After 40 years of staid married life Mr. and Mrs. L. J. Hunter ended up in Hollywood on their anniversary. After seeing the sights, and calling upon their daughter, Mrs. Graham Tinning, they attended "Gone With the Wind" and had dinner at the Brown Derby.

They had a good time and found their mailbox filled with cards of congratulation, in addition to having a number of friends calling in person or by telephone to express good wishes.

But if you ever want a good laugh, get Minnie Hunter to tell you about the "wild" days of her youth when the big time in Minnesota was the annual Welsh "sing." All the Welsh people and their families and friends gathered for these sings from miles around and did the tonstils get aired!

Hauge Thanks People of District for His Smashing Win at Polls

With a great sense of gratitude Supervisor Oscar Hauge issued a statement late last week to the people of the Fourth Supervisorial District for the support given to his candidacy for retention in office. According to the Supervisor, the final results proved the remarkable victory to be in the hands of the voters throughout the territory, and the candidate responds with heartfelt gratitude.

The latest figures secured from County Registrar Kerr's records show that Supervisor Hauge received more than 57,000 votes, and finished way ahead of any of his opponents, winning over the field by more than three to one.

In his statement, Supervisor Hauge extended his gratitude for the response of his supporters and, according to the big odds by which he finished out in front of the nine opponents on the ballot, this is highly indicative of a victory No. 5.

It's Time To Be Thrifty In Buying Autos

The tide has turned in your favor. With the arrival of new cars, automobile dealers in the harbor-south bay area are putting their best foot forward by offering amazing values in late model used cars and they are offering the best allowances in years on your trade-in.

These cars are completely re-conditioned and usually carry a guarantee from a reputable dealer.

It seems an opportune time to discard the car that won't run or is too costly to operate for one that serves you economically and comfortably.
