

### A Rare War Casualty Picture

This is one of the few casualty pictures released in European war. Just released by German censor, it assertedly shows British soldiers dead beside their motor lorries, in retreat from Flanders.

### It's First Launched in Northwest Since War

This was a great moment for Pacific Northwest shipbuilding industry, as the 12,000-ton Cape Alva slid down ways of Seattle-Tacoma Shipbuilding Yards at Tacoma. It's first launching since World War days. Cape Alva was christened by Mrs. Ann Roosevelt Boettiger, daughter of the President.

### Buddy Baer Fights Paralysis

Buddy Baer, 260-pound brother of Maxie Baer, and himself a heavy-weight contender, shown in Sacramento hospital where he is fighting a paralysis threat as result of spinal injury suffered in recent victory over Nathan Mann in New York.

### Births Gain In State During First 5 Months

SACRAMENTO (U.P.) — The state department of public health reports a tremendous increase in requests for searches for birth certificates because of requirements for certificates for employment in airplane and other factories and enlistment in the army and navy. The department received 1,457 requests in June, compared with 671 in May, 1939.

**Golden Campaign Group Announced**

Charles Mitschrich, Torrance attorney, this week entered on his duties as chairman of the local campaign committee that will work for the nomination of Mrs. Clara N. Colden as Democratic candidate for Congress in this district. Mitschrich was elected to the post at an organization meeting at the home of Mr. and Mrs. T. F. Tidwell, 1600 West 216th street.

Six committee vice-chairmen were elected. They are: Wallace H. Gilbert, Charles Darrow, Grover C. Whyte, T. F. Tidwell, Adrian I. Thompson and Mrs. Mildred Parkins. Mrs. Marjorie Lessing, wife of City Judge Robert Lessing, was elected secretary.

Judge Lessing, who is a member of the campaign committee, will take an active part in the campaign to nominate Mrs. Colden, it was stated. Other committee members include Mrs. Eugene Thompson, Mrs. T. F. Tidwell, W. G. Snyder and Mr. and Mrs. J. Stewart Miller. The committee will be enlarged to include a representative from each of the Torrance precincts, chairman Mitschrich said.

A Colden for Congress campaign committee also has been organized at Harbor City, with William Myerscough, well-known business man and long time resident of that community, as chairman, it is announced.

**Co. Workers on Military Leave Have Jobs Held**

Assurance that positions vacated by reason of military leave shall be held open for the permanent incumbents when they return was given this week in a resolution adopted by the board of supervisors, on motion of Supervisor Oscar Hauge of Long Beach.

The civil service commission is requested not to hold examinations for replacements of incumbents occupying these positions, during their absence on military leave, and Wayne Allen, chief officer for the board, was instructed to work out details of the policy.

**New Coffee and Broiler Robots Make Table Cookery Delightful**

"Come out of the kitchen!" That's exactly what one does with the very new electrical coffee or broiler robots now available exclusively at Sam Levy's hardware department. You can whip up an entire meal on these bright, shiny chromium marvels of efficiency without moving from your seat at the dining table!

Both are Faberware products. First, let's take a look at the small coffee robot: It's absolutely fool-proof—you get perfect coffee every time. It turns off automatically when the coffee is finished, stirs it, and after it is brewed keeps it hot indefinitely by means of an automatic thermostat heat control. You don't even have to watch it.

Coffee robots, in four sizes from six to 10 cups, have their counterparts in automatic tea robots, also chromium plated inside and out. The latter brew tea conveniently, deliciously and automatically keep it hot as long as desired.

Now, the broiler robots: You can broil, cook or toast with them. They have two heat controls, low and high, and you use them at your dining table. Their round shape is particularly well adapted for casserole dishes. There's another design with a handsome well and tree platter. All of the broiler robots have grills and platters, so that after

**State's Chrome Ore Deposits Increase in Value Result of War**

SACRAMENTO (U.P.) — California's deposits of chromite or chrome ore, the largest known in the United States, have increased potential value as the result of war conditions and the possibility that heavy imports from foreign countries might be curtailed, it was reported by the state division of mining.

Chrome is obtained more cheaply in other countries but during the five war years of 1914 and 1918, California produced 180,519 tons of ore. For the 10-year period before the war and the entire period since then, the state's production has averaged less than 1000 tons per year. Foreign imports in 1939 amounted to 352,085 tons.

The Rustless mining corp., of Grants Pass, Ore., has purchased the largest deposit of chrome ore now known to exist in Siskiyou county, estimating it can produce 500,000 tons of commercial chromite if the ore is milled. This would supply the normal requirement of the nation for one year.

Negroes got to vote in the Bahamas in 1830, eight years before abolition of slavery there.

make your home work easier and cooking more of an adventure.

**your steak or chops are cooked to a turn, you simply take the meat from the grill and serve it in its own delicious juices.**

The robots are wonderfully easy to clean—the heating element is removable and you can wash to top and bottom in soapy water. All of the robots are made of brass (it is non-porous) and they are the finest gifts one can buy for a new bride—or to
