### Phone Company Now Equipping New Addition

With the completion of an addition to its central office building at 1288 Sartori, the Southern California Telephone Company has begun the installation of additional switchboard positions and associated equipment that will markedly increase the capacity of the office.

Construction of the building addition was started in early October. The building work involved an expenditure of approximately \$7,000 and increased the size of the structure by one-third. Design is in conformity with that of the original building.

F. W. Smith, telephone company district manager, said that the initial central office equipment installation will include switchboard for two additional operators. The equipment will cost \$10,000. Early next year, it is planned to install switchboards for three more operators at a cost of \$18,000.

Ask Public's Cooperation. The first job will increase the capacity of the office by 260 telephones to a total of 1900 and the second will provide facilities for serving 900 more. Substantial growth of the exchange makes the expansion moves necessary, Smith said. The number of telephones in the first ten months of this year, as compared with a gain of 118 in the comparable period last year. The total of telephones in service in the exchange is 1,627.

Meanwhile, the district manager said that although extensive preparations have been made to handle a record-breaking total of long distance calls on Christmas Eve and Christmas Day, which are always the busiest times of the year, there will be inevitable delays in the completion of the rush of calls that would require multiplication of telephone long distance lines by as much as eight times.

Outbreak of the war, the district manager said, heightens the problem because the number of calls has increased immensely. Cooperation in the public in being reasonable in the use of the service, particularly during "alerts," and in being patient when delays occur was requested by the district manager.

### Area Left Dark On Purpose

H. H. Halladay, secretary of the Lomita Chamber of Commerce, advises that residents of Lomita west of Estelmer and north of 25th st., as far as the Torrance line need not be alarmed by the lack of street lights these nights.

The Edison Company has had orders for the present to leave this area dark. The difficulty of suddenly effecting a complete blackout can be realized by residents who are trying to darken their homes and because all the lights in that section are on one switch. Because many switches have to be thrown in case of a sudden alarm it has been thought advisable by authorities to leave this section without street lights. The Edison people are only citizens now and must comply with whatever orders given so don't call up the company if your street lights are out.

blinds on his house wouldn't close and his window shades "had a lotta holes in them—so how am I to blackout?" Officers wanted to reply: "Well you could put on colored glasses" but they didn't—being trained in courtesy even in wartime.

There were many, many others. What to do about buying vegetables? How to prepare for a blackout, fight incendiary bombs, locate air raid shelters, whether to send children to school, close stores, stay in the house, run for the hills and so forth.

And to cap the climax, one resident complained that the

### HOW TO BRIGHTEN YOUR Christmas

These have delighted the folks little and big, for years. Try them dressed up this way.

### POPCORN BALLS

An old-time delight but give them a 1941 look with cellophane jackets as they'll look like momentary fruits -- apples, pears, cherries -- or your pet pussy cat.

### HOLIDAY CALLERS?

Have salted nuts, cluster or seedless raisins, and hard candy on hand, to holiday array. (And you can salt your own nuts -- save them in your heavy frying pan, sprinkle with salt and drain on sheets of absorbent paper).

### LET'S EAT BEFORE WE GO!

What better on a cold or rainy night than hot buttered popcorn, chilled crisp apples, nutted nutty cheeses to nibble on, and a steaming cup of hot chocolate. Serve before an open fireplace and purr!

### CIDER & SWEET BISCUITS!

That's really going way, way best for an idea. Hot mulled cider (heat cider with stick cinnamon and whole cloves, thicken with butter water. For colder or bedtime snacks -- or any time).

Your Christmas Dinner depends on its quality. Safeway turkeys are a sure bet. Top-grade birds, tender, meaty... guaranteed to please.

"ENOUGH FOOD FOR ALL"

"A review this morning leads me to the conclusion that at present we shall not have to curtail the normal articles of food. There is enough food for all of us and enough left over to send to those who are fighting on the same side with us."

—President Franklin D. Roosevelt (In radio speech of Tuesday, December 9, 1941)
