The idols have spoken vanity,
and the diviners have seen a lie,
and have told false dreams; they
comfort in vain. The foregoing
verse from Zechariah is the Golden
Text in all Churches of Christ, Sci-
entist, on Sunday, "Ancient and
Modern Necromancy, alias Mes-
merism and Hypnotism, Decon-
dred" is the Lesson-Sermon subject.
"It includes, among other selec-
tions, the experience of Balaam
and Balak, from Numbers. Balak,
the king of the Moabites, tried to
induce Balaam to curse his ene-
mies, but instead Balaam blessed
them. In answering Balak's criti-
cism, Balaam said, "Must I not
take heed to speak that which the
LORD hath put in my mouth? . . .
God is not a man, that he should
lie; neither the son of man, that he
should repent. . . Behold, I have
received commandment to bless,
and he hath blessed; and I cannot
reverse it. . . Surely there is no
enchantment against Jacob, neither
is there any divination against
Israel!"

Passages from the Christian Sci-
ence textbook, "Science and Health
with Key to the Scriptures" by
Mary Baker Eddy, include the
statements: "As named in Chris-
tian Science, animal magnetism or
hypnotism is the specific term for
error, or mortal mind." "Animal
magnetism has no scientific founda-
tion, for God governs all that is
real, harmonious, and eternal, and
His power is neither animal nor
human."

State Beaches Open May 29 But Stay Dark

State beaches and parks will
open for the season Friday but
not as usual.
Army regulations prohibit
lights of any kind on the beach
frontage from dark to dawn,
and Darwin W. Tate, chief of
the state division of beaches
and parks, said that persons
using the state recreational
areas would have to conduct
themselves accordingly.

The state owns beach front-
age in Santa Monica, but it is
under supervision of the county.
The other principal state areas
affected are Delaney beach state
park, San Clemente beach state
park and Carpinteria Beach
state park.

Flicking, camping, trailers,
swimming and fishing will be
permitted in state parks or ad-
jacent waters day and night.
Tate said, and lights will be
allowed at night in tents and
trailers, but they should not
face the beach.

All buildings within the park
areas will be lighted until fur-
ther notice, with exception of
lights facing the ocean. It will
be determined shortly whether
these regulations are sufficient.
Tate said.

Drop in Gasoline Sales Indicates Lessening Traffic

Definite reduction in the use
of motor vehicles as a result of
war-time restrictions was seen
today in a report of gasoline
sales issued by R. E. Collins,
chairman of the State Board of
Equalization.

According to Board figures,
available gasoline sales during
April amounted to 152,479,030
gallons on which was assessed a
tax of \$4,574,370.91. This rep-
resented a reduction of \$878,
216.42 or 16.11 percent under the
same month of the previous
year.

A slight loss was reported on
March distributions, but the
April drop was the first substan-
tial decrease in gasoline
taxes for more than three years.

Masonic Temple Reopening in June Told by Ed Day

Re-opening of the Torrance
Masonic temple which was had-
ly damaged by the Nov. 14
earthquake will be celebrated
with a series of three meetings
early next month, it was an-
nounced today by Edward Day,
master of the local lodge.

On Tuesday night, June 2,

Daughters, will hold their first
regular meeting under the lead-
ership of Margaret Mort, hon-
ored queen. Torrance Chapter
No. 380, Order of Eastern Star,

Judge Shidler In Congress Race

(Continued from Page 1)
has heard and decided more
than 1,900 criminal and civil
cases, none of which has been
reversed on appeal.

"Special privilege is unknown
in my court. I intend to follow
that same fair course in Wash-
ington, always keeping in mind
that my district is a war pro-
duction and No. 1 defense area,"
Judge Shidler said. "Our work-
ingmen will produce the goods
to win this war and they must
not be hampered by attempts
to sabotage their hard-won
gains. A member of the war
Congress must not lose sight of
three imminent problems: win-
ning the peace, demobilization
into employment of men now in
the armed services and satis-
factory provision for senior citi-
zens."

In civic life, the Torrance
magistrate has served his home
community and district as the
Boy Scout, president of the
Episcopal Men's Club and Sun-
day School superintendent. He is
past president of the Torrance
Young Democratic Club and de-
veloped the "Community Day"
plan now used by the American
Red Cross Blood Donor Service.

Since Dec. 7 he has taken a
deep interest in civilian defense
activities. Classified as 4-F by
his local draft board, he is now
serving as chairman of the OPA
Fair Rent Committee, is a mem-
ber of the Price Control Com-
mittee for his district, Auxil-
iary Police and chief deputy cor-
oner. Judge Shidler married
Rosemary DeCamp, screen and
radio player, last June. They
were college classmates.
