1208 El Prado.  
Sunday morning services at 11—Sunday school, 9:30. Wednesday evening meeting, 8 p. m. Reading room in church edifice.

Communion Services will be conducted on Sunday at all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The subject of the Lesson-Sermon is "Sacrament" and these words of Paul constitute the Golden Text: "The cup of blessing which we bless, is it not the communion of the body of Christ?"

The Lesson-Sermon includes these words of Jesus, from John: "He that hath my commandments, and keepeth them, he it is that loveth me: and he that loveth me shall be loved of my Father, and I will love him, and will manifest myself to him. Judas saith unto him, not Iscariot, Lord, how is it that thou wilt manifest thyself unto us, and not unto the world? Jesus answered and said unto him, If a man love me, he will keep my words: and my Father will love him, and we will come unto him, and make our abode with him." Among the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy is this statement: "To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy criterion of our gratitude for all that he has done."

vice and answer questions.  
"Those who are registered with us for employment must first do so before making application for benefits," Manager Ellis said. "Our hours are from 8 a. m. to 4 p. m. Registration cards of applicants lying in our district have been transferred here from our other offices of which there are 16 in Los Angeles county. Those applying for benefits should bring a list of employers over the past two years, their address, and also social security number. Claims for benefits are being taken now but do not take effect until later.

**Sister of Narbonne School Head Dies**  
Ill for only a few days, Miss Georgia Butler Griffin, member of a distinguished Southland family and sister of Miss Clementina de Forest Griffin, principal of Narbonne high school, succumbed last Thursday to pneumonia in a Los Angeles hospital. She was 47 years of age, an author of a number of books.  
In addition to her mother, she was survived by five sisters, a brother and other relatives including Bebe Daniels Lyon, motion picture actress, who was her niece. The funeral was held Monday morning at the St. Paul's Catholic church with interment at San Gabriel cemetery.

**L. A. Grabs Big Share of County Gas Tax Funds**  
Los Angeles city has received twice as much from gasoline tax funds during the past ten years as have the other 43 cities of the county, according to statistics compiled today by the county road department.  
Los Angeles has received \$19,734,000, as compared to the \$9,903,000 received by the other cities, the compilation, prepared for Deputy County Counsel Harold W. Kennedy showed.  
Total amount allocated to the county during the past 10 years was shown to be \$46,650,000, of which the 44 cities received \$29,600,000. Unincorporated areas of the county received \$17,000,000, and part of this was used for administrative costs.

Flying Priest

Here is Father Schlie, one-time German war ace, as he returned to San Francisco from one of his Arctic flying trips which took him to within 16 1/2 degrees of the North Pole. He sponsored the plan to have motorized trips to the far-flung missions of his church.

Deep Zone Oil Rush is On Here

(Continued from Page 1-A)  
With C. B. Patton, Main purchased 35 acres at Sepulveda and Ocean this week where two producing wells by Texaco are operating.  
Patton is prepared to deepen a hole off Sepulveda and Pennsylvania from 3,750 to 5,000 feet and is putting up another derrick 150 feet southwest from his original deep sand job. This bore will also be sunk to 5,000 feet. Watching Patton with great interest are his two brothers, H. H. and D. S. Patton, who recently arrived in Southern California from Wichita, Kansas.

One of the operators who has never lost faith in the field is F. C. Kelly and he has taken over Richfield's No. 6 at 233rd and Narbonne for reconditioning. Kelly Oil will deepen an old well on Pennsylvania and Guy Kelly has moved in machinery to deepen Pan-American's McBride No. 1, it is reported.  
The Woolner Oil Corporation of Long Beach is deepening its No. 5 well at Cypress and Madera and has taken over Texaco's Bush No. 33 at the southeast corner of Pennsylvania and Sepulveda. C.C.M.O.'s No. 33 is flowing with high gravity crude at Sepulveda and Cedar and No. 24 is continuing to show excellent production, according to information available yesterday in the field.  
It is also reported that Gen. Maroux and associates have acquired U. S. Oil and Royalties No. 18 at Pepper and Pennsylvania and will deepen at once Albertson Oil has taken over the old D. F. Peyton well at 235th near Narbonne.

**Serum Used Here Exhausts Supply In Whole U. S.**  
(Continued from Page 1-A)  
7 was sent from the Long Beach distributing agency for Lederle Laboratories by special messenger, wires and phone calls began to hum and before sundown mail transport planes were winging new supplies to all parts of the country.  
This air mail service was provided by the Laboratories without cost and the expense was more than \$200, according to information learned here. Pneumonia serums (and some time this month) these will be available for all 32 types of the disease, covering 95 percent of all pneumonias are at present expensive—from \$25 to \$150 for a case. Philanthropic and public health funds will be required to aid their distribution, make them readily available to all as they were in the case of Patient Nugent at Torrance Memorial hospital.

Mrs. Carrie Parks of 1003 Portola, who entered the local hospital Jan. 2, was found to be suffering from Type 30 pneumonia. No serum of this type is now available but by other medical means she was given relief and is now recovering.  
"Employers are asked to remember that jobs, not benefits, offer the only real 'social security.'" "We are going to be pretty busy taking claims for benefits for a few weeks, but we don't want to forget that our real business is promoting employment. We want employees of all kinds—business men, factory superintendents, householders, agriculturists, stores, offices, everyone—to use the California State Employment Service. It can save the employer time, trouble and money in the long run, because it can select the one best applicant for any specific job. The C.S.E.S. workers from private industry, business and commerce and then selecting the most capable applicant for each job."
