

SERVICE SHORTS

What is your boy doing in the armed services of the nation? Has he been promoted, sent overseas, come home on leave, met "the girl," or seen action? Many readers have told us they look forward each week to the accounts of local boys in service. The Herald will be glad to publish this news and looks to parents and friends of soldiers, sailors or Marines to furnish the material. Send it in at once, please!

FRANK STANOVICH . . . who formerly worked at the National Supply Co. and enlisted in the Navy last July, was listed last week as one of the survivors of the U.S.S. Lexington in the Coral Sea battle. Stanovich, 25, seaman first class, aviation mechanic, went aboard the aircraft carrier last March. He lived in San Pedro.

GUY BOWELL . . . was reported visiting his parents here on leave this week. He could only be identified last Thursday as a "Coral Sea fighter." Since the Navy's announcement of the sinking of the U.S.S. Lexington, it can be revealed he was one of the survivors of that great aircraft carrier.

MARVIN GOETTSCH . . . another T.H.S. alumnus and star Tartar football player enlisted this week in the Navy. His home address is 715 Annapolis ave. His friends here know Marvin will do his best to score against the Axis.

STAFF SERGEANT WALTER C. WEST . . . son of Mrs. Alice M. West, of 1829 Arlington ave., returned this week from Albrook Field, Panama Canal Zone, for a 30-day furlough. He has been in Army service for the past three years.

MICKEY HOWARD . . . whose real first name is Myrtil, visited his brother Melvin here last week-end. Mickey is a bomber pilot in the Navy. His brother Manuel is in the Army "somewhere in the Far East" and no word has come from him in the past four months. Both boys are former Torrance Herald carriers and lived at 1563 215th st. and on Post ave. when they were residents of Torrance.

J. D. RADFORD . . . who is serving in the South Pacific sent his friend Billy Russell of this city a grisly "souvenir" this week. It was said to be a real Jap skull and the note from Radford accompanying it stated "there's plenty more where this one came from."

STAFF SERGEANT ORVILLE W. HUDSON . . . stationed at Muroc Bombing Center near Lancaster, spent the weekend at his parents' home here.

SERGEANT WALTER C. FOSTER . . . of Fort Ord spent the weekend with his parents, Mr. and Mrs. Milton F. Foster, 911 Cota ave.

MAJOR LEONARD A. DYKES . . . former principal of the Torrance Elementary school, is now stationed at Victorville, doing general staff work.

A social evening was enjoyed and Mrs. Cooper was presented with a handsome gift from the group. Refreshments were served to Mesdames Fred Gahwof of Redondo Beach, J. A. Eisenbrandt, L. Arnold, A. Woods and the Misses Mary Jane Smith and Mary Scallen.

ENTERTAINS FOR DAUGHTERS HERE
Mrs. B. C. Buxton was hostess when she entertained Tuesday evening at her new home on El Prado honoring her daughters, Mrs. Stewart Grov of La Crescenta and Mrs. James H. Scott. An enjoyable evening was spent playing games and Mrs. J. H. Burchett was presented with a prize for high score. Refreshments were served to Mesdames R. E. Satchell, Roland Sanderhoff, C. A. Curtiss, D. W. Quigley, J. H. Burchett, T. T. Babbitt and Paul F. Vonderahe.

ENTERS U.C.L.A.
Miss Leah Bratton enrolled at U.C.L.A. this week for summer classes.

VISITING HERE
Mrs. Stewart Grov and daughter Sandy of La Crescenta are visiting at the B. C. Buxton home this week.

JAMES R. PAXTON, U.S. NAVY . . . writes that he has recently been transferred to a Naval machinist's school at Wahpeton, N. D.

RALPH E. SACHELL . . . of 1303 Acacia ave., has enlisted in the Navy as a machinist second class. He left yesterday for San Diego where he will be stationed temporarily.

Home Recreation For Children Topic Of P.T.A. Meeting

Preceding the last meeting of the Fern Avenue P. T. A. Tuesday, members visited the classroom of Mrs. Ruth Taylor to witness a lesson in A. S. and B. S. music. The group then assembled in the auditorium for the business session and program.

Mrs. W. H. Tolson reported on a recreation conference which she attended during the recent state convention at Long Beach. She said recreation leaders agree that the "youth problem is truly a parent problem. This summer when a great many of our parks and beaches will not be available to our children we must make other provision for their entertainment. Back-yard parties planned and carried out by the youngsters themselves to entertain their young friends, croquet and ping pong matches offer some solution. She urged cooperation with established recreation departments.

Mrs. Cora Bohrer of the Torrance Recreation Center made a plea for homes and children as the first lines of defense. She expressed a fear that many people in doing the utmost to entertain our "boys in service" are forgetting the younger boys and girls who need attention. She pledged the cooperation of her department in planning summer parties and entertainment for the school children during their summer vacation.

After a delightful group of songs by the Junior choir of Torrance high school, under direction of Mrs. Marjorie Cooke, officers for 1942-43 were installed. Mrs. J. J. Millard, past president of Fern Avenue P. T. A. and president-elect of Lomita-San Pedro Council, conducted the installation ceremony for Mrs. John Garner, president; Mrs. Geo. Crabtree, first vice-president; Miss Mary Waddell, second vice-president; Mrs. Marie Benson, third vice-president; Mrs. L. F. Watson, secretary; Mrs. A. C. Turner, financial secretary; Mrs. C. Steele, treasurer; Mrs. D. A. Murphy, auditor, and Mrs. Leonurus Stamps, historian.

Following adjournment, tea and cakes were served by Mrs. J. F. Cannon and Mrs. G. Hayden.

Survivor of Destroyer Sinking Won't Talk

(Continued from Page 1)
Bill Stewart, Army Air Corps cadet, and several other high school friends now in service to attend the all-city track meet at the Los Angeles Coliseum. All had participated in track events and they got a big kick out of watching "the kids" perform. The only thing Stecker would say about the sinking of the Sturtevant was that the three explosions that ripped her inwards sent the destroyer down fast.

"The first blast knocked me out of my pants and shoes and the others came so fast I couldn't think. Then I found myself in the water and oil."

Guesses 3-Year War
Stecker was serving as signalman on the bridge, receiving all visible messages. His Navy duties have taken him to Greenland, Iceland, Ireland—his ship was the first to visit Erin following the U.S. entry into the war—and all points in the Caribbean.

"Everywhere we went we got a royal welcome. The people overseas use the word 'America' to describe anything big or great. They say, for instance, a certain church is big—'like in America.'"

Methodists to Honor New Members at Dinner Friday Night

The Methodist church will hold its annual dinner Friday evening at 6 o'clock. Honor guests will be 60 persons who were received into membership during the past year. Greetings will be brought from each department and an adjourned quarterly conference will be held.

Rev. Harry Branton goes to the Southern California-Arizona conference next week at First Methodist church, Los Angeles. Mrs. Grace Hooper will represent this church as lay delegate and Guy Mowry as alternate.

People here at home don't seem to realize how the other Allied Nations look up to us. "Coming across the country, I found that the midwest appears quite unconcerned about the war—in fact they don't know service uniforms apart there. Why, I've had people ask me on the train if I was a soldier or a Marine—and I was wearing my Navy blues at the time."

"I don't know how long this war is going to last but my guess is about three years. It might be shorter than that if all the folks at home will back us up with purchases of war bonds, and now with getting in the scrap rubber—we need a lot of that rubber in the Navy, I can tell you," Lee Stecker said.
