

Council to Decide Brick Expansion

(Continued from Page 1)
Lawrence Liston said they were trying now to find a new location and expected to be out of North Torrance "in about five years or less."
The firm's clay pit is about 420 feet from Prairie ave. now and the owners said there are no homes closer than 300 feet to their holdings. Two absentee owners of property in the area sent written objections to the creation of a garbage dump on the site of the excavation when the land is decided to the city.

More than two miles of motion picture film for projection on the screen are required for a two-hour performance.

Housecleaning Has New Meaning

Clean-up weeks and paint-up weeks and burn-the-weeds weeks are commonplace in American life. And much like the activities of those hectic periods are the activities now going on in millions of American homes in the nation-wide drive for scrap rubber. Attics, basements and garages are rummaged through; junk is dragged out; ancient dust smudges the air.

But now Mr. and Mrs. America are house-cleaning for victory—searching for rubber that will save lives of American boys who once played in those same attics and basements on rainy days, rubber that will save the United Nations from defeat.

Californians have held a proud place in the forefront of American war effort on many fronts. In building planes, building ships, providing stalwart boys for the service, buying war bonds, the Golden State has set a top record. It is to be hoped that every local home here contributes the last possible vestige of discarded rubber to the fight for victory.

IN MOUNTAINS
Mr. and Mrs. H. E. Messie spent the weekend visiting the G. W. Evans who are vacationing at Big Bear.

Torrance Hi Graduates of 20 Years Ago

These seven formally-dressed students composed the first real graduating class of Torrance high school. They were the class of summer 1922 which held its commencement program on June 28 that year. They are, left to right: Katherine Bur-

master (now Mrs. Charles Curtis), Karl Von Hagen (now a noted brain surgeon in Los Angeles), Virginia Watson (now Mrs. Kraft), Ralph Beall, Virginia Quigley (now Mrs. Quigley, still a Torrance resident) and Helen Neill (now wife of Dr. Linus Adams).

Blood Donor List Has 30 Names

Thirty persons have listed their names as blood donors for the July 30 second call here of the Red Cross mobile unit, according to Mrs. R. R. Smith, chairman. On the mobile unit's first call here, May 11, the Torrance branch furnished 50 donors which was the capacity. A total of 80 are wanted for the July 30 call.

Visiting Sister

Mrs. Bessie Gray of Modesto is visiting her sister, Mrs. Margaret Dawson of Plaza Del Amo.

Enjoy Outing

Mr. and Mrs. W. Rufus Page and son Edford and daughter, Mrs. Richard Bordere returned this week from a week's vacation at La Cienega in the Sierra Madre mountains.

To Colorado

Mrs. W. E. Bowen, her son, John Rudolph, and her mother, Mrs. Mary Peer, left last week for Greeley, Colo., where they will attend the wedding of Mrs. Peer's granddaughter.

Estimated 10,000 Safety Engineers Will be Needed

It is estimated that 10,000 safety engineers will be needed by the United States within a year.

WAR CREATES NEW RACKETS

Using war and defense activities as a basis for a wide variety of new schemes to mulct the public, a new crop of petty and grand-scale swindlers has sprung up. The Better Business Bureau has issued a list of 22 new rackets in warning the public to be on guard. The list follows:

- 1.—House-to-house salesmen selling metal tags as necklaces or bracelets, claiming that the law requires all citizens to wear such identifications.
- 2.—Phony air-raid wardens selling fire extinguishers house to house or representation that the government requires all householders to have at least one extinguisher on hand.
- 3.—Fakers offering to test and refill fire extinguishers at a low price.
- 4.—Itinerant fake service men who obtain radios, vacuum cleaners and other appliances from unsuspecting housewives on the pretext of repairing them in cooperation with the government's "war on waste" program.
- 5.—Peddlers selling sand "specially tested" for its effectiveness in extinguishing incendiary bombs.
- 6.—Agencies which promise for a fee to obtain birth certificates for persons born in other states or countries.
- 7.—Fake doctors, sometimes in Army uniforms, who offer selective service registrants advance physical examinations for a prepaid \$2 fee.
- 8.—Plumbers who "prepare furnaces for air raids," supplying parts at fat profits.
- 9.—Furniture repair men who deliberately destroy good parts so they can sell you new ones.
- 10.—Bigger swindlers, including those who organize phony charities and benefits to give aid to refugees and servicemen.
- 11.—Unreliable salesmen selling or bootlegging retreaded tires which are absolutely worthless.
- 12.—Irresponsible insurance salesmen who falsely claim that their policies will cover a man in military service.
- 13.—Men selling worthless oil shares with flashy pamphlets and tales claiming that the shortage of oil and gasoline would increase prices and make their oil fields positively priceless.
- 14.—Or a possible new scheme inviting investment for growing domestic rubber or making substitutes for rubber.
- 15.—Persons soliciting orders for what they call "official" service flags. (Such claims are false as the War and Navy Departments advise that neither has adopted an official flag.)
- 16.—Gyp artists soliciting cash donations from housewives on the plea that such donations will "help the city buy air-raid sirens."
- 17.—Promoters who, contrary to the wishes of the Federal government, use Defense Stamps and Bonds in endless chain schemes or business-stimulator promotions for private gain.

- 18.—Swindlers selling worthless seeds, bulbs, shrubs and other gardening materials, capitalizing on the food production for defense programs.
- 19.—"Watered" paint, sold by out-of-town concerns.
- 20.—Busybodies, who for selfish, unofficial purposes, ask numerous questions under the guise of making a "survey" for "war records."
- 21.—Memberships in professionally promoted "patriotic" organizations.

WAR DAMAGE INSURANCE

MAYBE you didn't know it, but immediately after the assault on Pearl Harbor, Secretary of Commerce Jesse Jones announced that War Damage... that is, damage caused by enemy action or resistance to enemy action... would be paid for by your Government.

THIS IS A TEMPORARY MEASURE AND WILL TERMINATE AT MIDNIGHT, JUNE 30th

Beginning July 1st, you will be required to pay the cost of repairing damage to your own property caused by war action, just as you are now required to pay for repairing the damage caused by an ordinary fire or other destructive force. BUT...

... YOU NOW CAN INSURE against such damage in much the same manner as you insure against fire, and for a surprisingly moderate premium. This War Damage Insurance has been worked out by the leading fire insurance companies in co-operation with the War Damage Corporation.

Rate on Dwellings, Household Goods and Personal Effects including Automobiles is 10c per \$100 for One Year. Minimum premium \$3.00. This Insurance is available only on a Cash-with-order basis.

Any one of these leading Insurance Offices is ready to serve you...
