### Flynn Stars in "Dive Bomber"

How is the I.Q. of your heart? Flight surgeons of the United States Navy can tell you. They are a small handful of specialists far in advance of their professional field.

The duty and effort of the modern flight surgeon is to keep military and naval fliers in the air. They fall in their job when in aviator has to be grounded because he no longer is mentally or physically capable of flying a plane.

This, then, is the dramatic premise of the Plaza theatre's next feature attraction, "Dive Bomber," in which Errol Flynn and Fred MacMurray are co-starred, and in which Flynn is a naval doctor specializing in Schneider tests, high altitude sickness, chronic flier fatigue and the dread black-out that bomber pilots suffer when they pull out of a dive.

The Schneider tests, standard with the United States Navy, and named after the man who evolved them, establish the norm that tells the I.Q. of your heart.

Mr. and Mrs. Dale Biley left this morning for Catalina Island where they will celebrate their 29th wedding anniversary tonight with Mr. and Mrs. Carl Quayle, son-in-law and daughter, and their grandson.

### Arkansas Teacher Learns She Has Many Pupils Here

Torrance is a "little Arkansas." That fact was revealed this week when The Herald learned of the visit here of Mrs. Della Moore, Dell (Arkansas) school teacher. She visited Mrs. Francis Cook of 2317 Torrance Blvd., a former student of hers during 1911 and 1912.

Mrs. Moore learned that there are more than 16 families in Torrance whose members were former pupils of hers during the years she was associated with schools in Gonnell, Arkansas. Mrs. Moore is still teaching in the Bear or Bowle state but she is not, by any criterion, the old-fashioned type of school teacher.

### Letters to Editor

**SHIDLER COMPLIMENTED**  
The Torrance Herald, Torrance, California, Gentlemen:

It is quite apt to happen that a local community does not always appreciate to the fullest extent its own citizens. I had the pleasure of rather close association with John Shidler, your local City Judge and Attorney, in connection with the litigation in Orange county, which resulted in combined judgments of \$32,500 which judgments were partly in favor of Fanny C. King and Thomas W. King of Torrance.

Mr. Shidler was largely responsible in the recovery of these judgments and I think that your community should know that although he is young as attorneys are often thought of nevertheless he is a very able and conscientious man.

Yours very truly,  
(Signed) EARL R. McCABE,  
Attorney at Law,  
Fullerton, Calif.

### Two Face Drunk Driving Charges

Two men will appear before Judge John Shidler Saturday morning on drunk driving charges. Lawrence Akers Moore, 22-year-old baker residing at 1816 Andree ave., was arrested on that charge last Saturday evening. He had a quart of wine in his car, according to police. Moore was released on \$100 bail. Arthur Dial, 35, Los Angeles sign painter, was picked up last Thursday night on Pacific Coast (101) highway. He, too, was released on \$100 bail to appear in court Saturday morning.

### 14 Girls Entered as Tenderfoot Scouts

By CAROL VENABLE, Reporter  
After a very enjoyable trip to the city park Saturday, the Girl Scouts of Troop 2 of Torrance returned to the Scout hall and held the investiture ceremony. The following 14 girls gave their laws and promise, received their Girl Scout pins and are now of the Tenderfoot rank:

Hazel Davis, Ann Marie Phipps, Patricia Mohr, Cecelia Bidwell, Joyce O'Brien, Virginia Shew, Louise Benson, Mary Louise Acord, Genevieve Pisel, Evelyn Clark, Betty Wright, Shirley Vandewater, Dorothy Vorhis and Wanda Welch.

### Coordinators Delay Election of Officers

Because the attendance was disappointingly small — only about 20 being present — the Torrance Coordinating Council decided last night at the high school to postpone election of officers and discussion of 1941-42 plans until later. This annual meeting, it was indicated, will probably be held within the next 30 days.

### FIRE PREVENTION

Fire Chief J. E. McMaster and Captain J. R. Winters of the Torrance fire department told the Torrance high school student body how fires started and how they could be prevented at an assembly held in observance of last week's Fire Prevention Week. A fire drill also called attention to the event.

