

WHERE THEY LEARN—One of the busiest departments of the National Supply plant here is the school for new women workers shown above. Operated on the regular three shifts, the school

accommodates about 60 trainees every 24 hours. The students learn how to operate machinery under skilled instructors and then move into the main plant to start producing for victory.

Autoists to Get New 'A' Gas Book by Mail

Motorists will be allowed to renew their "A" gasoline rationing books by mail, it was announced this week. Renewals of "D" coupon books for motorcycles also will be handled by mail.

Announcing adoption of this system, Price Administrator Prentiss M. Brown said it is intended to save the public time and trouble by eliminating the necessity of another registration at school or ration board sites. Mail distribution previously had been ordered for issuance of war Ration Book No. 3 and for renewal of fuel oil rations.

Expires July 21
Except in Eastern states, the "A" ration books will expire July 21. In the East, the books

will last longer because O.P.A. due to the gasoline shortage, directed that "A-5" coupons must last for four months instead of two as elsewhere.

Plans call for distribution to service stations about June 22 of renewal application forms. After getting one, the motorist need only fill it out and mail it to his War Price and Rationing Board with the signed back cover of his present "A" book and his current tire inspection record showing that proper inspections have been made.

Mail Out Books
"Boards will begin processing these applications as soon as they start coming in," O.P.A. said, "so that all new 'A' books should be mailed out and in the hands of motorists before July 21. However, to be sure of getting a new 'A' book by the time the old one expires motorists should act promptly in filing their applications. The mail renewal plan does not apply to supplementary gasoline rations, that is the "B" and "C" books.

CALIFORNIA SPEAKS!

Significant Statements by Interesting Californians

ROBERT G. SPROUL, Presl. U.C., Berkeley—"Too long we have been telling our best young people that politics is a dirty business. But democracy can survive only through responsible leadership, and the State university in the future, will, I hope, help to produce such leadership."

PHILIP MURRAY, C.I.O. pres., in Calif.—"Labor unions will continue to live only so long as they behave themselves and quit going around beating everybody on the head simply because they have the strength to do it. The same applies to business."

ALFRED STETTLER, Rose enthusiast, S.F.—"If you can get a rose with good habits that will grow all over the world,

named after you, you will be immortalized."

HERBERT HOOVER, Palo Alto.—"American boys today are showing extraordinary endurance in hardship and magnificent courage in battle. They are the best the world has ever produced—the product of democracy, unregimented individualists. This war will be won by the much defamed rugged individualism."

GEO. STOUT, State Liquor Administrator—"The nation is unconsciously drinking itself dry since distillers are making industrial products instead of hard liquor. It amounts to prohibition without a vote."

With current production of warplanes passing the 6000-a-month mark, it is recalled that only one American-made airplane reached the fighting front in the first year of the last war.
