## Torrance Hi News Notes

By ELIZABETH FISH

**INITIATION RITES . . .** Amid garlic and swats, Varsity club initiates created quite a disturbance Monday. "Varsity Initiation" is a big event in T. H. S. and is looked forward to by the initiators with cold, hard, cruel stares, without any pity for the neophytes. The initiators were dressed in gummy socks and had lipstick all over them. They were the outcasts of their classes, as the other students protest to such an odor. The students look on and laugh but the poor initiates grin and bear it. That's what they get for being athletic. The Varsity club now consists of 24 members. Those initiated were: Roland Justice, Clifford Powell, Fred Hicks, Fred Russell, Don Hitchcock, Richard Miller, Wally Woods, John Batosky and Clifford Trezise.

**NURSING TALK . . .** Today Mrs. Estrella Mann, instructor of nurses' training at Saint Vincent's hospital in Los Angeles, gave girls interested in becoming nurses, an interesting and helpful talk on nursing. Principal Thomas Elson was also on the program. While in Saint Vincent's during his recent illness, Elson collected some fine information on the nursing profession.

**HAYSEED BANQUET . . .** The annual G. A. A. banquet was held recently in the high school gym. The affair was very informal. Guests dressed like farmers, wearing old clothes and hats. The gym was full of red-checked table cloths and coal-oil lamps were the table decorations. Entertainment was furnished by girls who sang, danced and put on skits. Some 100 mothers, fathers and girls attended. Arlys Fossum, our retiring president, has been the best in many years.

**IMPRESSIVE . . .** In respect to Flag Day last Friday, the Junior Madrigals went about the halls singing the National Anthem at which time the students stopped their work and stood up to pay respects to our flag. It was a very impressive ceremony and was carried out with the most of dignity from all students.

**SENIOR TEA . . .** The annual Senior Tea was held today in the school auditorium by the senior B's as a final tribute to the graduating seniors with graduates' mothers invited. The receptionists were Pauline Newell and Carolyn Wilkes. Tea was served in the foyer after the program. The servers were pastel formal. The seniors were in their dress clothes.

## Townsend Club Activities

By Vernon F. Glidden

The patriotic program, emphasizing the blessings of American citizenship, celebrating Flag Day, and sponsored by Mrs. Beth Paige, was the feature of last Friday evening's meeting. A small but appreciative audience came away with a new and deeper appreciation of what our country and flag mean to us. It was a pleasure to welcome several visitors.

Friday, June 21, we will present a "Cowboy" program that promises real enjoyment. Refreshments will be served. Games and a social time will occupy the evening following the regular business session.

### Harry Bell In East to Attend Convention

Having finished his second year at Fresno State College, Harry Bell, son of Mr. and Mrs. Carleton B. Bell of 1544 Marcelina avenue, arrived home last Saturday morning. But Monday evening he was on his way to Champaign, Ill., where he will attend the national convention of his fraternity, Kappa Delta Rho, as representative of the Fresno State chapter. While in the east, young Bell will visit in Chicago and on his way back will stop over in Emporia, Kan., Trinidad, Colo., and Flagstaff, Ariz.

During the past school term, Bell was a member of the student council and advertising manager for the Fresno State paper. When he returns to school in the fall, he will have charge of all advertising for athletic programs and will serve as house manager for his fraternity.

With estimates indicating that the 1940 U. S. milk production may reach new highs, milk distributors are cooperating with other branches of the dairy industry and drug, food and variety stores on June Dairy Month, a widespread promotional drive to increase consumption of milk and dairy products.

Milk is the largest single source of farm income in the U. S. and last year it contributed \$1,355,000,000 in cash to the farmer, according to Edward Brunner of the Mayfair creamery here.

When 25 million bottles of fresh milk are placed on the doorstep of American homes each daily service is so efficiently carried out as to be almost unbelievable to foreign milk exporters.

If consumers would drink an extra glass of milk every day during June, more than one billion more quarts would be consumed as fluid milk which brings the farmer his highest price.

It is estimated that one out of every 15 families in the country is dependent for its livelihood on the milk from 25 million cows, according to the Milk Industry Foundation, which says this fact alone warrants a determined all industry effort.

The milk distributors will cooperate with food, drug and variety stores, hotels and restaurants, civic clubs and schools, railroad, bus and airplane lines and milk producers to remind the consumer that the Milky Way is the American Way.

Window displays, advertising posters, fountain placards, pennants, truck banners and leaflets will feature milk. New "made-with-milk" drinks will be advertised by soda fountains. Activities will benefit dairy products, including ice cream, butter and cheese.
