MILLED fresh DAILY
in our kitchens

RETAINS THE FOOD VALUE AND FLAVOR OF THE ENTIRE GRAIN!

Freshly-ground wheat, like freshly-ground coffee, assures a marvelous flavor. Best of all, fresh grinding just before baking-time enables us to retain the small but vital germ which is ordinarily removed in milling processes because its oiliness would soon spoil the flour. Van de Kamp's 100% Whole Wheat "Krinkko" Bread gives you all the vitamins and food minerals of wheat in the forms, quantities, and proportions provided by nature.
