**Muriel Bell Starts Month's Bridal Parade This Morning; Marcelina Home Garden Scene of Wedding and Breakfast**

(Picture of bride and groom on Page 4-B)

Standing beside the sunlit pool in the attractive garden of her parents' home, Miss Muriel Virginia Bell became the city's first June bride this morning. She exchanged vows with James T. Carriel of Ventura, son of Dr. and Mrs. Howard T. Carriel of San Francisco. Miss Bell is the daughter of Mr. and Mrs. Carleton B. Bell of 1544 Marcelina avenue.

Guests attending the outdoor wedding included a number of relatives and a few of the couple's many friends. Bridegroom Carriel, because of an injury suffered May 21, was forced to use crutches in standing and walking beside his bride. He broke several bones in his right foot and was confined in a Los Angeles hospital for nearly a week just before the ceremony.

Rev. Harry G. Banks, pastor of the Methodist church, read the vows before an improvised vernal altar.

Wedding Breakfast Served  
Miss Bell wore white organza with a finger-tip length tulle veil topped with an orange blossom wreath. She carried gardenias and lilies of the valley and was given away by her father. Miss Wilma Whitney of this city, maid-of-honor, wore a delphinium blue chiffon afternoon dress and carried Cecil Bruner roses and sweet peas. Mrs. Bell, mother

of the bride, was attractive in dusty pink silk.

Harry Bell, brother of the bride, came from Fresno State College to serve as usher and John Young was best man. Harp selections were played during the ceremony.

Following a wedding breakfast, the young couple left for a honeymoon in Canada. They will make their home in Ventura where Carriel is employed by the Chanslor-Canfield Midway Oil company.

**T. H. S. Alumnaus**  
The bride graduated from Torrance high school with the

Summer class of 1930 and then attended U.C.L.A. for three years. Until shortly before her wedding, she was employed at the J. J. Newberry store here.

Carriel is a graduate (1937) of the University of California at Berkeley where he majored in petroleum engineering.
