ANDY APPEARS IN LOVE AGAIN . . . in the seventh of the now famous Hardy Family series, starring Mickey Rooney and Lewis Stone. The new picture is "Andy Hardy Gets Spring Fever," a riot of young goings-on and kindly parental admonitions in which Andy Hardy brings down the house as the leading character in a high school play. The film screens Sunday, Monday and Tuesday at the Plaza Theatre, Hawthorne, together with Sidney Toler in "Charlie Chan in Reno."

Drunk Drivers Are Sentenced

Max Louis Terrill, of Palms, was arrested in Torrance last Thursday evening, on charges of drunk driving and on his plea of guilty was given a fine of \$100 or 50 days. A. J. Zolnowsky, of Torrance, arrested Aug. 30 on a similar charge, pleaded guilty and was fined \$25 which was suspended for two years. Carl Dunn, also of Torrance, pleaded guilty to a drunk driving charge after his arrest on Aug. 29, and was sentenced to spend 150 days in the county jail. His probationary driver's license, issued in July, was revoked.

You don't lose friends by ending them money. You lose them by expecting to get it back.

Burglars Lift Cash From Retail Store

(Continued from Page 1-A)

on Sepulveda boulevard.

Friday night Mrs. W. Crossin, who was attending a card party at the Catholic hall on Gota avenue reported that holes had been punched in the tire of her car. Police found that the same deprecations had been committed on a number of cars parked in the vicinity, and believe that young boys, identity unknown, are responsible for the malicious mischief.

SHOP TALK

by RAY BROOKS

SCHOOL DAYS

A new experiment rears its timid head this week in the Torrance Herald. We're trying for the first time a tabloid section devoted to Back-to-School news and advertising. We hope it is a success.

As a feature of the Back-to-School movement the Herald together with Manager Lou Reese of the Grand Theatre is staging a Charity Matinee for all the kids in Torrance and outlying areas who want to come . . . providing, of course, that each kid brings a bundle or piece of old clothing, or a pair of old shoes. Money will not be acceptable. Each kid must pay for his admission with old clothing . . . all of which will be donated to the Torrance Relief Society.

The show is scheduled for 2 o'clock tomorrow afternoon.

On Saturday night, September 9, a Firestone bicycle, donated by Manager Don Miller, and other prizes will be given away. All kids attending the matinee will be told how they might win this bike.

MASSIEUR MOVES

More power to Dave Clark, Torrance's only Swedish masseur. Dave, since opening offices on Post avenue several months ago, has done right well . . . so well, in fact, that never, never quarters were needed.

Now Dave is all set up at 1312 El Prado (across from Herald Bldg.). Considerable plumbing and alteration work was necessary, new furniture & fixtures were purchased, and an expensive electric bath machine installed.

Dave, you know, specializes in Swedish massage and sweet baths. And from those who have been over these treatments, it appears that this method simple as it is, has a very profound effect on over-indulgence, over-weight and general sluggishness.

SEEN ABOUT TOWN

Firestone's Victor and Pete sweating like mad for hours . . . on a pile of tires . . . of new Firestone Tires on a huge truck & trailer. Over \$1000 worth of tires. How would you like to plant out \$100 for rubber for your old chuffer? . . . Harry Dolbe back at his old love . . . drugging . . . unpacking boxes, arranging stock, sorting merchandise in the new department store at Caballo & Carson . . . John Butta's Village Winery used to be. Harry will manage the place for Vey Potkin, new owner. . . Very soft & snug are the City Center buildings now that all the cracks have been filled and the old surfaces covered with bright new paint. . . Peacock Drug's Lee Pring and Moore Hardware's Gene Moore are both away on vacation. . . Sam Low's a bit tipsy when a can of water dumped on him from off the top of a pole. The water was placed there by one of Sam's employees in the hope of training another employee. But at that point Sam had to walk thru the door.

Steel Chief Sees Expansion Ahead

(Continued from Page 1-A)

view turned to business conditions. Fairless said that the steel industry is now operating at 62 percent of capacity, compared to one year ago when mills were only running at 30 percent capacity.

"The trend is upward and the picture is very encouraging," he said. "I do not expect it to recede to any great extent."

The increase in steel production is due to "miscellaneous demands," according to Fairless, and has been accomplished in spite of fewer orders from the railroads, oil, automobile and farm implement industries, which ordinarily are the major buyers of steel.

The new shipbuilding program recently undertaken at Los Angeles harbor will be a "healthy contributing factor to the steel business," as is the expanding airplane industry in the Southland, Fairless said.

With President Fairless on his inspection trip of United States Steel Corporation properties on the Pacific Coast and Weather Motheim, vice-president in charge of operations; Thomas Hayes, retired, vice president in charge of raw materials, both of Pittsburgh, Pa.; C. F. Hood, president of American Steel & Wire Company and director of U. S. Steel, of Cleveland, Ohio; William A. Ross, vice-president and general manager of sales, Columbia Steel Company; and Charles W. Huse, director of public relations, Columbia Steel Company, both of San Francisco.

Buses Only Link Between Torrance and San Pedro

Buses of the Motor Coach Corp. are said to be handling the passenger traffic between this city and San Pedro in a satisfactory manner since the Pacific Electric discontinued its passenger service between the two cities Aug. 20.

Mail and freight only are being carried on the P. E. Torrance-San Pedro line now. W. E. Dratton, local agent, said. Cancellation of the two runs between here and the harbor brought an end to the rail line service which, in the early days, was the only electric line to the harbor before the construction of the Dominguez short line.

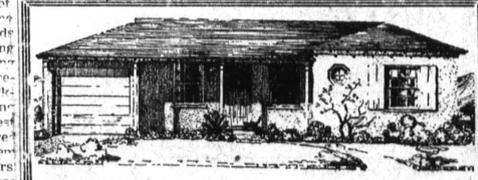

Only two trains per day had carried passengers since last May 15 when the P. E. virtually abandoned its little-patronized passenger service between San Pedro, Harbor City and Torrance with approval of the state railroad commission. Buses of the Motor Coach Corp. are giving frequent service between Torrance, Long Beach, Harbor City and San Pedro.

20-30 Club Head At S. F. Convention

As it must to all service club presidents, a trip came this week to George Figueroa, president of the Torrance 20-30 club, when he packed his bags, grabbed a train last Monday for San Francisco to attend the national convention of 20-30 clubs. The meeting extends until Friday, September 1. Several days will be charged up to service business, the remainder to whoopee, with all the presidents wondering why so much time was given to business.

Old Brick Works Re-Opens Tomorrow

After six years of idleness the brickyard on Normandie avenue near Highway 101 will re-open Sept. 1 for the manufacture of building brick with P. C. Lingren as superintendent. Lingren has leased the yard from the owner, Harry Havnor of Long Beach, and will employ a crew of ten men. The yard was formerly in operation for 19 years as a brick and tile works, but shut down in 1933.

THE MONTEREY

... is but one of the many late model homes being designed by A. Herbert Innes and built by Edward G. Neess. Many other beautiful styles and plans are available.

Planning to BUILD? If You Plan to Build . . . But Have No Plans . . . See A. HERBERT INNES DRAFTSMAN

See EDWARD G. NEESS CONTRACTOR

Years of experience enable Edward G. Neess to build you a home of your own . . . just the way you want it . . . at LESS cost! Bring in your plans for free estimate and complete FHA information.

A competent draftsman is vital to the satisfactory completion of a build. Let A. Herbert Innes make suggestions and offer his services. Satisfaction guaranteed.
