many things at once. Modern lessons under a modern teacher give the child the correct fundamen-

mentals and essentials, presented in new, interesting ways, using play methods to fit the child's needs. This was ably demonstrated in the Normal training classes being held in Los Angeles by Bernard Wagness of Chicago, which Kathryn F. Buffington has been attending. Three and a half, four and four and a half year old children were used in the demonstration lessons given by Mr. Wagness, proving how successful piano training was for the preschool child who has had no previous instruction in piano.

Mrs. Buffington is conducting classes in piano for beginners from ages three and a half to 13 years, grouped according to age, and this summer is again grouping boys together in a special class, as well as forming a class for girls. The rhythm orchestra will be featured again this summer.

In former years parents were reluctant to start their children of pre-school age, or even older, in music because they knew nothing about it. In the past few years, however, there has been a tremendous development in piano pedagogy, and children of four and five have been able to do amazing things in music.

Up and coming parents are investigating the new order of things and are eager for their children to have piano study. Never is it so necessary to have superior training as it is in the beginning of music, and class lessons permit children to have a competent teacher when it is most necessary, at a fee most parents can afford to pay.

Mrs. Buffington asks that parents interested in the class get in touch with her at her studio, 1514 Post, or phone Torrance 368, before the opening date, July 2.

FINDLEY IS ABLE TO LEAVE HOSPITAL
Don Findley, who was injured in an automobile accident near Escondido Friday night, was able to leave the Jared Sidney Torrance Memorial hospital the next day and is rapidly recovering.

Around the Council Table

A contract, appropriating \$6000 to the Torrance Chamber of Commerce for carrying on its work for the ensuing year, was approved by the Torrance city council Tuesday night by a 4 to 1 vote. Councilman Kistman voiced a vehement protest and asked that the appropriation be cut to \$2000.

General Petroleum Corporation of California, whose plant is located at Torrance, was awarded the city contract for gasoline for the coming year.

Councilman Stanger reported that the fire truck provided for Waleria would be taken to the new fire station in that community in a day or two. Approval was also given for the purchase of miscellaneous small equipment for the Waleria fire station.

C. J. Rambo, city auditor, was re-engaged by the city for the coming year at a salary of \$225 per annum. Quarterly audits of the city's as well as the Chamber of Commerce records will be furnished.

On recommendation of Councilman Tolson, an appropriation of \$200 was approved to provide overhead lights for the picnic grounds at the municipal park.

A contract with M. N. Andood of Gardena for the care of stray dogs and other animals was authorized, with the understanding that a Torrance resident would be employed for the collection of dog licenses, the city to receive 25 per cent of the total collection.

Councilman Kistman Has Nominated
Director of the Torrance County League of Municipalities to represent Torrance for the ensuing year.

In answer to a complaint by residents of 182nd street regarding the bad condition of the pavement on their street, Councilman Hitchcock reported that city crews were working on the street and objections complained of would be eliminated.

Contract for the printing of ordinances and other legal notices was awarded to the Torrance Herald for the ensuing year.

July Dinner And Program Thursday

Members of the Torrance Men's Bible Class will hold their July dinner and program in the social hall of the Christian church next Thursday evening, July 5. The dinner will be served at 6:30 o'clock sharp. The menu will include meat-pie and home-made fruit pie. A community song service, 30 minutes of special music and an address by a noted speaker, will feature the evening's activities.

Admission by ticket to dinner and program will be 10 cents. All men, regardless of their church affiliation, are invited; likewise, men who are not affiliated with any church, are urged to attend. A crowd of 100 men is expected. Rev. H. L. Porter of Los Angeles, noted preacher-banker, will address the class next Sunday morning. The class meets in the Torrance Theatre each Sunday at 9:30 a. m.

Far Western Business For May Increases

All Lines Show Substantial Gains Over Last Year

Bank of America's index of far western business for May, 1934, was 63.3 points representing a substantial increase of 11.4 per cent over May, 1933, and a gain of 2.1 per cent over May, 1932. The 1934 May index is 17.7 per cent above the depression low of 53.8 points recorded in March of last year.

Manufacturing industries in California during May, 1934, employed 27.7 per cent more men than in the same month last year. Payrolls also were 34.1 per cent higher than a year ago. May is the fifth consecutive month in which the manufacturing industries of the state have showed gains in both numbers employed and payrolls over corresponding months of 1933. May is also the fifth consecutive month in which retail sales in the far west increased over the corresponding periods in 1933. Of the 33 large retail stores in the far west, 22 had increases over May of last year. The relatively small increase of 1.6 per cent in sales of May of this year over May, 1933, Bank of America's business review states, is no doubt due to an actual slowing up of the heavier buying movement evidenced in the earlier months of this year.

The index of prices received by farmers of this state for 24 California products during May was 77.8 per cent of the July 1910-15 average. This is 21.3 points, or 37.7 per cent, higher than the all-time low in April of last year.

In Grateful Appreciation To Our Depositors and Friends

WE FIND IT difficult to adequately express the great gratitude which fills our hearts in appreciation of the kind words expressed and good deeds done in connection with the opening of the Torrance National Bank.

For the hundreds of messages published in the special edition of the Torrance Herald, as well as those expressed or sent to us directly at the bank,—

For the magnificent baskets of flowers bearing their thoughtful notes of friendship,—

For the pledges of confidence as evidenced by the substantial increase in deposits and the large number of accounts opened by new depositors,—

For all these we are indeed sincerely thankful beyond our ability to express in words.

Such unmistakable evidences of loyalty and confidence on the part of so many citizens inspires us to re-dedicate this truly community bank to the development of this community and the well-being of its citizens.

TROOP 4
A short meeting was held Thursday evening, then dismissed, as many of the Scouts wished to attend commencement exercises. Scoutmaster Jacobs announced that this will be the last summer meeting of Troop 4 on Thursdays. In the future, until school opens, Torrance Troops 3 and 4 will hold joint meetings on Wednesday evenings, with W. T. Jones, commissioner, as head scoutmaster. Court of honor and board of reviews will be held for the summer months in San Pedro at the Anderson Memorial on the last Monday of the month.
