### All-Woman Jury Convicts Nyland

Found guilty of assault and battery on Leonard U. Lee, a fellow-Columbia Steel worker, by a jury of 12 local women late last Thursday afternoon, Steve Nyland of 20430 Hawthorne blvd., was fined \$75 and given a 90-day jail sentence suspended one year by Judge Otto Willett last Saturday.

The all-woman jury was only out 15 minutes after receiving the case. The altercation between Nyland and Lee occurred on the night of Jan 21 as the men were leaving the plant after their shift. Both were represented by counsel. Members of the jury were Mesdames Wilhelmina N. Bishop, foreman; Hazel Nourse, Anna Batsch, Isabel Tolson, Margaret Felker, Selma Keefer, Emma Appenzeller, Eloda Barkdull, Lucille Araq, Helen Dietlin, Merle Youngken and Jean Guyan.

Mrs. L. C. Miller was a guest at the Friday Morning Club in Los Angeles when Dr. Henley of U. S. C., spoke on "The World Tomorrow."

ON THE NORTHWEST FRONTIER—American soldiers in this Indian village on the Alcan Highway to Alaska take a taste of Army life of the old frontier days. The difference is that today radio communication and mechanized equipment speed things up over the trails of pony express riders and packhorse drivers of a century ago. ### Dalton Named State Labor Head

John F. Dalton, member of the Los Angeles city board of education and president of the Los Angeles Typographical Union for the last 18 years, was named state labor commissioner by Gov. Warren Tuesday. Dalton, a Democrat, replaces H. C. Carrasco in the \$5000 a year job.

Dalton in 1927 and 1928 was president of the California State Federation of Labor and has been president twice of the Los Angeles city board of education during his eight years on the elective body.

Former Governor C. C. Young named Dalton to the special commission which drew up plans for the state employees retirement system. As state labor commissioner, Dalton will head the state division of labor statistics and law enforcement.

### State Game Farms Plant 500,511 Birds

The state game farms at Yountville and Los Serranos have produced and distributed 500,411 birds since inception of the present game farm program in 1926, according to the report of August Bade, chief of the bureau of game farms.

Of the total number of birds released from the farms, 362,207 were pheasants, 50,752 partridges, 1,975 turkeys, 4,844 doves, and 80,833 quail.

Kern county received the largest plant of birds, a total of 43,922. Fresno was second with 35,072. Shasta county received 32,197, Los Angeles 31,198, Sacramento, 29,316, Glen 28,886, and San Joaquin 25,163.

Labor shortages cost California a loss of crops worth at last \$6,110,000 in 1942, the cooperative crop reporting service has estimated.

### 55,000 STEEL WORKERS IN WAR FORCES

More than 55,000 employees of United States Steel Corporation and subsidiary companies, the equivalent of nearly four full Army divisions, are serving in the military forces of the United States Army and Navy, including the WAVES, WAACS and SPARS, and most of this country's principal allies—even the Chinese air force—are manned or "womaned" by at least one former U. S. Steel employee. The production front was not neglected; on the contrary, U. S. Steel produced 21,064,157 net tons of finished steel products during 1942, averaging 102.6 per cent of rated capacity.

One single subsidiary has had an employee enter the armed forces every 25 minutes since Pearl Harbor. A total of 25,285 of this subsidiary's 115,000 production soldiers have laid down the tools of industry and shouldered the tools of war.

Mr. and Mrs. Ralph A. Anderson of 226 S. Dominguez ave. were entertained at dinner recently at the home of Mr. and Mrs. Lawrence Anderson. The occasion marked the Torrance residents' 10th wedding anniversary.

### Abalone Grade Crossing Plans May Be Dropped

If the city goes ahead with plans to open the present one-way Abalone st. beyond the Doak Aircraft and D. & M Machine Shop plants by installing a grade crossing over the Pacific Electric tracks it will cost approximately \$2225, the city council was informed Tuesday night. The Pacific Electric estimates the cost of installing the grade crossing at \$1200, while City Engineer Glenn Jain reported at least \$1025 more would have to be expended by the city to bring the street up to grade and install a culvert.

The council indicated that the grade crossing project may be sidetracked now because recent enlargement of parking lots for both D & M and Doak employees has removed most of the parked cars along Abalone and the Army, which first urged installation of the crossing, is now no longer demanding it be installed. Police Chief John Stroh reported.

### Hawthorne Woman Hurt In Collision

A Hawthorne woman was injured in a collision Saturday morning at Hawthorne and Lomita blvds. She was Eadie Lester, 42, who was taken to Torrance Memorial hospital for treatment.

Harry M. Taylor, 42, of Hermosa Beach, was making a left-hand turn into Lomita blvd., and apparently did not see a car driven west on the same street by John H. Munder, 37, of Hawthorne, according to reports given local police.
