Cabrillo Improvement Will Start Soon; Council Meet Data

Mayor Tom McGuire announced at city council meeting Tuesday night that the board of supervisors had granted the city's request for an appropriation of \$8,056 from the community's gas tax funds to pay the Pacific Electric for the purchase of the Cabrillo ave. right-of-way from Torrance blvd. to Plaza del Amo.

"We will start to remove the rails and ties as soon as possible and then make every effort to improve the street," McGuire said. Other business matters to come before the council this week were:

A request from Miss Edna Mullin that city adopt an ordinance to replace one that banned keeping wild or tame ducks within the city limits. Councilman Vern Babcock announced such a statute was being drafted and would be presented at the next regular meeting, scheduled for June 10.

To Attend Convention
On Babcock's motion, Councilman George V. Powell and Fire Chief J. E. McMaster were authorized to attend a fire chiefs' convention at Oceanside June 7 and 8 with all expenses paid by the city.

A \$55 adding machine was ordered purchased for the municipal bus department. The Walteria Civic Organization's request for street signs on Neece ave. was referred to the police department with power to act.

Protest Indigent Camp
A request from the Gardena Valley Chamber of Commerce that the city join that community in protesting to the board of supervisors against the establishment of an indigent camp in Alondra Park was approved and City Clerk A. H. Bartlett authorized to inform the county board of the city's displeasure over the idea.

Thanks of the high school Junior class for the use of the auditorium and the services of James Brodie and Oscar Butterfield for the recent Junior-Senior Prom were conveyed to the council by letter.

William R. Vickroy was granted his annual request to operate a fireworks stand for the coming Fourth of July on Highway 101 west of Lomita.

Seek Improvements
Recommendation of Dale Riley, city recreation director, that \$60 be appropriated for the purchase of material to erect a new concession stand in the city baseball park was approved. Members of the Torrance American Legion post, who were granted the concession, will build the stand.

Fifty-two Walteria residents, indicating they desired installation of sidewalks, curbs and gutters on five blocks of 240th st. to Newton st. and three blocks on Los Codona, asked what procedure was necessary to obtain such improvement. City Attorney John McCall said three plans were open to them, did not elaborate on what each was and offered to write to the petitioning group giving the information.

An ordinance authorizing the city to sell at auction city-owned real property, obtained from the county at tax-sale, was adopted.

Want Curb-Curb Paving
B. C. Buxton, local realtor, submitted an additional petition, bearing 40 signatures of property owners, to a similar petition presented several weeks ago asking that plans for the proposed improvement of Torrance boulevard be changed. The petitioners insist, that street should be paved curb-to-curb in its business area from Cota to Post ave. instead of having a center parkway with paved drives on each side. John Holm

Robinson and Ida Lupino are shown here in a scene from the film version of Jack London's thrilling saga of the sea "The Sea Wolf" which opens Thursday, May 29, at the Plaza theatre in Hawthorne for a three-day run. The second feature on the bill will be "The Great Nobody."

Brazilian Gets U. S. 'Refresher'

Many Latin American nations, which formerly sent their military men to Europe for advanced training, are now utilizing facilities of U. S. Army. Included in 427 officers graduating from three-month "refresher" course of Infantry School at Ft. Benning, Ga. were 28 officers from Latin American republics. Here Captain Adalberto Pereira of Brazil gets diploma from Brig. Gen. Omar N. Bradley, commandant of school, while Colonel C. W. Thomas, left, and Major H. V. White look on.

Shell Oil Pays City \$500 for Franchise

Shell Oil Company's bid of \$500 for a new pipeline franchise that will last for 40 years was accepted by the city council Tuesday night. In addition to this sum, the oil company will pay, at the end of five years, two percent of the gross receipts of all oil shipped through the new line traversing Torrance, or not less than an income to the city of \$40 per mile per year.

American food manufacturers annually amount in value to more than 10 1/2 billion dollars at the factory. This is equivalent of \$80 worth per capita.

An adjourned meeting of the council will be held next Tuesday afternoon, June 3, at 5 p. m.