### 13 Patients Enter Hospital

Thirteen patients were admitted to Torrance Memorial hospital during the past week. They were: Mrs. Louise Andre, 2410 227th st., Oct. 10 for surgery; Mrs. Hazel Beckham, Torrance Trailer Camp, Oct. 14 for observation; Bennett Black, Manhattan Beach, Oct. 10 for medical care and Mrs. Henry T. Campau, Redondo Beach, Oct. 10 for medical care.

### Surprise Storm Ups Rain Total To .09 Inches

A "surprise" storm which took weather observers unawares early last Sunday morning gave Torrance .07 of an inch, the Torrance fire station reported. Last year at this time the city still was to feel its first rain, although later drunchings gave it a record of 30.08 inches.

The storm was accompanied by a spectacular display of lightning. Nearly half an inch of rain fell in most parts of Los Angeles.

Weathermen said the storm surprised them due to lack of reports on weather at sea which are no longer radioed by ships because of war conditions.

### Auto Wrecking Firm Expands

Torrance Auto Wrecking and Parts Co., announced this week a change in ownership. The new firm now under the proprietorship of Maek Brown will considerably expand present activities by the year's end and will offer all residents of this area a complete used auto parts section.

With added departments, the newly expanded firm will install, cut and fit auto and truck glass in any size. Another feature will be complete battery charging and service department. Now in the market for used cars, wrecked, burned or running, the company will adhere to a policy of complete customer satisfaction and serviceable merchandise.

"Frank" will continue on in charge of the parts department and offer assistance to his customers in their present needs in used auto parts.

Marineland, Fla., the state's smallest incorporated town, claims to have the smallest telephone directory in the world. It measures three and a half by five inches and has eight pages.

### Church Leader Will Deliver Sermons Here

Dr. E. W. Petticoard, superintendent of the Oregon-Washington Conference of the Evangelical church, will preach at both morning and evening services in the Central Evangelical church next Sunday. According to Rev. H. Wesley Roloff, Dr. Petticoard is an unusually successful evangelist and Conference worker.

The morning service begins at 11 o'clock and the unified evening meeting starts at 7 o'clock. There will be special music.

### SHIP COMMODITIES

There are about 38,500 different commodities in stock in the stores of a first class battleship. They range from anchors weighing eight tons each down to tiny screws.

### TOGETHER AGAIN

Co-starred again by popular demand, the memorable Dorothy Lamour-Jon Hall team of "The Hurricane" will be seen starting Sunday at the Grand theatre in Paramount's Technicolor island romance, "Aloma of the South Seas." Thrilling action and colorful pageantry highlight their new film adventure. Sharing the Grand program is "Melody For Three," a tuneful hit, latest in "Dr Christian" pictures starring Jean Hersholt.

### AUCTION AIDS BLIND

The problem of what to do with last summer's straw hat has been solved by the St. Joseph, Mo., Lions club. The members auctioned off their warm weather headgear and gave the money to aid the blind.

Snowflake, Ariz., was named for its founder, William J. Flake, and a friend, Erastus Snow.

### WAR PICTURES

Motion pictures showing the British Greek campaign will be presented at the Assembly of God church, 1741 Border ave., Sunday night at 7:30 p. m. The pastor, Paul H. Perry will speak on "The Coming Rule of Christ on Earth."

### Stockings were 640,486,000 pairs.

The 1939 production of silk stockings was 640,486,000 pairs.

### Paint Tips

GEORGE SEIZ:—

### THE WEATHER

—WHO DONE IT? Well, it's still swell painting weather — let's finish before we have to close windows and heaters.

Use the best oil paint available over Kalsomine — Old Colony's Pericoat.

FACTS ABOUT PERICOAT —  
1. Double ground for hiding qualities, covers water stain.  
2. Absolutely will not lap.  
3. Washable.  
4. Coverage 350 to 700 square feet per gallon.  
5. Drying time 2 hours — paint room and use it same day.  
6. LOW PRICED at \$2.35 per gallon.
