In this, our THIRTEENTH YEAR in business, it is lucky for you that we have sold so many new Dodge and Plymouth cars this year and as a consequence have accumulated such an immense stock of splendid used cars that drastic measures must be taken to move them quickly. Therefore we have cut the price on all used cars to the bone. Our loss, but your gain. When you consider that we have the reputation of selling the best reconditioned cars in this territory these offerings will prove doubly attractive. Note the prices. Come and see the stock, day, night or Sunday, whether you are ready to buy or not. Tell your friends about this great sale.
