

Alcatraz U. S. Devil's Island On July 20

Most Dangerous Convicts To Be Transferred There

By HENRY SUPER
United Press Staff Correspondent
SAN FRANCISCO (U.P.)—Alcatraz Island, a penitentiary in San Francisco Bay from which it is said there is no possible escape, will be taken over July 20 by the department of justice. The most desperate of this country's criminals will be imprisoned there.

Formerly a military prison, this 12 acres of jutting rock surrounded by swiftly flowing currents is expected to be used for incarceration of Harvey Bailey, George (Machine Gun) Kelly, Albert Bates and other desperados, who now are in the federal prisons.

Transfer Preparations

On June 19, seven officers at the federal penitentiary annex in Leavenworth, left for San Francisco where they began preparations for the transfer.

Alcatraz Island, despite its 18th Century appearance, is equipped as one of the most modern of prisons. Popular belief had it at the time the government announced it would use the island, that Alcatraz would be a "Devil's Island."

In the sense that Alcatraz isolates its prisoners in much the same manner as the French penal colony in the Caribbean, this belief is true.

But the similarity stops at that point.

Sanitary Prison

Department of justice officials say Alcatraz is sanitary and that the original Devil's Island

Alcatraz has mild weather year around; the French prison has tropical heat and rains throughout the year.

Few persons, outside of prisoners and officials ever have set foot on Alcatraz. San Franciscans know it is a prison that from the shore looks like a medieval fortress. Swift currents sweep around the rocky island, a mile and a half from the mainland.

Spanish Fortress

Spaniards, first to use the Golden Gate, had a fortress on Alcatraz. Prisoners working around the island continually dug up old gun placements and the rock is said to be honeycombed with tunnels.

The island, up to now, has been principally used as a disciplinary barracks for erring soldiers of the Pacific division. Out of some 12,000 federal prisoners in government institutions and 6000 being boarded in state institutions, only the worst will be sent to Alcatraz, it is understood.

Record Steam Clouds Reported Rising From Lassen Peak Crater

WASHINGTON, (U.P.)—Steam clouds reported to be the largest to appear in recent years, have been sighted over Lassen Peak Crater in Lassen Volcanic National Park, California, according to word received by Arno B. Cammerer, director of the national park service.

According to the Lassen Park superintendent, the appearance of unusual activity from the volcano may be the aftermath of a storm. It is believed the high humidity, followed by cold temperatures rapidly condensing the amount of steam normally escaping from the crater may be responsible for the disturbance.

However, the park's ranger naturalists are conducting further studies to determine whether the clouds are forerunners of an eruption, or whether they have been caused by a storm.

Lassen Peak stands at the southern end of the Cascade mountains where they join the Sierra Nevada. It is classed between a semi-active and active volcano.

In 1914, a series of eruptions occurred which reached their height of activity in 1915. Since then, Lassen has remained comparatively quiet, although many hot springs and other minor phenomena are constant reminders of its internal heat.

CHURCHES

"GO TO CHURCH SUNDAY!"

Church notices, to be assured of publication, should be in the Herald-News office before 10 a. m., Tuesday. Every effort is made to publish them all, but occasionally when they are late they must be omitted.

Sunday school, 10:30 a. m.

Sunday school classes, 9:30 a. m.

Wednesday evening meetings are held at 8 o'clock.

Reading room, 1208 El Prado.

CHRISTIAN SCIENCE CHURCHES

"Blessing and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever." These words from Revelation are the Golden Text in the Lesson-Sermon on "God" on Sunday in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Lesson-Sermon cites these verses from the Psalms: "Many, O Lord my God, are thy wonderful works which thou hast done, and thy thoughts which are to us—ward; they cannot be reckoned up in order unto thee: if I would declare and speak of them, they are more than can be numbered." "I delight to do thy will, O my God; yea, thy law is within my heart." "Teach me to do thy will; for thou art my God; thy spirit is good; lead me into the land of uprightness."

Correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, state: "Will, as a quality of so-called mortal mind, is a wrong-doer; hence it should not be confounded with the term as applied to Mind or to one of God's qualities." "The scientific unity which exists between God and man must be wrought out in life-practice, and God's will must be universally done."

Danger—Keep Your Distance

MEN'S BIBLE CLASS

A Bible class for the men of the community by the men of the community. Sessions held each Sunday morning at 9:30 o'clock at the Torrance Theatre. Harry E. Dierker, president and Rev. G. G. Elder, teacher. All men are welcome.

Here is one of the machine-gun nests set up by the National Guard on the San Francisco Embarcadero, scene of bloody battles between striking longshoremen and police.

Rev. M. S. Runkel To Conduct Service

Rev. F. Murray Clayton, vicar, left for a two months' vacation in the east, Sunday, July 8. During his absence there will be but one service on Sunday, the 11:00 o'clock. These services will be taken by supplies sent from the bishop's office. Rev. Milton S. Runkel, who has taken the service at St. Andrew's, before, will be present next Sunday. A good attendance is requested during the summer months.

Everybody brags about his FORD V8

DRIVE your Ford V-8 down a highway. You can pass expensive cars with ease. Drive it to the country club. You can park it beside expensive cars with pride. No wonder Ford V-8 owners talk out loud about their cars!

Power and beauty are just a part of the Ford V-8 story. The Ford V-8 offers you clear-visibility ventilation... hydraulic shock absorbers... big car roominess... and richly upholstered cushions.

Most important, the Ford V-8 is the only American car that gives you free action for all four wheels—with the priceless safety of strong-axle construction.

Before you buy any car at any price, drive the Ford V-8.

Schultz & Peckham, 1514 Cabrillo, Torrance

FORD 1st IN SALES

Again in June—as in every other month of 1934—more Ford V-8's were sold in Southern California than any other car. Moreover, Ford's leadership extends throughout California and the entire United States, convincing proof that motor car buyers know that the Ford V-8 is today's best value!
