

Reaves Funeral Set for Saturday

Funeral service for the late Assemblyman Fred Reaves of San Pedro, who was found dead in his Sacramento hotel room Monday, will be held Saturday afternoon at 2 o'clock at the Cleveland chapel. Fourth and Vermont will be at Roosevelt Memorial park.

The 56-year-old shipyard worker who was sent to the assembly in 1934 by an overwhelming labor and EPIC vote succumbed as result of a heart attack probably Sunday morning. He was re-elected twice to the assembly and planned to run again this year.

Hitchcock Speeds Cabrillo Strip Sale to City

Determined to put an end to long drawn out negotiations over the improvement of Cabrillo avenue, Councilman James E. Hitchcock—who knows the railroad man's language—made a trip to Los Angeles last week for a conference with Pacific Electric Railway officials regarding the removal of tracks and acquisition of the P. E. right-of-way on Cabrillo avenue.

Results of this conference were reflected this week in a letter addressed to Hitchcock and signed by O. A. Smith, president of Pacific Electric Railway. Modifications which Smith said in his letter he would "recommend to the company's board of directors" include:

1. City to secure the right-of-way south of Carson street as well as along the business district between Carson and Bolder for \$8,055.

2. City is to remove the tracks and load the material on P. E. cars, (which is proposed to do by SRA labor), with the supervision furnished by the railroad without expense to the city.

3. City to pay cost of laying tracks to connect with those on private right-of-way, which is estimated to cost \$2,250.

Call Citizens Meeting

The entire cost to the city under this program is estimated by Hitchcock to be less than \$12,000. A conference between P. E. officials and members of the City Council has been arranged for Tuesday, May 28, at 10 a. m. In the meantime, Hitchcock is calling a meeting of interested citizens—members of the City-Wide Improvement Association—to be held at the City Hall on Friday, May 24, at 5 p. m., when full details of the latest plan will be presented and expression of opinions asked regarding the acceptance of the revised program.

TRACHEOTOMY SAVES DOG WHEN CHOKED BY BONE

NEWTON, Mass. (U.P.)—Peter, a greedy Boston terrier who tried to swallow a whole chicken bone, is alive because of a surgical supplies salesman.

Suffering near strangulation, Peter was taken to an animal hospital, where doctors removed the bone but discovered a sliver had punctured the larynx.

They were at loss as to means for repairing the damage until the salesman suggested a tracheotomy with use of a small silver tubing used for similar operations on children.

After a siege of pneumonia, Peter recovered—the first dog to undergo such an operation in the hospital's 23-year history.

Approximately 50 percent of the net receipts of the concert will be used to buy band instruments for the Torrance high school band which is being re-organized under direction of Louis James Sauter in preparation for an active season beginning with the 1940-41 school term.

Imagine the embarrassment of a group of high school students holding a club meeting Monday night at a home on Gramery avenue when they noticed a man walking across the yard of a house just across the street on Plaza del Amo minus any clothing. They notified the police and when officers visited the house of the alleged nudist he was still in his "birthday suit" but denied he went outdoors in that state.

No charges were filed against the clothesless one but the owner of the home where the students were meeting asserts "we neighbors don't appreciate this kind of a 'free show' at all and wish that the nudist would move soon to the San Francisco fair where such attractions are paid for."

Exercise the Spare

Torrance Listed in Phone Co's Tax Refund Suit

Tax refunds totaling \$1,356,624 are demanded of the county and another \$1,000,000 or more from the 45 cities in suits on file today in Los Angeles superior court on behalf of the Southern California Telephone Company. Amount sought from Torrance is given as \$726.

The Metropolitan Water district also is sued for \$124,418, all refunds being sought on levies made this fiscal year, for equipment and other personal property owned by the company as of March 6, 1939.

Heading the list of cities is Los Angeles, from which the company seeks \$438,039, while \$2,558 is sought from Long Beach, and \$36,979 from Pasadena, second and third largest cities, respectively. Long Beach and Santa Monica are served by the Associated Telephone Company, but the plaintiff company has toll offices there.

Amounts sought from some of the other cities follow: Beverly Hills \$11,357; Compton \$3,359; Pomona \$1,485 and Whittier \$978. The company claims the taxes were improperly levied, and the suits are similar to those filed in previous years.

Still pending in the superior court is the county's suit against the company to compel it to take out a franchise for use of the county highways and streets for its pole lines and facilities. The previous franchise, expired several years ago and the company contends the law does not require it to have one.

Huntington Park has filed a similar action, which other cities are awaiting the outcome of to determine what action they will take, on advice of counsel.

The population shown in the first United States census was 3,929,214. There were 59,557 free negroes and 697,624 slaves.

Compton Music Festival Tonight

Comprising 100 top flight musicians and singers, the Compton Junior College "Music Festival" which will be presented at the Civic Auditorium tonight under auspices of the Torrance De Molay chapter is an entertainment of exceptional high quality.

The concert will begin at 8:15 o'clock and tickets will be on sale at the Auditorium box office, adults 25 cents; students 15 cents. There will be no reserved seats.

Included in the program will be selections by the Compton J. C. band, the Bel Gato Assembly choir and a number of solo specialists. Last year when the Compton contingent entertained here, the musicale attracted much commendation. Those in charge of tonight's concert assert the program will be better than the 1939 affair.

Approximately 50 percent of the net receipts of the concert will be used to buy band instruments for the Torrance high school band which is being re-organized under direction of Louis James Sauter in preparation for an active season beginning with the 1940-41 school term.
