War Bride

MRS. ROBERT MOWRY

In a beautiful double-ring ceremony last Saturday afternoon at Central Evangelical church, Miss Marilyn Hopley Moyer became the bride of Mr. Robert Leslie Mowry of Palos Verdes. Rev. Walter Morris of Pasadena officiated in the presence of a large group of relatives and friends of the principals. Dr. Morris was assisted by Rev. H. Wesley Roloff.

Given in marriage by her father, the bride was attired in a gold crepe dressmaker suit with contrasting accessories. She carried an orchid and stephanotis corsage on a white Bible. An effective feature of the rites was a pretty candle-lighting ceremony in which the Misses Beverly and Patricia Whitney, Job's Daughters officers, participated.

Miss Barbara Moyer, in dusty rose, attended her sister as maid of honor, while Mrs. C. R. Lingo of San Diego was matron of honor. Her costume was powder blue with matching accessories and each attendant carried a bouquet of pink carnations and blue delphinium. Robert Isaacs served as the bridegroom's attendant and C. R. Lingo and John Schwartz ushered. Mrs. Paul Findley played the wedding marches and the accompaniment for her daughter, Miss Irene Findley.

Recent guests of the Loto B. Buckleys were Mr. and Mrs. S. Gilchrist who arrived Sunday from Oklahoma City.

The bride is the daughter of Mr. and Mrs. W. C. Moyer of 1635 Post ave., while her husband is the son of Mr. and Mrs. G. L. Mowry. He leaves next week to start Naval Reserve training. A reception was held at the Moyer home and later Mr. and Mrs. Mowry left for a honeymoon at Big Bear. Mrs. Moyer received her guests in blue crepe complemented with a pink carnation corsage, while Mrs. Mowry chose a white suit and wore gardenias.

Exchange Wedding Vows

MR. and MRS. JAMES RAY ROGERS

First Evangelical Lutheran church was the setting for a beautiful wedding ceremony performed last Friday evening when Miss Anna C. Bay became the bride of Mr. James Ray Rogers of Santa Monica. Rev. F. D. Meehling officiated in the presence of 100 friends of the principals.

Given in marriage by her father, the bride was lovely in a beige suit with blue accessories and she carried a corsage of yellow Gloria roses on an heirloom prayerbook. Miss Leah Bratton, as maid of honor, and Miss Helen Bay, bridesmaid, wore blue suits and carried white prayerbooks with corsages of red roses. Bob Perill of Venice and Joe Bay, brother of the bride, attended the bridegroom while Francis Drake of Santa Monica and Charles McArthur of Redondo Beach ushered.

Preceding the ceremony, Mrs. Glenn Arrasmith played the wedding march and accompaniment for Miss Dorothy Leetz who sang. A reception for 50 followed at the home of the bride's parents. At the buffet table the Misses Nadine Laws of Santa Paula and Leah Bratton poured.

Mrs. Bay received her guests in silk redingote costume complemented with a gardenia corsage. The bride was a Torrance high school Summer '40 graduate and later completed a course in cosmetology. Mr. and Mrs. Rogers left for Kansas City where they will visit his parents. They will return in two weeks to make their home in Venice.

JUNK needed for War

In the attics and cellars of homes, in garages, tool sheds, and on farms, is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Old radiators, lengths of pipe, refrigerators, garbage pails, broken garden tools...

It may be rusty, old "scrap" to you, but it is actually refined steel, with most impurities removed—and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

Even in peacetime our Nation relied on scrap to provide about 50% of the raw material for steel. Now production of steel has gone up, UP, until today America is turning out as much steel as all the rest of the world combined.

But unless at least 6,000,000 additional tons of scrap steel is uncovered

promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns, and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead, and tin.

America needs your active assistance in rounding up these materials. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help?

First—collect all your waste material and pile it up. Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

JUNK MAKES FIGHTING WEAPONS

One old radiator will provide scrap steel needed for seventeen .30 calibre rifles.

One old lawn mower will help make six 3-inch shells.

One useless old tire will provide as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

MATERIALS NEEDED

- Scrap iron and steel. Other metals of all kinds. Old rubber. Rags, Manila rope, burlap bags.

Waste Cooking Fats—Strain into a large tin can and when you get a pound or more, sell to your meat dealer.

NEEDED ONLY IN CERTAIN LOCALITIES! Waste paper and tin cans, as announced locally. NOT NEEDED at this time: Razor blades—glass.

A SPIC AND SPAN— BUT THRIFTY—WARDROBE

No—it doesn't cost a small fortune to have an absolutely spic and span wardrobe. We've shown hundreds of families how to do it thriftily. Our Dry Cleaning Service is the answer. We do fine work and we always keep our prices modest. Why not get acquainted with us real soon?

What are you doing Tomorrow?

It's quite likely that you don't need any gas or oil tomorrow. Oddly enough, that's just the reason I wish you would come in and see me tomorrow. You see, you're probably driving less now. A few months ago you probably came in about once a week for gas and oil. And when you did, I checked your tires and the water in your battery. And here's the point. Even if you don't drive much now—your tires and your battery should be checked every week. So here's my suggestion. Drive in tomorrow, tell your Standard Service Man that you don't need gas or anything, but that you want the battery and tires checked. Then, next week, on the same day, come on in again. Get in the habit of checking tires and battery once every week—gas or no gas. Shall we start tomorrow?

Caps are being Worn this year!

I'm thinking of those little metal caps that fit over the tire valves of your car—and they're a lot more important than most people think. They not only keep dirt out of the valve, but they're the only real protection against sudden valve leakage, and hold up to 250 pounds of pressure. I suggest that you ask your Standard Service Man to replace any that are missing. They cost only a few cents and may save a tire.

Too Much Lubrication can Ruin Your Car!

By all means have your car greased every 1000 miles! But too much grease in some points can cause as much trouble as if it hadn't been greased at all. That's where scientific lubrication comes in. Oil carefully applied as a wrong product can ruin the ignition system—too much grease can wreck brakes. Play safe by having your car greased by trained Standard Service Men.
