### Formal Opening Bowling Alleys On September 14

**Bolander & Bailey Announce Their Place of Amusement Ready For Use**

Managers D. R. Bolander and A. F. Bailey, of the Monticello Bowling alleys, 1933 Carson street, announce that they have set the date for the formal opening of their alleys for Saturday evening, September 14. The alleys have been completed for some time and already have attracted considerable attention from the bowling fans, who have been making use of them nightly, but the grand gala celebration to introduce this popular sport will be held next week.

Refreshments will be served to patrons from a cleverly arranged fountain, built in the form of a small bungalow in the front of the room. Another small house has been built for the use of ladies who wish to rest, play cards, or read while their men are bowling. This little house gives them complete privacy and is attractively fitted up for the comfort of the ladies.

Eight fine alleys have been installed. Mr. Bailey announced this week that already he has signed up six of an eight-team league for a business men's tournament. The teams will be sponsored by various business houses in the city. Other leagues will be formed and probably a number of out of town teams will use the alleys as the proprietors are well known among the bowling fraternity. They were formerly in business in Lynwood, where they built up a nice following.

Messrs. Bolander and Bailey announce that they will conduct a clean, wholesome place of amusement which will be attractive to people of the best type and will permit no rowdiness or rough behavior. As many Torrance bowlers have been going out of town for the sport in the past, who will welcome a chance to bowl at home prospects for the success of the business are very promising.

### Torrance Men's Bible Class

Torrance Men's Bible class will meet as usual at 9:00 a. m. sharp next Sunday in the class building, Engracia and Arlington avenues. Charles Moran, in charge of the entertainment program, will present Mrs. Clara Purgenson of Torrance, who will give two readings, "The Discouraged Man," and "The Man-Who Takes My Place When I Am Gone."

The annual melon cut which was held last Thursday night, August 29, was a very successful event. Installation Buying Gains CLEVELAND (U. P.)—Business in Cleveland and Cuyahoga county indicates an increase in the upgrade. Merchants report a marked increase in buying on the deferred payment plan, which hitherto always has been a sure barometer.

### SAN DIEGO EXPOSITION FEATURES \$50,000 MODEL HOME

Case de Tempo, luxurious \$50,000 model home at the California-Pacific International Exposition at San Diego, is the last word in architecture and interior decoration. It was built in three sections so that it can be moved easily and will be presented to some World's Fair visitor November 11th.

The words of Jeremiah, "Blessed is the man that trusteth in the Lord, and whose hope the Lord is," constitute the Golden Text in the Lesson-Service on "Man on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass."  
A Scriptural selection cites these verses from John: "Philip saith unto him, Lord, show us the Father, and it sufficeth us. Jesus saith unto him, Have I been so long time with you, and yet hast thou not known me, Philip? he that hath seen me hath seen the Father; and how sayest thou then, Show us the Father? . . . Believe me that I am in the Father, and the Father in me; or else believe me for the very works' sake. Verily, verily, I say unto you, He that believeth on me, the works that I do shall be done also; and greater works than these shall he do; because I go unto my Father."  
One of the passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy includes the words: "Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing may vitiate his ability, and power divine is bestowed on man."

### Committee Named To Investigate Consolidation

**Mayor Shaw Appoints 21 Citizens to Formulate Plans**

Appointment of a committee of 21 prominent citizens to conduct a study and make recommendations looking toward the reorganization of government within the Los Angeles metropolitan area was announced today by Mayor Frank L. Shaw.

Selection of the committee is in conformity with a special message sent to the city council last April by the mayor, in which the latter stressed the need for reorganization and simplification of local government units within the county, as a means of relieving municipal taxpayers of what he termed the unjust burden of county taxation.

The mayor declared the committee will be given an absolutely free hand in conducting its studies and making its recommendations, suggesting, however, that a remedy for existing conditions may be found in one of five proposed plans:

- (1) Consolidation of city and county governments.
- (2) Separation of the present city of Los Angeles from the county and the formation of a combined city and county government within the limits of the present city.
- (3) Consolidation of functions of the various jurisdictions within the county.
- (4) Legislation that would redivide property within the city from the burden of all county taxation except that necessary to pay the costs of services actually rendered by the county to the city.
- (5) Abolition of county government and the substitution thereof of regional divisions under which the state itself would render all governmental services not performed by the municipality.

"It will be the duty of the committee," the mayor said, "to study the merits of these and other suggested plans and to recommend which, in the committee's opinion, is the most feasible and practical."

CLEVELAND (U. P.)—The E. and F. Style Shop here has been entered eight times in four years. In the last burglary the thieves took \$300 worth of women's apparel. The robbers have entered the shop the same way in all eight burglaries.

**Bird Slaughter Protested**  
CONNEAUT, O. (U. P.)—Bird lovers in this town are up in arms. They blame the slaughter of hundreds of song birds on a brand-mash compound that is used by fruit growers to protect their trees from climbing cut worms.

**Bicyclist "Reckless Driver"**  
SAN DIEGO, Cal. (U. P.)—When a bicycle collided with an automobile, the bicyclist, Ralph Boets, 16, was charged by police with "reckless riding of a bicycle." The motorist was charged with "reckless driving."

**Only American Citizens Who Have Been Residents of the District for at Least One Year are Eligible for Colorado River Aqueduct Employment**

My dear Grover:  
This is to inform you that the letter mailed you this week is my last one for this season. I shall take a few days rest before I start home. I am in a sort of daze since Congress adjourned.  
I desire to extend to you my sincere thanks for your publications and kindly attitude toward my communications. I still have a little bit of the blood of my old newspaper days, and it has been a sincere pleasure to write them. I am not only gratified by your interest in them, but also by the numerous letters I have received concerning them from your readers.  
I shall be seeing you soon.  
Sincerely yours,  
CHAS. J. COLDEN
